CERTIFIED PUBLIC ACCOUNTANTS & CONSULTANTS

The Trustees, Participant and Administrator
Carolina Wholesale Office Machine Company, Inc. 401(k) Profit Sharing Plan
Charlotte, North Carolina

We have completed a Department of Labor ("DOL") limited-scope audit of the financial statements and supplemental schedule of Carolina Wholesale Office Machine Company, Inc. 401(k) Profit Sharing Plan (the "Plan") as of and for the year ended December 31, 2009 and have issued our report thereon dated July 14, 2010. As permitted by 29 CR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements and in the supplemental schedule. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole.

Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated March 22, 2010. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2009. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements and supplemental schedule in the proper period.

Accounting estimates are an integral part of the financial statements and supplemental schedule prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and supplemental schedule and because of the possibility that future events affecting them may differ significantly from those expected.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no material misstatements noted during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements and supplemental schedule or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 14, 2010.

Independence

We are familiar with Rule 101 of the AICPA's Code of Professional Conduct, and its interpretations and rulings. As far as the Company is concerned, our firm has been, for the period covered by the financial statements and supplemental schedule under report and thereafter to date, in fact independent as contemplated by such Rule.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Trustees, Participants, Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

The Trustees, Participants and Administrator
Carolina Wholesale Office Machine Company, Inc. 401(k) Profit Sharing Plan
Charlotte, North Carolina

We were engaged to audit the financial statements and supplemental schedule of the Carolina Wholesale Office Machine Company, Inc. 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed on the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock USA, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following brief description of the Carolina Wholesale Office Machine Company, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Carolina Wholesale Office Machine Company, Inc. (the "Sponsor"). There is no age or service requirement to be eligible for participation in the Plan. Employees are eligible for matching and discretionary profit sharing contributions, as defined by the Plan, upon completion of one year of service and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Each year, participants may contribute any amount of compensation within regulatory guidelines through payroll deduction. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Sponsor contributes .5% for each 1% a qualifying employee contributes with a maximum of 5% of the employees' compensation. In addition to the matching contributions, the Sponsor can make annual discretionary contributions to the Plan authorized by the Board of Directors of the Sponsor. The Sponsor made no discretionary contributions during 2009.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (*a*) the Sponsor's matching contribution (*b*) the Sponsor's discretionary contribution, if any, and (*c*) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Sponsor's matching and discretionary contributions is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

The vesting schedule shown above applies to the matching accounts of employees who became participants on or after January 1, 2005. Participants of the Plan prior to January 1, 2005 are 100% vested for all current and future contributions.

Note 1 – Description of Plan (continued)

Participant loans – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their nonforfeitable account balance. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined by the Plan administrator. During the year ended December 31, 2009, interest rates ranged from 3.25% to 8.25%. Principal and interest are generally paid through payroll deductions.

Benefit Payments – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant's vested account balance that is less than $5,000 will automatically be distributed as soon as administratively practicable following the participant's separation from service.

Forfeitures – Forfeited amounts are used for restoration of participant loans (as applicable), used to offset Plan expenses and used to reduce employer contributions. As of December 31, 2009 and 2008, forfeited accounts totaled $26,358 and $20,866, respectively. For the year ended December 31, 2009 there were no forfeited amounts used to offset employer matching amounts.

Due to Profit Sharing Plan (the "Profit Sharing Plan") **–** During 2005, the Company adopted a Profit Sharing Plan covering certain employees of Carolina Wholesale Office Machine Company, Inc. Pursuant to the terms of this Profit Sharing Plan, a contribution of $149,189 and $134,630 was made and was included in the Plan's investment contract with John Hancock for the year ended December 31, 2009 and 2008, respectively. All activity associated with the Profit Sharing Plan has been excluded from the Plan financial statements and the net assets of the Profit Sharing Plan are reflected as a payable in the Plan's financial statements.

Note 2 – Summary of significant accounting policies

Basis of accounting – The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") under the accrual basis of accounting, except for benefit payments which are recorded when paid.

In June 2009, the Financial Accounting Standards Board ("FASB") established the FASB Accounting Standards Codifications ("ASC") as the single source of authoritative GAAP. The FASB ASC superseded all then existing non-SEC accounting and reporting standards. The issuance of this statement did not change GAAP, but has changed the applicable citations and naming conventions used when referencing GAAP within these financials statements.

Investment Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of significant accounting policies (continued)

Benefit Payments – Benefits paid to participants are recorded when paid.

Plan administrative expenses – Unless otherwise stated, administrative expenses are paid by the Plan. Administrative expenses totaled $15,128 for the year ended December 31, 2009.

Risks and uncertainties – The Plan primarily provides for various mutual fund investment options. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Reclassification – Certain 2008 financial statement amounts have been reclassified to conform to the 2009 financial statement presentation.

Note 3 – Investments

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments certified by John Hancock Financial Services as of December 31, 2009 and 2008, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year). The following is a summary of certified investments at December 31,

	2009	2008
Mutual funds	$ 6,131,117	$ 4,417,775
Money Market Account	70,139	199,213
Guaranteed Interest Accounts	21,605	8,006
Participant loans	51,571	44,844
	$ 6,274,432	$ 4,669,838

The trustee also certified to the completeness and accuracy of $1,422,755 net appreciation in fair value of investments and $3,285 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2009.

Note 3 – Investments (continued)

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31:

	2009	2008
JH Lifestyle Fund – Moderate Portfolio	$ *	$ 300,954
JH Lifestyle Fund – Balanced Portfolio	1,322,372	931,620
JH Lifestyle Fund – Growth Portfolio	3,046,490	2,121,944
JH Lifestyle Fund – Conservative Portfolio	*	254,997

* Fund does not represent 5% or more of the Plan's net assets.

Note 4 – Fair Value Measurement

GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Note 4 – Fair Value Measurement (continued)

Money Market Accounts

These investments are public investment vehicles valued using $1 for the NAV. The money market funds are classified within level 2 of the valuation hierarchy.

Guaranteed Interest Accounts

Guaranteed Interest Accounts are valued at cost plus accrued interest which approximates the fair value and are classified within level 3 of the valuation hierarchy.

Loans to Participants

Loans to plan participants are valued at cost plus accrued interest, which approximates fair value and are classified within level 3 of the valuation hierarchy.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels at December 31:

	2009			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 6,131,117	$ -	$ -	$ 6,131,117

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for year ended December 31, 2009:

	2009
Change in net assets available for benefits per the financial statements	$ 1,343,352
Corrective distributions (2008)	(10,981)
Corrective distributions (2009)	28,094
Change in net assets available for benefits per Form 5500	$ 1,360,465

Note 6 – Party-in-interest transactions

Plan investments are shares of mutual funds managed by John Hancock USA. Fees paid to John Hancock USA by the Plan totaled $15,128 for the year ended December 31, 2009. John Hancock USA is the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 7 – Tax status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and therefore, the Plan and related trust continue to be tax-exempt.

Note 8 – Plan termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

Note 9 – **Subsequent Events**

The Plan has evaluated subsequent events through July 14, 2010, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

	2009	2008
JH Lifestyle Fund – Moderate Portfolio	$ *	$ 300,954
JH Lifestyle Fund – Balanced Portfolio	1,322,372	931,620
JH Lifestyle Fund – Growth Portfolio	3,046,490	2,121,944
JH Lifestyle Fund – Conservative Portfolio	*	254,997

* Fund does not represent 5% or more of the Plan's net assets.

Note 4 – Fair Value Measurement

GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.
