INDEPENDENT AUDITORS' OPINION

To the Administrative Committee of
the Rocknel Retirement and Savings Plan

We were engaged to audit the statements of net assets available for benefits and the supplemental schedules of the Rocknel Retirement and Savings Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect the information summarized in the Schedule of Assets Held at the End of the Year, which were certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 and 2008 financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Rocknel Fastener Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees of the Company who are not nonresident aliens, within the meaning of Code Section 7701(b)(1)(B), who receive no earned income, within the meaning of Code Section 911(d)(2), from the Company which constitutes income from sources within the United States, within the meaning of Code Section 861(a)(3), or who receives such earned income but it is all exempt from income tax in the United States under the terms of an income tax convention. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to 20% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts and guaranteed interest accounts as investment options for participants. Although discretionary, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan during 2009 and 2008. The Company does not match the employee's contribution until the employee has one year of service. The matching Company contribution is invested in the same direction as the employee's contributions. The plan was owed $7 in employer contributions for the year ended December 31, 2008. Nothing was owed to the plan as of December 31, 2009. Catch-up contributions are allowed for participants over the age of 50.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the appropriate Company's contribution for that participant and earnings (or losses) from investments. The participant's account is charged with an allocation of administrative expenses. Expense allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the members vested account balance, reduced by any outstanding loan balances. The term of the loans may not be more than 5 years, unless it is for the purchase of a member's principal residence. The loans are secured by the balance in the participant's account and bears interest at rates ranging from 4.25% to 9.25%, which is calculated at the bank's prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

PAYMENT OF BENEFITS AND WITHDRAWLS

A member may withdrawal any part of his vested account resulting from voluntary and rollover contributions. Payment of benefits may happen with a termination of service due to death, disability or retirement; a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or lifetime annuity installments. For terminations of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

FORFEITED ACCOUNTS

At December 31, 2009 and 2008, forfeited non-vested accounts totaled $1,223 and $972, respectively. This amount will be used to reduce future employer contributions. Also, in 2009 and 2008, employer contributions were reduced by $1,969 and $1,092, respectively, from forfeited non-vested accounts. Unallocated forfeitures are used to offset the first contribution made after the forfeiture is determined.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments in registered investment companies are reported at fair value based on the quoted market prices of the fund, which represent the net asset value of the shares held by the Plan at year-end. Shares held in the collective trust fund are reported at fair value based on the unit price quoted by the fund, representing the fair value of the underlying investments. Participant loans are stated at cost, which represents its fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses of the Plan are paid by either the Plan or Plan sponsor.

ADOPTION OF NEW ACCOUNTING PRINCIPLE

On September 15, 2006, the FASB issued Statement of Financial Accounting Strandard No. 157, *Fair Value Measurement* (SFAS No. 157). This Standard, which provides guidance for using fair value to measure assets and liabilities, applies whenever other standards require or permit assets or liabilities to be measured at fair value, but does not expand the use of fair value measurement.

SFAS No. 157 establishes a fair value hierarchy that gives the highest priority to quoted prices in active markets and the lowest priority to unobservable data, and requires fair value measurement to be separately disclosed by Level within the hierarchy. The Plan's adoption of SFAS No. 157 on January 1, 2009, for assets and liabilities measured at fair value on a recurring basis and financial assets and liabilities measured at fair value on a nonrecurring basis did not have a material impact on the Plan's financial statements. See Note 3, Fair Value Measurement, for further details. SFAS No. 157 is now part of Codification Section 820.

RECLASSIFICATIONS

Certain reclassifications have been made to 2008 amounts to be in uniformity with 2009 presentation format.

NOTE 3 FAIR VALUE MEASUREMENT

VALUATION HIERARCHY

Codification Section 820 defines fair value as the price that would be received to sell assets or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For disclosure, Codification Section 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels.

- **Level 1** – Unadjusted quoted prices in active markets for identical assets. The Plan's Level 1 assets include investments in money markets and mutual funds.

- **Level 2** – Inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. The Plan's Level 2 assets primarily include fixed income securities and investment contracts.

- **Level 3** – Significant unobservable inputs for the assets and liabilities. The Plan's Level 3 assets include guaranteed interest and real estate securities.
