INDEPENDENT AUDITORS' REPORT

To the Trustees of the
QVI Profit Sharing Retirement Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the QVI Profit Sharing Retirement Plan (the "Plan") as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2009 and schedule of reportable transactions for the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by TIAA-CREF Trust Company, FSB, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. As disclosed in Note 3, the plan administrator has obtained certifications from the custodian regarding the completeness and accuracy of the investment information provided to the plan administrator by the custodian as of and for the years ended December 31, 2009 and 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

QVI PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

Note 1 **Description of Plan**

The following description of the QVI Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined contribution plan covering all employees of Quality Vision International, Inc., Optical Gaging Products, Inc., View Micro-Metrology, Inc. and Quality Vision Services, Inc. (the "Companies"), who are 18 years of age or older, employed on the last day of the Plan year and who have worked at least 1,000 hours during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Companies contribute to the Plan such amounts, if any, as the Companies' Board of Directors shall at their discretion determine. Contribution amounts declared but unpaid at year end are recorded as employers' contribution receivable. Participants may elect to transfer a portion of the QVI Profit Sharing Retirement Plan contribution to their QVI 401-k Plan account. The amount eligible for transfer is equal to the lesser of the participant's 401-k contribution for the Plan year or the participant's total share of the employer contribution under this Plan for the Plan year. Participant directed transfers to the 401-k Plan amounted to $277,896 and $407,323 in 2009 and 2008, respectively. In 2008, the Companies funded $50,000 of the transfers from forfeitures in the 401-k Plan. Transfers to the 401-k Plan are reflected as a liability in the accompanying statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with an allocation of: (1) the Companies' contributions, (2) Plan earnings, and (3) forfeitures of terminated participants' non-vested accounts and reduced by the transfer of the Companies' current year contribution to the QVI 401-k Plan and administrative expenses. Allocations are based on the participants' relative earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants become fully vested in their employer contribution account upon completion of six years of service. The Plan provides for partial vesting in the employer contributions account of 20% after two years, 40% after three years, 60% after four years, 80% after five years and 100% after six years of service.

Forfeitures

Forfeitures are reallocated to Plan participants annually based on participant's salary. There were no unallocated forfeitures as of December 31, 2009 and 2008. Forfeitures allocated to participants amounted to $39,121 and $82,703 in 2009 and 2008, respectively.

Note 1 **Description of Plan - Continued**

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, disability, death, and termination benefits for those participants who are eligible to receive such benefits.

Upon qualifying for a distribution, a participant may elect to receive: (1) a lump sum amount equal to the value of his or her account, (2) annual installments over a period of time not longer than the participant's or beneficiaries' life expectancy, (3) an annuity payable over the lives of the participant and spouse or beneficiary, or other variations of these choices as described in the Plan agreement.

Plan Termination
Although it has not expressed an intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Tax Status
The Internal Revenue Service has determined and informed the Companies by a letter dated April 23, 2004, that the Plan and related trust are designed in accordance with applicable Sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Subsequent to year end, the plan has applied for a new determination letter.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting.

Date of Management's Review
In preparing the financial statements, management has evaluated all events and transactions for potential recognition or disclosure through July 8, 2010, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 2 **Summary of Significant Accounting Policies - Continued**

Investment Valuation and Income Recognition - Continued

The Plan follows the fair value measurement guidance presented by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Money Market Fund/Account: Valued at the net asset value of shares held by the Plan at year end.

Mutual Funds: Valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Note 2 **Summary of Significant Accounting Policies - Continued**

Investment Valuation and Income Recognition - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2009		
	Level 1	**Level 2**	**Total**
Money Market Fund/Account	**$ -**	**$ 7,966**	**$ 7,966**
Mutual Funds	**27,142,463**	**-**	**27,142,463**
	$ 21,142,463	**$ 7,966**	**$ 27,150,429**

	Assets at Fair Value as December 31, 2008		
	Level 1	**Level 2**	**Total**
Money Market Fund/Account	$ -	$ 43,246	$ 43,246
Mutual Funds	20,955,472	-	20,955,472
U.S. Treasury Obligations	617,912	-	617,912
	$ 21,573,384	$ 43,246	$ 21,616,630

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Costs related to administering the Plan may be paid by the Companies. Administrative expenses not paid by the Companies shall be paid by the Plan.

