INDEPENDENT AUDITORS' REPORT

To the Trustees of
Minto 401(k) Retirement Plan
Coconut Creek, Florida

We have audited the accompanying statement of net assets available for benefits of Minto 401(k) Retirement Plan (the "Plan") as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The statement of net assets available for benefits of Minto 401(k) Retirement Plan as of December 31, 2008 was audited by other auditors whose report dated July 24, 2009, expressed an unqualified opinion on the statement.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009, and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MINTO 401(k) RETIREMENT PLAN

Notes to Financial Statements

Years Ended December 31, 2009 and 2008

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Minto 401(k) Retirement Plan (the "Plan") provides general information regarding the Plan. Participants should refer to the Plan agreement for a complete description of specific Plan provisions.

General —The Plan became effective January 1, 1994 and has been amended thereafter with the latest amendment dated March 8, 2009 which was effective retroactively for the plan years beginning on or after July 31, 2007 and was an Amendment for the Final 415 Regulations which listed certain updated provisions of the Final Regulations under Code Sections 415. The Plan is a defined contribution plan available to employees of Minto Communities, LLC and Affiliates (the "Company" or "Employer") who have attained the age of 21 and completed one year of service as defined. Eligible employees can become participants in the Plan on January 1 and July 1, after satisfying the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration — The Plan is administered by the Company. Designated officers of the Company are the trustees of the Plan assets.

Contributions — Each year, participants may contribute up to 15% of pretax annual compensation with total contributions not to exceed $16,500 for the year 2009 (plus allowable catch-up contributions), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additional amounts may be contributed at the option of the Employer. For the year ended December 31, 2009 the employer's matching contribution was 50% of the first 6% of eligible compensation that participant contributed to the Plan during January and February 2009. For the year ended December 31 2008, the employer's matching contribution was 50% of the first 6% of eligible compensation that a participant contributed to the Plan. Contributions are subject to certain limitations.

Participant Accounts — Each participant's account is credited with the participant's contribution, an allocation of the Employer's contribution, a forfeiture allocation, if applicable, Plan earnings and administrative expenses. Employer's contribution allocations are based on participants' compensation levels and statutory limitations. Allocations of Plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures — Currently, forfeitures are used to reduce employer matching contributions.

Withholding Taxes — The Plan is required to withhold 20% of distributions not directly transferred to another qualified plan or IRA account. These funds are then remitted to the Internal Revenue Service.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting — Participants are immediately vested, in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Full Years of Service	Percentage Vested
Less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

Payment of Benefits — Upon termination of service, a participant receives payment for the vested value of his/her account. If a participant's vested account balance is less than $5,000, the Plan will distribute the balance in a lump sum distribution. For vested accounts with balances in excess of $5,000, a participant may elect to receive the value of his or her account either by lump sum distribution, part lump sum and part installments, installment payments over a specified period of time (annually, quarterly, monthly), not exceeding the life expectancy or joint life expectancy of the participant and the participant's designated beneficiary or joint and survivor annuity.

Upon death or permanent disability, a participant becomes 100% vested in his/her account.

Participant Loans — Participants may borrow up to 50% of their vested interest not to exceed $50,000. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deduction.

Administrative and Plan Expenses — Expenses incurred in administration of the Plan are absorbed by the Plan. Mutual fund transaction costs are charged to the Plan and allocated among the participants based on their respective account value to total Plan assets.

At the option of the Employer, certain administration costs of the Plan may be absorbed by the Company.

Plan Termination — While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100% vested in their accounts, including all matching employer contributions.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Investment of Contributions — Contributions to the Plan may be invested, at the participant's direction, in mutual funds. As of December 31, 2009, the investment options and their definitions are as follows:

American Funds Growth Fund of Amer R5 — American Funds Growth Fund of Amer R5 is invested primarily in common stocks of U.S. companies. It may also hold cash or money market instruments and may invest up to 25% of its assets in securities of issuers domiciled outside of U.S.

Allianz NFJ Small Cap Value A — Allianz NFJ Small Cap Value A is invested primarily in common stocks and other equity securities of companies with small market capitalization.

Artisan Mid Cap Value Investor — Artisan Mid Cap Value Investor is invested primarily in common stocks of U.S. medium-sized companies.

Baron Partners Retail (Baron Partners) — Baron Partners Retail is invested primarily in securities of U.S. growth companies of any size.

PIMCO Total Return Instl (PIMCO Funds Total Return Fund I) — PIMCO Total Return Instl is invested primarily in fixed-income instruments of varying maturities, which may be represented by forwards or derivatives such as options.

Russell Emerging Markets Fund S — Russell Emerging Markets Fund S is invested in equity securities of companies that are located in countries with emerging markets.

Russell Int'l Developed Markets I — Russell Int'l Developed Markets I is invested primarily in equity securities issued by companies domiciled outside the United States and in depository receipts, which represent ownership of securities of non-U.S. companies.

