WESTERN CABINETS & AFFILIATES
RETIREMENT SAVINGS PLAN 401(k)
NOTES TO FINANCIAL STATEMENTS
PLAN YEAR ENDED DECEMBER 31, 2009

The Western Cabinets & Affiliates 401(k) Plan (the Plan) was approved and became operative in the calendar year 1997 and has operated continuously since that time. The plan had two sponsoring employers, Western Cabinets, Inc. and Texas Cabinet, Inc. at the beginning of the plan year. During 2009 the two employers merged and the surviving sponsor is Western Cabinets, Inc. Western Cabinets, Inc. is the administrator of the Plan. The third party administrator is Pension Analysis Bureau, Inc.

NOTE A: Description of Plan

The following description of the Western Cabinets & Affiliates 401(k) Plan provides only general information. The employers adopted an amendment to the plan effective for Limitation Years beginning on or after January 1, 2009. The purpose of this amendment was to meet the requirements of Economic Growth and Tax relief Reconciliation Act of 2001, the Job Creation and Worker Assistance Act of 2002, and the Sarbanes-Oxley Act of 2002. This restatement became effective January 1, 2009. Participants should refer to the Adoption Agreement and Plan Summary for a more complete description of the Plan's provisions.

General.

The Plan is a defined contribution plan covering all full-time employees of the Sponsoring companies who have completed twelve months of service and attained the age of 21 years by the available entry date of January 1 or July 1 following the completion of the 1 year of service. For purposes of eligibility, an employee must complete at least 1,000 hours of service during the twelve month period prior to entry into the plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions.

Each participant may elect to have compensation deferred up to the maximum percentage allowable not to exceed the limits of code sections 401(k). Participants may also "rollover" amounts distributed from other qualified retirement plans. The company elected not to make a contribution of a discretionary percentage of the participants' elective deferrals. In 2008 the company contributed 50% of the first three (3) percent of pretax compensation that participants contributed to the Plan. A participant must complete 1,000 hours of service during the Plan year to be eligible to share in employer contributions. There were no employer contributions for 2009 and management has decided not to make contributions for 2010.

WESTERN CABINETS & AFFILIATES
RETIREMENT SAVINGS PLAN 401(k)
NOTES TO FINANCIAL STATEMENTS
PLAN YEAR ENDED DECEMBER 31, 2009

Participant Accounts.

Each participant's account is credited with the participant's contribution and the company's contributions and a share of the investment earnings or losses of the fund. participant's compensation as compared to the compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participation

The number of employees eligible to participate at the end of 2009 is 116 but only 33 are actively participating and 56 have current balances. The Human Resource Department notifies all eligible employees of their eligibility as the entry dates of January 1st and July 1st approach. Due to the large number of Hispanic workers, they attend enrollment meetings with the representative from ING to interpret in Spanish so that all employees are given an opportunity to participate. In addition, written explanations of the plan are given in both English and Spanish. In 2006, management began making the form declining or accepting enrollment available in Spanish.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts plus actual earnings thereon is based on years of service as scheduled in the following table:

Years of Service	Vesting
Less than 2	0 %
2	20%
3	40%
4	60%
5	80%
6	100%

Employees are always 100% vested upon their normal retirement age. Rollover contributions by the participant will be 100% vested immediately upon transfer into the plan and earnings on the rollover amount will also be fully vested.

Payment of Benefits

Distributions from the Plan are made in lump sum cash settlements only. On termination of service due to retirement, death, disability, or separation of service, a participant or their designated beneficiary will receive the vested portion of their account in a lump sum based on the valuation coinciding with or following the date of termination, death, disability or retirement. Normal retirement age is 65.

NOTES TO FINANCIAL STATEMENTS
PLAN YEAR ENDED DECEMBER 31, 2009

Forfeited Accounts

For the year ended December 31, 2009, the forfeited balance of participants' accounts was $ 140.80. The balance in the unallocated forfeiture account with accumulated earnings at December 31, 2008 was $ 3,877.94. This balance was applied to offset employer matching for the fourth quarter matching for 2008 when remitted in February 2009. At December 31, 2009 the unallocated forfeiture account with accumulated earnings had a balance of $ 677.53. This figure is included in total assets of the plan and is available for offset against future employer contributions to the plan.