Note 3 **Certified Information**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF Trust Company, FSB, ("TIAA-CREF") the custodian of the Plan, has certified to the completeness and accuracy of all investments and accrued interest and dividends reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008 (excluding the JP Morgan Chase Money Market amounting to $6,304 and $17,673 as of 2009 and 2008, respectively), schedule of assets (held at end of year) (excluding JP Morgan Chase Money Market), as of December 31, 2009, the related investment activity reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008 (excluding interest income related to the JP Morgan Chase Money Market amounting to $94 in 2009 and $1,809 in 2008) and the schedule of reportable transactions for the year ended December 31, 2009.

***Note* 4** **Investments**

The following table presents the fair value of the investments that represent five percent or more of the Plan's net assets available for benefits as of December 31:

	2009	2008
Mairs & Power Growth Fund	**$ 8,252,776**	$ 7,021,858
PIMCO Commodity Real Return Strategy Fund	**2,752,910**	N/A

TIAA-CREF High Yield Institutional Bond Fund	**1,863,274**	1,637,315
TIAA-CREF Institutional Bond Fund	**N/A**	2,407,414

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) as follows:

	2009	2008
Mutual Funds	**$ 5,115,816**	$ (9,212,191)
U.S. Treasury Obligations	**54,420**	73,181
	$ 5,170,236	$ (9,139,010)

Note 5 **Related Party Transactions**

The Plan invests in shares of certain mutual funds managed by TIAA-CREF. TIAA-CREF is the custodian as defined by the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions.

INDEPENDENT AUDITORS' REPORT

To the Trustees of the
QVI Profit Sharing Retirement Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the QVI Profit Sharing Retirement Plan (the "Plan") as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2009 and schedule of reportable transactions for the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by TIAA-CREF Trust Company, FSB, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. As disclosed in Note 3, the plan administrator has obtained certifications from the custodian regarding the completeness and accuracy of the investment information provided to the plan administrator by the custodian as of and for the years ended December 31, 2009 and 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Respectfully Submitted,

QVI PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

Note 1 **Description of Plan**

The following description of the QVI Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined contribution plan covering all employees of Quality Vision International, Inc., Optical Gaging Products, Inc., View Micro-Metrology, Inc. and Quality Vision Services, Inc. (the "Companies"), who are 18 years of age or older, employed on the last day of the Plan year and who have worked at least 1,000 hours during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Companies contribute to the Plan such amounts, if any, as the Companies' Board of Directors shall at their discretion determine. Contribution amounts declared but unpaid at year end are recorded as employers' contribution receivable. Participants may elect to transfer a portion of the QVI Profit Sharing Retirement Plan contribution to their QVI 401-k Plan account. The amount eligible for transfer is equal to the lesser of the participant's 401-k contribution for the Plan year or the participant's total share of the employer contribution under this Plan for the Plan year. Participant directed transfers to the 401-k Plan amounted to $277,896 and $407,323 in 2009 and 2008, respectively. In 2008, the Companies funded $50,000 of the transfers from forfeitures in the 401-k Plan. Transfers to the 401-k Plan are reflected as a liability in the accompanying statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with an allocation of: (1) the Companies' contributions, (2) Plan earnings, and (3) forfeitures of terminated participants' non-vested accounts and reduced by the transfer of the Companies' current year contribution to the QVI 401-k Plan and administrative expenses. Allocations are based on the participants' relative earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants become fully vested in their employer contribution account upon completion of six years of service. The Plan provides for partial vesting in the employer contributions account of 20% after two years, 40% after three years, 60% after four years, 80% after five years and 100% after six years of service.

