Independent Auditors' Report

The Administrative Committee
Ben Hill Griffin, Inc. Employees'
Profit Sharing Plan:

We have audited the accompany statements of net assets available for benefits of Ben Hill Griffin, Inc. Employees' Profit Sharing Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's administrative committee. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Ben Hill Griffin, Inc. Employees' Profit Sharing Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years ended December 31, 2009 and 2008 in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(1) Description of Plan

(a) General

The Board of Directors of Ben Hill Griffin, Inc. (the Company) adopted the Ben Hill Griffin, Inc. Employees' Profit Sharing Plan (the Plan) effective November 1, 1963 and executed a Trust Agreement to enable eligible employees to share in its profits. All employees of Ben Hill Griffin, Inc., who are employed on the last day of the plan year and employees who are separated from service during the year due to retirement or disability are classified as active participants in the Plan.

The Ben Hill Griffin, Inc. Employees' Profit Sharing Trust (the Trust), established by Trust Agreement executed on September 30, 1964, as amended, is intended to form a part of the Plan. The Plan and the Trust are intended to meet the needs of the Company and the requirements of Sections 401(a) and 501(a) of the Internal Revenue Code of 1954, as amended by the Employee Retirement Income Security Act of 1974.

SunTrust Bank, N.A. serves as trustee and Trusco Capital Management (a subsidiary of SunTrust Bank, N.A.) serves as investment manager. In this capacity, they have custodial responsibilities and make investment decisions within the guidelines established by the "Statement of Investment Policy, Objectives and Guidelines".

(b) Contributions

The amount of the Company's contribution is determined annually by its Board of Directors.

(c) Participant Accounts

Each active participant's account is credited with an allocation of the Company's contribution as well as forfeitures of terminated participants' nonvested accounts upon distribution of the terminated participants' vested portion. Each active and inactive participants' account is credited or debited with an allocation of Plan earnings or losses. Allocations of forfeitures and the Company's contribution are based on participants' earnings. Plan earnings or losses are allocated based on participants' account balances.

(Continued)

(1), (Continued)

(d) Vesting

Vesting in participants' accounts who are credited with at least 500 hours of service annually, is as follows:

Years of Service	Vesting Percentage
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

Participants are fully vested in equity transferred from other qualified plans, plus earnings thereon.

(e) Payment of Benefits

Upon entitlement to payment of benefits, a participant may elect to receive either a lump sum amount equal to the value of their account, periodic installments of substantially equal amounts over a period not to exceed twenty years or nonperiodic amounts over a period not to exceed the life expectancy of the participant and a designated beneficiary.

(f) Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(g) Forfeitures

Forfeitures of terminated participants' nonvested accounts for the years ended December 31, 2009 and 2008 totaled $48,700 and $42,255, respectively. At December 31, 2009 unallocated forfeitures of terminated participants totaled $50,788.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

(b) Investment Valuation, Income Recognition and Fair Value Measurements

Investments are stated at their quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Appreciation or depreciation in the value of investments is reflected in the statements of changes in net assets available for benefits.

The methods used to measure the fair value of investments may produce amounts that may not be indicative of their net realizable value.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of investments. Level 1 inputs have the highest priority and are used when quoted prices in active markets for identical assets are available. Levels 2 and 3 inputs are used for investments that do not meet Level 1 measurement criteria. The investments shown on the accompanying Statements of Net Assets Available for Benefits have been valued using Level 1 inputs.

(c) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles may require use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(3) Contributions Receivable from Ben Hill Griffin, Inc.

The Company's contributions for 2009 and 2008 were equal to 3.5% and 7.0%, respectively, of participants' allowable earnings.