Russell Investment Grade Bond I (Russell Fixed Income I Fund) — Russell Investment Grade Bond I is invested in investment grade fixed-income securities. In particular, the Fund holds debt securities issued or guaranteed by the U.S. Government or, to a lesser extent by, non-U.S. governments.

Russell Real Estate Securities Fund S — Russell Real Estate Securities Fund S is invested in equity securities of issuers whose value is derived primarily from development, management and market pricing of underlying real estate properties.

Vanguard Equity-Income Adm — Vanguard Equity-Income Adm is invested primarily in common stocks of medium-sized and large companies whose stocks pay above-average levels of dividend income and are considered to have potential for capital appreciation.

Vanguard Short-Term Investment-Grade — Vanguard Short-Term Investment Grade is invested primarily in short and intermediate term corporate bonds and other corporate fixed income obligations.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Fidelity Spartan U.S. Equity Index Fund — Fidelity Spartan U.S. Equity Index Fund is invested in common stocks of companies included in the S&P 500, which broadly represents the performance of common stocks publicly traded in the U.S.

Fidelity Retirement Money Market Fund — Fidelity Retirement Money Market is invested in a portfolio of high quality money market securities of domestic and foreign issuers and repurchase agreements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Shares of mutual funds are valued based on the quoted prices in an active market of the underlying securities in the investment accounts and the number of shares held in the account. Investments in investment contracts are valued at contributions made plus interest earned on those contributions, which approximates fair market value. Changes in unrealized appreciation (depreciation) for the period are reflected in the statement of changes in net assets available for benefits.

Payment of Benefits — Benefits are recorded when paid.

Subsequent Events — The Plan evaluated subsequent events through September 13, 2010 which is the date that the financial statements were available to be issued.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently adopted accounting pronouncement

Effective January 1, 2008, the Plan adopted Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurement and Disclosures* (formerly SFAS No. 157), for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). SFAS ASC 820 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement does not require any new fair value measurements, but provides guidance on how to measure fair value by providing a fair value hierarchy used to classify the source of the information. See Note 4 for discussion of fair value measurements. The adoption of FASB ASC 820 (formerly SFAS 157) did not have a

Recently adopted accounting pronouncement (continued)

material impact on the Plan's statement of net assets available for plan benefits or statement of changes in net assets available for plan benefits as of and for the year ended December 31, 2009 and 2008.

In February 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position No. FAS 157-2, *Effective Date of FASB Statement No. 157* (FSP No. 157-2). FSP No. 157-2 amends FASB ASC 820 (SFAS 157) to delay the effective date for non-financial assets and liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis. For items within its scope, FSP No. 157-2 defers the effective date of FASB ASC 820 (SFAS 157) to fiscal years beginning after November 15, 2008.

Effective January 1, 2009, the Plan adopted the remaining portion of FASB ASC 820 (SFAS 157) for non-financial assets and liabilities. The adoption of the remaining provisions of FASB ASC 820 (SFAS 157) did not have a material impact on the Plan's financial position or activities for the year ended December 31, 2009.

NOTE 3 - INVESTMENTS

Investments that represent five percent or more of Plan assets held at December 31, 2009 and 2008 are summarized as follows:

Investments, at Fair Value	2009	2008
Fidelity Retirement Money Market Fund	$ 303,184	$ 793,483

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820-10-35 (formerly SFAS No. 157), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10-35 (formerly SFAS 157) are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common stocks, corporate bonds and US. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,753,115	$ -	$ -	$ 5,753,115
Participant Loans	-	-	61,313	61,313
Total asset at fair value	$ 5,753,115	$ -	$ 61,313	$ 5,814,428

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,834,679	$ -	$ -	$ 5,834,679
Participant Loans	-	-	108,126	108,126
Total asset at fair value	$ 5,834,679	$ -	$ 108,126	$ 5,942,805

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009 and 2008:

	Year Ended December 31, 2009
Balance, December 31, 2007	$ 135,622
2008 Purchases, sales, issuances and settlements, net	(27,496)
Balance, December 31, 2008	108,126
2009 Purchases, sales, issuances and settlements, net	(46,813)
Balance, December 31, 2009	$ 61,313

NOTE 5 - EXCESS DEFERRALS

As of December 31, 2009 and 2008, excess deferrals amounted to $15,107 and $775, respectively, as determined by the relevant nondiscrimination provisions of the Plan. These amounts were refunded to the participants subsequent to the respective year-ends. Excess deferrals are included in the liabilities section of the statements of net assets available for benefits at year-end.

NOTE 6 - TAX STATUS

The Plan obtained its latest determination letter on April 18, 2003 in which the Internal Revenue Service stated that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since receiving the determination letter. However, the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 7 - RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