Forfeitures

Forfeitures are reallocated to Plan participants annually based on participant's salary. There were no unallocated forfeitures as of December 31, 2009 and 2008. Forfeitures allocated to participants amounted to $39,121 and $82,703 in 2009 and 2008, respectively.

Note 1 **Description of Plan - Continued**

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, disability, death, and termination benefits for those participants who are eligible to receive such benefits.

Upon qualifying for a distribution, a participant may elect to receive: (1) a lump sum amount equal to the value of his or her account, (2) annual installments over a period of time not longer than the participant's or beneficiaries' life expectancy, (3) an annuity payable over the lives of the participant and spouse or beneficiary, or other variations of these choices as described in the Plan agreement.

Plan Termination
Although it has not expressed an intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Tax Status
The Internal Revenue Service has determined and informed the Companies by a letter dated April 23, 2004, that the Plan and related trust are designed in accordance with applicable Sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Subsequent to year end, the plan has applied for a new determination letter.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting.

Date of Management's Review
In preparing the financial statements, management has evaluated all events and transactions for potential recognition or disclosure through July 8, 2010, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 2 **Summary of Significant Accounting Policies - Continued**

Investment Valuation and Income Recognition - Continued

The Plan follows the fair value measurement guidance presented by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Money Market Fund/Account: Valued at the net asset value of shares held by the Plan at year end.

Mutual Funds: Valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Note 2 **Summary of Significant Accounting Policies - Continued**

Investment Valuation and Income Recognition - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2009		
	Level 1	**Level 2**	**Total**
Money Market Fund/Account	**$ -**	**$ 7,966**	**$ 7,966**
Mutual Funds	**27,142,463**	**-**	**27,142,463**
	$ 21,142,463	**$ 7,966**	**$ 27,150,429**

	Assets at Fair Value as December 31, 2008		
	Level 1	**Level 2**	**Total**
Money Market Fund/Account	$ -	$ 43,246	$ 43,246
Mutual Funds	20,955,472	-	20,955,472
U.S. Treasury Obligations	617,912	-	617,912
	$ 21,573,384	$ 43,246	$ 21,616,630

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Costs related to administering the Plan may be paid by the Companies. Administrative expenses not paid by the Companies shall be paid by the Plan.

Note 3 **Certified Information**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF Trust Company, FSB, ("TIAA-CREF") the custodian of the Plan, has certified to the completeness and accuracy of all investments and accrued interest and dividends reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008 (excluding the JP Morgan Chase Money Market amounting to $6,304 and $17,673 as of 2009 and 2008, respectively), schedule of assets (held at end of year) (excluding JP Morgan Chase Money Market), as of December 31, 2009, the related investment activity reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008 (excluding interest income related to the JP Morgan Chase Money Market amounting to $94 in 2009 and $1,809 in 2008) and the schedule of reportable transactions for the year ended December 31, 2009.

***Note* 4** **Investments**

The following table presents the fair value of the investments that represent five percent or more of the Plan's net assets available for benefits as of December 31:

	2009	2008
Mairs & Power Growth Fund	**$ 8,252,776**	$ 7,021,858
PIMCO Commodity Real Return Strategy Fund	**2,752,910**	N/A

TIAA-CREF High Yield Institutional Bond Fund	**1,863,274**	1,637,315
TIAA-CREF Institutional Bond Fund	**N/A**	2,407,414

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) as follows:

	2009	2008
Mutual Funds	**$ 5,115,816**	$ (9,212,191)
U.S. Treasury Obligations	**54,420**	73,181
	$ 5,170,236	$ (9,139,010)

Note 5 **Related Party Transactions**

The Plan invests in shares of certain mutual funds managed by TIAA-CREF. TIAA-CREF is the custodian as defined by the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions.
