We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the period ended June 23, 2009 and the year ended December 31, 2008, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. SCE Federal Credit Union Profit Sharing Plan

Notes to Financial Statements

For the Period Ended June 23, 2009

Note 1 -- Description of Plan

The following description of the SCE Federal Credit Union (Credit Union) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Credit Union. All employees of the Credit Union who have one year of service (1000 hours) and are age 18 or older are eligible to become participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan allows participants to contribute up to a maximum of 100% of their compensation, as defined in the Plan, up to $16,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective July 1, 2006, the employer adopted a safe harbor match which matches 100% of up to 6% of the participants' compensation. The employer may make a discretionary contribution each year to the Plan, which shall be allocated to the regular accounts of the participants in the same proportion that each participant's compensation bears to the total compensation of all participants for the plan year. Contributions are subject to certain Internal Revenue Code limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and the Credit Union's contributions. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and any transfer account plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. For qualified automatic contribution arrangement harbor matching contributions, a participant is vested 100 percent after two or more years of credited service. A participant is 100 percent vested after four years of credited service for all other employer contributions, according to the following schedule:

0 to 1 year	0%
2 years	25%
3 years	50%
4 years	100%

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the vested interest of his or her account, or obtain a lifetime annuity. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, or they may elect to leave the funds with the plan.

Participant Loans: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates. Loan terms may range from one to five years or longer if used to purchase the primary residence of the participant. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts: Forfeited nonvested accounts totaled $ 0 and $20,294 at the three months ended March 31, 2009 and the year ended December 31, 2008, respectively. These accounts may first be used to pay administrative expenses. Plan administrative expenses were reduced by $542 and $4,356 for 2009 and 2008, respectively, from forfeited nonvested accounts.

NOTE 2 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. The guaranteed account is valued at the contract price. Contract value represents contributions made under the contract, plus average earnings guaranteed at 3.25% during 2009, less participant withdrawals and administration expenses. Contract value approximates fair value at all times. Participant loan values are valued at cost which approximates fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan's administrative expenses are paid by the forfeiture amounts and participant loan fees are paid by the participant.

NOTE 3 – FAIR VALUE MEASUREMENTS

SFAS No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 and Level 2 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 2 Fair Value Measurements

Level 2 inputs other than quoted price included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly (i.e. interest rate and yield curves observable at commonly quoted interval, default rates, etc.). Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations, and the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)			
	Guaranteed Account	Participant Loans	U.S. Property Separate Account	Total
Beginning balance, January 1, 2009	$ 254,924	$ 366,143	$ 306,252	$ 927,319
Total gains or losses (realized/unrealized) included in changes in net assets available for benefits	2,208	5,457	(38,724)	(31,059)
Purchases, sales, issuances and settlements (net)	(257,132)	(371,600)	(267,528)	(896,260)
Transfers in and/or out of Level 3	-	-	-	-
Ending balance, June 23, 2009	$ -	$ -	$ -	$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the period ended June 23, 2009 are reported in net appreciation in fair value of investments.

NOTE 4 – DEPOSIT WITH INSURANCE COMPANY

The Plan entered into an investment contract with Principal Life Insurance Company (Principal) in 1997. Principal maintains the contributions in three accounts as determined by the participants. The deposit administration contract is included in the financial statements at contract value as reported to the Plan by Principal, and the current interest rate is 3.25%. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The pooled separate accounts are invested primarily in mutual funds and the fair market value increase or decrease is allocated on a unit basis. The registered investments are invested primarily in the stock of companies.

The accounts at June 23, 2009 and December 31, 2008 are as follows:

	2009	2008
Guaranteed account (unallocated)	$ -	$ 254,924
Pooled separate account	-	4,412,515
Registered investment	-	254,984
Contract balance	$ -	$ 4,922,423

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – TAX STATUS

The Plan is operating under a Principal Life Insurance Company (Principal) prototype plan with plan assets held by Principal. The Principal prototype plan obtained a letter of determination on July 22, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and currently being operated in compliance with applicable requirements of the Internal Revenue Code.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employee and certain others. As such, transactions conducted by the custodians qualify as party-in-interest transactions.

NOTE 10 – MERGER

On February 17, 2009, the Board of Directors of SCE Federal Credit Union (the Employer) elected to begin participation in the Pentegra Defined Contribution Plan for Financial Institutions (the Pentegra DC Plan) effective April 1, 2009. On March 31, 2009, all assets of the SCE Federal Credit Union Profit Sharing Plan were merged into the Employer's Qualified Successor Plan (QSP), the Pentegra Defined Contribution Plan for Financial Institutions as adopted by SCE Federal Credit Union. The transfer sum represents the account balances of each member's account balance in the SCE Federal Credit Union Profit Sharing Plan except for investment in U.S. Property SEP Account which cannot be transferred due to restriction for one or two more years. Principal Life Insurance Company acts as the safekeeper of the investment in U.S. Property SEP Account and is reporting it to Pentegra Defined Contribution until the restriction is over. Total plan assets at the time of transfer to Pentegra Defined Contribution Plan were as follows:
