NOTE 1 - DESCRIPTION OF PLAN

The following description of the Sedgebrook / Monarch 401k Plan ("Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Lincolnshire Senior Care, LLC d/b/a Sedgebrook and Naperville Senior Care, LLC d/b/a Monarch Landing ("Companies") who have three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute pre-tax compensation up to a maximum dollar limit as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a number of pooled separate accounts and more than one collective investment trusts as investment options for participants. The Companies match 50% of a participant's contribution, up to a total matching contribution equal to 3% of base compensation for participants with at least one year of service. The Companies may elect to make a discretionary contribution. No discretionary contribution was made for 2016 or 2015. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Companies' contributions and allocated plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of service. A participant is 100% vested after four years of credited service.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. For the year ended December 31, 2016 and 2015, all loans had an interest rate between 5.25% and 5.50%. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN – (CONTINUED)

Payment of Benefits
Termination of service due to death, disability, retirement, or other reasons, the participant or beneficiary may elect to receive a lump-sum payment, installment annuity payments, or have the payment made as a direct rollover to a qualified retirement account. The Plan permits involuntary distributions of terminated participants' account balances of $5,000 or less.

Forfeited Accounts
During 2016 and 2015, $6,672 and $2,287 of forfeited non-vested accounts were used to reduce employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan's management determines the Plan's valuation policy utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payments of Benefits
Benefits are recorded when paid.

Excess Contribution Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Expenses
Certain expenses incurred maintained by the Plan are paid directly by the Companies and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

For 2016 and 2015, the following information included in the accompanying financial statements was derived from information certified as complete and accurate by the custodian in accordance with 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

- Participant directed investments, at fair value
- Investment activity
- Schedule of assets held at year end

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the net asset value of units held by the Plan at year end which is based on the market value of the underlying investments. The pooled separate accounts themselves are not listed on public exchanges.

Collective Trust Funds: Value is determined using a discounted cash flow methodology where the individual contract cash flows are discontinued at the prevailing interpolated yield curve rate as of year-end.

NOTE 4 - FAIR VALUE MEASUREMENTS – (CONTINUED)

All of the Plan's assets are measured at fair value and based upon NAV and accordingly do not fall within the fair value categorizations. At December 31, 2016 and 2015, they are as follows:

	December 31,	
	2016	2015
Total investments measured at NAV*	$ 4,691,072	$3,851,382
Investments at Fair Value	$ 4,691,072	$3,851,382

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient
The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2016

Investment Category	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 1,394,073	None	Daily	Daily
Collective Trust Fund	3,296,999	None	Daily	Daily
	$ 4,691,072			

December 31, 2015

Investment Category	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 3,802,896	None	Daily	Daily
Collective Trust Fund	48,486	None	Daily	Daily
	$ 3,851,382			

NOTE 5 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Trustees have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments held in the Plan's pooled separate accounts are managed by the custodian. Any fees paid by the Plan for management services are included in net appreciation in fair value of investments. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

NOTE 7 - TAX STATUS

The prototype plan document used by the Plan obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Companies believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2016.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various market securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 2016 and 2015, to Form 5500:

	December 31, 2016	December 31, 2015
Net assets available for benefits per financial statements	$ 4,874,045	$ 3,940,684
Excess contributions	-	11,276
Net Assets Available for Benefits per Form 5500	$ 4,874,045	$ 3,951,960

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the form 5500 for the year ended December 31, 2016:

Increase in net assets per financial statements	$ 933,361
Prior year corrective distributions	(11,276)
Increase in Net Assets per Form 5500	$ 922,085

NOTE 10 - SUBSEQUENT EVENTS