Anti-Discrimination Testing

The company passed both the ADP and the ACP test and is not considered top heavy for the plan year ended December 31, 2009.

NOTE B – Plan Trustee

All assets of the Plan are held by ING Life Insurance & Annuity Co., Contract Number GH2309. The assets have been in trust with the same carrier, formerly AETNA, since the inception of the Plan in 1997. During 2006 the plan administrator changed the contract with ING in an effort to create a higher return on investments for the participants. Employees are granted access to their account information through quarterly statements mailed by the trustee or at any time via the Web site for the trustee.

NOTE C – Summary of Significant Accounting Policies

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted prices which represent the net asset value of shares held by the Plan at year-end. The current value of the ING Fixed Investment Fund account reflects the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date. After the change in investment contracts with ING there is no potential loss due to surrender. The charges and the market value has been adjusted and included in unrealized gain on investments at December 31, 2009.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS
PLAN YEAR ENDED DECEMBER 31, 2009

The investment management company, ING Life Insurance and Annuity Company, was unable to provide the breakdown between interest income, dividend income, unrealized gain or loss on investments and realized gain or loss on investments. Therefore on the financial statements the income earned on investments is a combined total of these categories which would ordinarily be categorized on the financial reports. The unavailability of the breakdown as to source of income is not deemed to be of a material nature that would cause the financials not to be in compliance with generally accepted accounting principles. The SAS 70 report has covered the accuracy and thoroughness of the procedures used by ING in allocating earnings to the participants and valuing the investments.

NOTE E – Plan Termination
Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, unless participants forfeited the non-vested portion prior to the termination date.

NOTE F – Plan Status
The 401(k) savings plan of the two sponsoring employers was originated in 1997 and received a favorable determination letter dated March 17, 1997. The Plan's third party administrator updates the plan on a regular basis to remain in compliance with ERISA provisions and IRS updates. No adverse communication has been received by the Department of Labor or the Internal Revenue Service to question the continuation of the Plan in its current form. During 2008 the plan was amended to bring the plan into

compliance with new Department of Labor and Internal Revenue Service requirements. No changes in terms of the plan were made so no employees' eligibility or benefits were affected by the amendment. The plan received a favorable opinion by the Department of the Treasury on March 12, 2008 for the prototype plan and amendments to that date.

NOTE G – Information Prepared and Certified by Trustee
The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

Fixed Account Investment Funds	$ 198,178

NOTE H – Remittance of Employee and Employer Contributions
The company ordinarily makes all employee deferrals and contributions by the end of the Plan Year. During review of company records, the November 6, 2009 payroll deduction for contributions to the plan was discovered to be unpaid. On May 6, 2010 the payment was made. The December 18, 2009 payroll deduction was remitted to ING on January 8, 2010. The December 31, 2009 deduction was remitted to the plan on January 13, 2010. The balance of employee contributions for the fourth quarter of 2009 has been accrued and shown as receivable on the balance sheet.

NOTE I – Discrepancies
There were no employer contributions to the plan for the year ended December 31, 2009.

A deduction was taken on the Western Cabinets, Inc. corporation income tax return, Form 1120, for the year ended December, 31, 2009. The software for the financial statement reporting of the corporation combines expenses so the contribution does not show as a specific line item on the tax return and the employer contributions to the Plan were included in miscellaneous deductions. It has been management's policy to deduct the retirement benefits that were paid by year end. Therefore, the numbers on the tax return would not have matched the total employer contributions for 2008 or 2009. The employer matching contribution therefore had to be confirmed using testing procedures. The deduction taken on the Western Cabinets, Inc. corporation income tax return, Form 1120 for the fiscal year ended October 31, 2008 was $707.78. The accrued amount of employer contribution at the end of 2008 was $ 4,585.72 and available forfeitures in the amount of $3,877.94 were used to offset the total as allowed by the plan.
