To the Trustees and Participants of the
Walgreen Major Medical Expense Plan:

We have audited the accompanying statements of net assets available for benefits and of Plan's benefit obligations of the Walgreen Major Medical Expense Plan (the "Plan") as of August 31, 2009 and 2008, and the related statements of changes in net assets available for benefits and in Plan's benefit obligations for the year ended August 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of August 31, 2009 and 2008, and the changes in its financial status for the year ended August 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

WALGREEN MAJOR MEDICAL EXPENSE PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF AUGUST 31, 2009 AND 2008, AND FOR THE YEAR ENDED AUGUST 31, 2009

1. DESCRIPTION OF THE PLAN

General—The following description of the Walgreen Major Medical Expense Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

The Plan established by Walgreen Company (the "Company") on December 1, 1971, is a contributory defined benefit plan that provides eligible employees, retirees and their families with coverage for health care expenses. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Northern Trust Company (the "Trustee") is the trustee of the Walgreen Company Health & Welfare Benefit Trust (the "Master Trust"). Assets of the Plan are invested in the Master Trust and are held by the Trustee. The Trust was terminated effective 8/31/09 and assets were disbursed.

Blue Cross/Blue Shield of Illinois and United Healthcare (the "Administrative Agents") pay certain health benefits under the Plan, and the Plan then reimburses the Administrative Agents for such benefit payments. The Plan also pays premiums to various health maintenance organizations ("HMOs") for other group health benefits in certain areas of the country.

Benefits—The Plan provides for medical benefits to employees of the Company and to employees who retire from the Company at age 55 with at least 25 years of service. Benefits paid for retirees over age 65 from this Plan are reduced by any benefits that are paid or payable by Medicare Parts A and B. The Plan has a ceiling for lifetime maximum benefits to participants based on years of service to the Company and enrollment election. Employees hired by the Company after December 31, 2001, are not eligible for postretirement medical benefits with the exception of Local 648 Welfare Trust employees. In May 2009 the Company announced changes that would reduce the number of employees qualifying for retiree medical benefits in addition to the eligibility requirements listed above. In order to be eligible for postretirement benefits, nonunion, mainland, active employees must be at least 40 or have 50 combined age and years of service points as of January 1, 2010.

Contributions—Contributions are made by the Company in amounts determined by the plan administrator to meet funding requirements. The Plan also provides that active employees contribute through pre-tax payroll deductions. Premium rates charged to active and retiree participants electing coverage in a preferred provider organization are set each year. Premium rates charged to active and retiree participants electing coverage in an HMO option are set based on the difference between the actual premium charged by the HMO and a predetermined employer contributory rate. The rates for participants receiving Consolidated Omnibus Budget Reconciliation Act ("COBRA") benefits are based on 102% of the total premium

The Plan's deficiency of net assets over benefit obligations at August 31, 2009 and 2008 relates primarily to the postretirement benefit obligation and it is expected that the deficiency will be funded through future increases in contributions of the Company and of active employees and retirees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, claims incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

Claims Incurred but Not Reported—The Plan's liability for incurred but unreported claims is estimated by the Company using historical claims data provided to the Company by the Administrative Agents.

Administrative Expenses—Certain legal expenses incurred in the administration of the Plan paid by the Company are not included in these financial statements. Remaining expenses are paid by the Plan.

Investment Valuation—The Plan's investment in the Master Trust is presented at fair value based on the value of the underlying securities. Investments of the Master Trust are held in The Northern Trust Company Short-Term Investment Fund. The Northern Trust Company Short-Term Investment Fund is a collective trust that is valued based on the value of underlying securities. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The trust was terminated effective August 31, 2009.

Postretirement Benefits—The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired employees and their dependents, (b) active employees and their dependents after retirement from service with the Company, (c) Puerto Rico current retirees and their dependents, (d) Puerto Rico active employee and their dependents after retirement from service with the Company, (e) Local 648 Welfare Trust current retirees and their dependents and (f) Local 648 Welfare Trust active employees and their dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service rendered to the valuation date with consideration of plan modifications. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Company and from existing plan assets.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by Medicare, the retired participant, and other providers.

