SOLARA HEALTHCARE, LLP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2007

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Solara Healthcare, LLP 401(K) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted April 1, 2004, which covers employees of Solara Healthcare LLC (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan immediately upon date of hire, provided they are not a member of an excluded group. Employees are eligible to receive matching contributions once they have completed one year of service.

Entry Date

Employees may enter the Plan on the first day of the month following the date on which the employee meets the eligibility requirements.

Contributions

Participating employees contribute an amount each pay period as provided for in their participation agreement. The sponsor will withhold 3% from the participant's compensation unless the participant elects a lesser percentage. Employees may contribute up to 100% of their compensation, not to exceed \$15,500 for 2007. Non-elective profit sharing contributions may be permitted at the discretion of the Company. Discretionary amounts may be contributed by the Company. The Company's matching contribution is allocated to participants as a percentage of the participants' contributions to the Plan up to 50% of 4% maximum. The Company made a \$204,106 matching contribution for the year ended December 31, 2007. There were no profit-sharing contributions made for the year ended December 31, 2007.

Payment of Withdrawals and Benefits

Upon retirement at normal retirement age of 65, the participant or designated beneficiary is entitled to receive his or her entire account balance. A participant who retires due to a disability will also be entitled to 100% of their account balance. Upon termination of employment for reasons other than death, disability, or retirement, the participant is entitled to receive his or her vested interest.

The designated beneficiary is entitled to 100% of the participant's balance if the participant was employed at the time of death. If the participant was not employed at the time of death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

The participant's account balance will be paid as a lump sum payment. If the participant's vested benefit in the Plan exceeds \$1,000, he or she must consent to the distribution before it may be made. Participants who have a vested benefit that does not exceed \$1,000 will receive a lump-sum payment as soon as practicable following the event entitling the participant to a distribution.

NOTES TO FINANCIAL STATEMENTS

Hardship Withdrawals

Hardship withdrawals are permitted up to the amount of the participant's salary deferrals. A hardship withdrawal may be made to satisfy certain immediate and heavy financial needs borne by the participant. A hardship distribution may only be made for payment of the following:

- a) to pay medical expenses of participant, spouse or dependents;
- b) costs directly related to the purchase of the participant's principal residence (excluding mortgage payments);
- c) tuition, related educational fees, and room and board expenses for the next twelve months of post-secondary education for the participant, spouse, or dependents;
- d) amounts necessary to prevent the foreclosure on the mortgage or the eviction of the participant from his or her principal residence;
- e) payments for burial or funeral expenses for your deceased parent, spouse, children or other dependents; or
- f) expenses for the repair of damage to your principal residence that would qualify for the casualty deduction under the Internal Revenue Code.

Upon receipt of a hardship withdrawal, the participant will be suspended from contributing to the Plan for a period of at least 6 months.

Death Benefit

The designated beneficiary is entitled to a death benefit distribution as outlined in the Plan.

Participant Loans

Loans may be made from the participants' accounts upon written application to the Plan administrator. Participants may borrow up to 50 percent of their vested benefit up to a maximum of \$50,000, with a minimum of \$1,000. All loans are repaid in equal amounts over the repayment term. Repayment terms are five years or less except for loans to acquire a residence, which are determined by the employer considering maturity dates of commercial banks in the local area for similar loans, not to exceed twenty years. Interest rates range from 8.25% to 9.25%.

Participant Accounts

Contributions are placed in individual participant accounts established and maintained for participants by the custodian. Each participant's account is credited with the participant's contribution, the Company's contribution, the allocation of the employer's profit-sharing contribution, if any, and the income and appreciation or depreciation of investments attributable to each type of contribution. No fees or expenses are charged to individual participant accounts in connection with the investment of participant accounts in, or withdrawal of participant accounts from, any investment funds. Any administrative fees for services are paid from the assets of the funds and therefore reduce the overall return offered by the funds.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds covered by the Plan. Participants may change their investment options daily. The investment options at December 31, 2007 are presented in a supplemental schedule.

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. All participants are fully vested in employer matching and profit-sharing contributions plus actual earnings thereon.

Rollovers

Participants may rollover qualified distributions from eligible plans or from individual retirement accounts into The Plan. Rollovers are limited to pre-tax contributions.

Plan Termination

In the event of the termination of the Plan, the net assets of the fund will be allocated as prescribed by ERISA and regulations issued pursuant thereto. The participants become 100% vested and vested benefits would be paid in full to ascertainable participants and beneficiaries. Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND USE OF ESTIMATES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts held By Certain investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the statements of net assets available for benefits present the fair value of the investment contracts. As of December 31, 2007 and 2006, contract value approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Valuation of Investments and Recognition of Income

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - PARTIES IN INTEREST

The Plan's investments are shares of funds managed by John Hancock Life Insurance Company (U.S.A), the custodian. Transactions between the Plan and John Hancock qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are netted against investment income from the investment accounts.

For the year end December 31, 2006, the Plan's investments were held by Equitable Life Insurance Society of the United States. Transactions between the Plan and Equitable qualify as party-in-interest transactions, the custodian for period from January 1, 2006 to January 8, 2007.

Fees paid for administrative and investment services to service providers were \$17,220 for the year ended December 31, 2007. These transactions qualify as a party-in-interest.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by John Hancock Life Insurance Company (U.S.A) and Equitable Life Insurance Society of the United States, the custodians, as of December 31, 2007 and 2006.

The information certified by the custodians was the annual report and accounting as of December 31, 2007 and 2006, which includes beginning and ending balances of assets, and a detailed listing of the transactions in the various funds, including investment appreciation and earnings.

NOTE 6 - TAX STATUS

The Plan is a Prototype Standardized Profit Sharing Plan with a Cash or Deferral Arrangement (CODA) sponsored by Travis Wolff, the Plan's third-party administrator. The Internal Revenue Service advised on August 30, 2001, that the Plan constitutes a qualified trust under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, exempt from federal income taxes. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - NONEXEMPT TRANSACTIONS

Participant contributions of \$29,218 and \$8,192 were withheld from participants' accounts during 2007 and 2006, respectively, but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the plan asset rules. The Company will reimburse the Plan for the lost earnings in 2009.

NOTE 10 - PLAN AMENDMENTS

During the year ended December 31, 2007, the Plan was restated to include all prior amendments.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent to December 31, 2007, the financial markets experienced a significant decline in market value of securities. The Plan's investment experience has been consistent with the losses experienced in the overall financial market.
