Independent Auditor's Report

To the Plan Administrator
Sunflower Landscaping & Maintenance, Inc.
Employee Stock Ownership Plan

We have audited the accompanying statement of net assets (accumulated deficit) of Sunflower Landscaping & Maintenance, Inc. Employee Stock Ownership Plan (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets (accumulated deficit) for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (accumulated deficit) of the Plan as of December 31, 2009 and 2008 and the changes in net assets (accumulated deficit) for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 - Plan Description

The following description of Sunflower Landscaping & Maintenance, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - Effective January 1, 2005, Sunflower Landscaping & Maintenance, Inc. (the "Company") established the Plan. The Plan is a stock bonus plan under Section 401(a) of the Internal Revenue Code (IRC) and is designed to be an employee stock ownership plan under Section 4975(e)(7) of the IRC. The Plan is a noncontributory, leveraged, defined contribution plan covering substantially all employees of the Company who have completed at least one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan purchased the Company's common shares of stock from existing stockholders using funds borrowed from the Company and holds the stock in a trust established under the Plan (see Notes 4 and 5). The borrowing is to be repaid over a period of 10 years by fully deductible Company contributions to the trust fund and dividends on the stock. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code. The loan is collateralized by the unallocated shares of stock and is guaranteed by the Company. Accordingly, the accompanying financial statements present separately the net assets and changes therein pertaining to the accounts of employees with vested and nonvested rights in allocated stock and stock not yet allocated to employees (unallocated).

Contributions - Contributions to the Plan are at the discretion of the Company's board of directors provided that such contributions which, when aggregated with the Plan's dividends, shall be sufficient to cover principal and interest on the securities acquisition loan.

Vesting - Vesting in each participant's account is based on years of credited service. A participant is 100 percent vested after five years of credited service.

Benefit Payments - Upon termination of employment, the participant or, in the case of death, the surviving spouse will receive the participant's account balance in equal annual installments over a period of not more than five years or, in certain cases, not longer than 10 years. Distributions are made in cash, Company stock, or both.

Note 1 - Plan Description (Continued)

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

At December 31, 2009 and 2008, the suspended forfeiture balance totaled 71,767 and 48,048 shares, respectively.

Voting Company Stock - Each participant is entitled to exercise, in certain matters, voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon plan termination, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain administrative costs of the Plan are being absorbed by the Company.

Diversification - Participants who have attained the age of 55 and have completed at least 10 years of participation in the Plan are eligible to receive as a distribution, in cash, 25 percent of the value of their accounts, less any prior diversification distributions, for a five-year period. In the sixth plan year, the participant will have the right to receive, in cash, 50 percent of the value of his or her account, less any prior diversification distributions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The common shares of Sunflower Landscaping & Maintenance, Inc. are valued at fair value as determined by an independent appraisal as of December 31, 2009 and 2008.

Benefit Payments - Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for investment in Sunflower Landscaping & Maintenance, Inc.'s common stock. The common stock investment is exposed to various risks, including general business and market risks. Due to the level of risk associated with the common stock, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the statement of net assets (accumulated deficit) and participants' individual account balances.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 13, 2010, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2009 and 2008, and the valuation techniques used by the Plan to determine those fair values.

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Note 3 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. The Common Stock is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2009

	Significant Unobservable Inputs (Level 3)
Assets	
Common stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)	$ 1,078,920

Assets Measured at Fair Value on a Recurring Basis at December 31, 2008

	Significant Unobservable Inputs (Level 3)
Assets	
Common stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)	$ 1,518,480

Note 3 - Fair Value Measurements (Continued)

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis for the Year Ended December 31, 2009

	Common Stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)
Balance at January 1, 2009	$ 1,518,480
Total unrealized losses included in income	(439,560)
Ending balance at December 31, 2009	$ 1,078,920

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis for the Year Ended December 31, 2008

	Common Stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)
Balance at January 1, 2008	$ 5,028,300
Total unrealized losses included in income	(3,509,820)
Ending balance at December 31, 2008	$ 1,518,480

Of the Level 3 assets still held by the Plan at December 31, 2009, the unrealized loss for the year ended December 31, 2009 was $439,560, which is recognized in investment income in the accompanying statement of changes in net assets (accumulated deficit).

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains and losses for these assets and liabilities presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Note 4 - Investments in Common Stock

The Plan purchased 666,000 shares of Sunflower Landscaping & Maintenance, Inc. common stock.

The Plan's investments in Company stock at December 31, 2009 and 2008 are presented in the following table:

	2009		2008	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	333,000	333,000	266,400	399,600
Cost	$ 4,000,000	$ 4,000,000	$ 3,200,000	$ 4,800,000
Fair value	$ 539,460	$ 539,460	$ 607,392	$ 911,088

Note 5 - Notes Payable - Employer

During 2005, the Plan entered into an $8,000,000 term loan agreement with Sunflower Landscaping & Maintenance, Inc. The proceeds of the loan were used to purchase 666,000 shares of common stock of the Company. The unallocated portion of these shares are pledged against the loan. Shares are released from the pledge annually as principal payments are made on the loan. The note bears interest at 4 percent. Principal and interest payments are due annually, with the last payment scheduled in 2014. Minimum principal payments on this loan to maturity are as follows:

2010	$ 810,689
2011	843,117
2012	876,842
2013	911,915
2014	948,392
Total	$ 4,390,955

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 11, 2006 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Effective February 1, 2009, the Plan was amended to conform to the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001. Current versions of the plan have been filed with the appropriate agency.

