401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009

1. DESCRIPTION OF THE PLAN:

The following description of the Tait & Associates, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General:

The Plan is a defined contribution plan covering all employees of Tait & Associates, Inc. and Tait Environmental Services, Inc. (together referred to as "the Company"), who have completed three months of service and attained the age of 19 years. The Plan has an Internal Revenue Code 401(k) feature and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective November 1, 1977, and was amended effective November 1, 2006. The amendment added coverage to Tait Environmental Services, Inc. (TES) employees, who were previously covered as employees of Tait & Associates, Inc., when TES was a division of Tait and Associates, Inc. (prior to October 1, 2006). The Plan's Trustee and Administrator were also changed at the time of the amendment. The Trustee of the Plan is currently JP Morgan Chase Bank, N.A., Jim Streitz serves as the Plan Administrator. The Company has contracted with ADP, Inc. Retirement Services to provide administration services and Merrill Lynch Bank & Trust Co., FSB to provide custodial services for the Plan's assets.

b. Contributions:

Each year, participants may make an elective pretax contribution to the Plan not to exceed 70% of the participant's annual compensation or the allowable limits established by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make matching contributions equal to a discretionary percentage, to be determined annually by the Company, of the participants' payroll contributions, for participants employed by the Company as of the end of the Plan year. For 2009, that percentage was 25% of the first 6% of compensation contributed by each participant, not to exceed $1,500. Participants direct the investment of their contributions and matching contributions into various investment options offered by the Plan. The Plan currently offers thirty mutual funds, held in pooled separate accounts, and a common/collective trust as investment options for participants.

c. Participant Accounts:

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined.

1. DESCRIPTION OF THE PLAN (CONTINUED):

d. Administrative Expenses:

Administrative expenses related to investment contract administrative fees and transaction fees are paid by the Plan. These expenses are allocated to the participants to whom such services are provided. Third-party administration, legal, accounting, custodial and consulting fees, are paid by the Company and, therefore, are not included in the financial statements of the Plan. Forfeitures in the Plan are credited to the Company and may be used to reduce the Company's matching contributions.

e. Vesting:

Plan participant's pretax voluntary contributions are 100 percent vested at all times. Plan participants are 100 percent vested in the accumulated Company contributions on the date the employee shall have completed six years of service, attained the age of 65 years or has retired from the Company as provided in the Plan. The following chart details vesting percentages as they relate to years of service.

Years	Percent Vested
0-1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100%

f. Participant Loans:

Participants may borrow from their fund accounts any amount up to a maximum of 50% of their vested account balance. However, a participant loan can be no greater than $50,000 minus the participant's highest outstanding loan amount during the prior 12 months. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably at least quarterly and must be repaid within five years, except for loans used for the purchase of a primary residence.

1. DESCRIPTION OF THE PLAN (CONTINUED):

   g. Payment of Benefits:

      For any type of termination, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

   h. Forfeitures:

      Forfeitures result from termination of employment before full vesting has occurred. The amount that is not vested is forfeited by the participant and is available for credit to the Company. For the year ended December 31, 2009 forfeitures totaled $23,384, and were used to fund a portion of the 2009 matching contribution after the end of the Plan year.

   i. Termination of the Plan:

      Although it has not expressed any intent to do so, the Company reserves the right to change or discontinue the Plan in whole or in part at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. SUMMARY OF ACCOUNTING POLICIES:

   a. Basis of Accounting:

      The accounting records of the Plan are maintained on the modified cash basis of accounting. The financial statements herein include all material adjustments to place them on the accrual basis of accounting.

   b. Investment Valuation and Income Recognition:

      The common/collective trust account is stated at fair value. The pooled separate accounts are stated at fair value based on quoted market prices, which represent the net asset value of the shares held by the Plan at year end. (See Note 4).

      Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized gains or losses include the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED):

   c. Cash and Cash Equivalents:

      Cash and cash equivalents consists of cash and highly liquid, short-term investments with original maturities of three months or less.

   d. Estimates:

      The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. FEDERAL INCOME TAX STATUS:

   The Plan obtained its last determination letter from the Internal Revenue Service on June 29, 1993. At that time, the Plan was deemed to be designed to satisfy the qualification requirements, and consequently the related trust appeared to satisfy the tax exempt requirement of the Internal Revenue Code. The Plan administration and tax counsel believe that the Plan is currently designed and being operated in compliance with the qualification requirements of the Internal Revenue Code, and the related trust was tax exempt as of the financial statement date. The Plan is required to file Form 5500, Annual Return/Report of Employee Benefit Plan. For the year ended December 31, 2009 there are no adjustments necessary to reconcile the financial statements to Form 5500.

4. FAIR VALUE MEASUREMENTS:

   The Financial Accounting Standards Board establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

4. FAIR VALUE MEASUREMENTS (CONTINUED):

Level 1 Fair Value Measurements - The fair value of mutual funds held in pooled separate accounts is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements - Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The Merrill Lynch Retirement Preservation Trust is a common/collective trust selected by plan fiduciaries. The Trust invests in Guaranteed Investment Contracts and Money Market Instruments, and it is not actively traded and significant other inputs are not available. Thus, the fair value of the common/collective trust held by the Plan is provided by its trustees.

The Plan's investments, reported at fair value in the accompanying Statement of Net Assets Available for Benefits, are as follows:

As of December 31, 2009

		Fair Value Measurements Using

Thirty Pooled Separate Accounts (PSAs) and one Common/Collective Trust that are managed by Merrill Lynch Bank & Trust Co., FSB are available to Plan participants. The assets underlying each PSA are the property of Merrill Lynch Bank & Trust Co., FSB. The Plan's number of shares in each PSA represents its rights to the underlying assets (mutual funds). Each PSA maintains its own investment objective and are multi-asset, multi-managed investment portfolios that offer different degrees of risk/return characteristics. The Common/Collective Trust invests in Guaranteed Investment Contracts and Money Market Instruments.