In May 2009 the Company also changed the plan design for the grandfathered group (employees with 70 combined age/years of service points as of January 1, 2006) to mirror the plan design of the non-grandfathered group. This change resulted in approximately $70,000,000 reduction in the postretirement benefit obligation.

For measurement purposes at August 31, 2009 and 2008, 8.00% and 8.50% annual rates of increase in the per capita cost of covered health care benefits was assumed for 2009 and 2008, respectively; the rate was assumed to decrease gradually over a five-year period to 5.25% for 2009 and over a six-year period to 5.25% for 2008.

The health care cost-trend assumption has a significant effect on the amounts reported. If the average rates for the years ended August 31, 2009 and 2008, increased by one percentage point in each year, the obligations as of August 31, 2009 and 2008, would increase by approximately $4,122,926 and $12,392,365 respectively.

Other significant assumptions used in the valuation were as follows:

- Weighted average discount rate of 6.15% and 7.30% as of August 31, 2009 and 2008
- Life expectancy of participants is based on the RP-2000 Combined Health Mortality Table, projected to 2016 for participant receiving benefits and 2024 for participants expected to receive future benefits, using projection scale AA

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of postretirement benefit obligations.

3. INTEREST IN MASTER TRUST

All of the Plan's investment assets are held in a trust account at The Northern Trust Company and consist of an undivided interest in an investment account of the Walgreen Company Health & Welfare Benefit Trust ("Master Trust"), a master

trust established by the Company and administered by the Trustee. Use of the Master Trust permits the commingling of trust assets with the assets of the Walgreen Dental Plan. The trust was terminated effective August 31, 2009

The investments of the Master Trust at August 31, 2009 and 2008 are summarized as follows:

	2009	2008
The Northern Trust Company—Short-Term Investment Fund	$ -	$29,306,252
Total Interest in Master Trust	$ -	$29,306,252
Plan's Investment in Master Trust	$ -	$27,271,252
Plan's Percentage Interest in Master Trust	0%	93 %

The net investment earnings of the Master Trust for the year ended August 31, 2009, were $17,905, and consisted entirely of interest income.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA.

5. TAX STATUS

The Master Trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code ("IRC") and, accordingly, the Master Trust's net investment income is exempt from income taxes. The Master Trust has obtained a favorable tax exemption letter dated December 7, 1982, from the Internal Revenue Service, and the Plan Sponsor believes that the Master Trust, as amended, continues to qualify and to operate in accordance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. RELATED PARTY TRANSACTIONS

The Master Trust invested in the Northern Trust Company Short-Term Investment Fund. The Northern Trust Company is the trustee as defined by the Plan.

The Company provides certain administrative services to the Plan for which it was paid $1,881,473 for the year ended August 31, 2009.

7. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in

the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of August 31, 2009 and 2008:

	2009	2008
Net assets available for benefits per the financial statements	$ 934,863	$ 28,115,657
Amounts of claims incurred but not reported	(33,231,000)	(27,271,252)
Net assets available for benefits per the Form 5500	$(32,296,137)	$ 844,405

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended August 31, 2009:

Medical benefits paid to participants and providers and HMO premium payments per the financial statements	$620,173,765

Less amounts of claims incurred but not reported at August 31, 2008	(27,271,252)
Medical benefits paid to participants and providers per the Form 5500	$626,133,513

9. SUBSEQUENT EVENT

The Plan eliminated offering HMOs as a plan option (effective January 1, 2010).

The Company has evaluated subsequent events from August 31, 2009 through June 10, 2010, the date these financial statements were available to be issued. Except as described above, there were no subsequent events that require recognition or additional disclosure in these consolidated financial statements.