Independent Auditor's Report

To the Plan Administrator
Sunflower Landscaping & Maintenance, Inc.
Employee Stock Ownership Plan

We have audited the accompanying statement of net assets (accumulated deficit) of Sunflower Landscaping & Maintenance, Inc. Employee Stock Ownership Plan (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets (accumulated deficit) for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (accumulated deficit) of the Plan as of December 31, 2009 and 2008 and the changes in net assets (accumulated deficit) for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 - Plan Description

The following description of Sunflower Landscaping & Maintenance, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - Effective January 1, 2005, Sunflower Landscaping & Maintenance, Inc. (the "Company") established the Plan. The Plan is a stock bonus plan under Section 401(a) of the Internal Revenue Code (IRC) and is designed to be an employee stock ownership plan under Section 4975(e)(7) of the IRC. The Plan is a noncontributory, leveraged, defined contribution plan covering substantially all employees of the Company who have completed at least one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan purchased the Company's common shares of stock from existing stockholders using funds borrowed from the Company and holds the stock in a trust established under the Plan (see Notes 4 and 5). The borrowing is to be repaid over a period of 10 years by fully deductible Company contributions to the trust fund and dividends on the stock. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code. The loan is collateralized by the unallocated shares of stock and is guaranteed by the Company. Accordingly, the accompanying financial statements present separately the net assets and changes therein pertaining to the accounts of employees with vested and nonvested rights in allocated stock and stock not yet allocated to employees (unallocated).

Contributions - Contributions to the Plan are at the discretion of the Company's board of directors provided that such contributions which, when aggregated with the Plan's dividends, shall be sufficient to cover principal and interest on the securities acquisition loan.

Vesting - Vesting in each participant's account is based on years of credited service. A participant is 100 percent vested after five years of credited service.

Benefit Payments - Upon termination of employment, the participant or, in the case of death, the surviving spouse will receive the participant's account balance in equal annual installments over a period of not more than five years or, in certain cases, not longer than 10 years. Distributions are made in cash, Company stock, or both.

Note 1 - Plan Description (Continued)

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

At December 31, 2009 and 2008, the suspended forfeiture balance totaled 71,767 and 48,048 shares, respectively.

Voting Company Stock - Each participant is entitled to exercise, in certain matters, voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon plan termination, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain administrative costs of the Plan are being absorbed by the Company.

Diversification - Participants who have attained the age of 55 and have completed at least 10 years of participation in the Plan are eligible to receive as a distribution, in cash, 25 percent of the value of their accounts, less any prior diversification distributions, for a five-year period. In the sixth plan year, the participant will have the right to receive, in cash, 50 percent of the value of his or her account, less any prior diversification distributions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The common shares of Sunflower Landscaping & Maintenance, Inc. are valued at fair value as determined by an independent appraisal as of December 31, 2009 and 2008.

Benefit Payments - Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for investment in Sunflower Landscaping & Maintenance, Inc.'s common stock. The common stock investment is exposed to various risks, including general business and market risks. Due to the level of risk associated with the common stock, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the statement of net assets (accumulated deficit) and participants' individual account balances.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 13, 2010, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2009 and 2008, and the valuation techniques used by the Plan to determine those fair values.

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Note 3 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. The Common Stock is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2009

	Significant Unobservable Inputs (Level 3)
Assets	
Common stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)	$ 1,078,920

Assets Measured at Fair Value on a Recurring Basis at December 31, 2008

	Significant Unobservable Inputs (Level 3)
Assets	
Common stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)	$ 1,518,480

Note 3 - Fair Value Measurements (Continued)

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis for the Year Ended December 31, 2009

	Common Stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)
Balance at January 1, 2009	$ 1,518,480
Total unrealized losses included in income	(439,560)
Ending balance at December 31, 2009	$ 1,078,920

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis for the Year Ended December 31, 2008

	Common Stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)
Balance at January 1, 2008	$ 5,028,300
Total unrealized losses included in income	(3,509,820)
Ending balance at December 31, 2008	$ 1,518,480

Of the Level 3 assets still held by the Plan at December 31, 2009, the unrealized loss for the year ended December 31, 2009 was $439,560, which is recognized in investment income in the accompanying statement of changes in net assets (accumulated deficit).

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains and losses for these assets and liabilities presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Note 4 - Investments in Common Stock

The Plan purchased 666,000 shares of Sunflower Landscaping & Maintenance, Inc. common stock.

The Plan's investments in Company stock at December 31, 2009 and 2008 are presented in the following table:

	2009		2008	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	333,000	333,000	266,400	399,600

Fair value	$ 539,460	$ 539,460	$ 607,392	$ 911,088

Note 5 - Notes Payable - Employer

During 2005, the Plan entered into an $8,000,000 term loan agreement with Sunflower Landscaping & Maintenance, Inc. The proceeds of the loan were used to purchase 666,000 shares of common stock of the Company. The unallocated portion of these shares are pledged against the loan. Shares are released from the pledge annually as principal payments are made on the loan. The note bears interest at 4 percent. Principal and interest payments are due annually, with the last payment scheduled in 2014. Minimum principal payments on this loan to maturity are as follows:

2010	$ 810,689
2011	843,117
2012	876,842
2013	911,915
2014	948,392
Total	$ 4,390,955

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 11, 2006 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Effective February 1, 2009, the Plan was amended to conform to the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001. Current versions of the plan have been filed with the appropriate agency.

Independent Auditor's Report

To the Plan Administrator
Sunflower Landscaping & Maintenance, Inc.
Employee Stock Ownership Plan

We have audited the accompanying statement of net assets (accumulated deficit) of Sunflower Landscaping & Maintenance, Inc. Employee Stock Ownership Plan (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets (accumulated deficit) for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (accumulated deficit) of the Plan as of December 31, 2009 and 2008 and the changes in net assets (accumulated deficit) for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 - Plan Description

The following description of Sunflower Landscaping & Maintenance, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - Effective January 1, 2005, Sunflower Landscaping & Maintenance, Inc. (the "Company") established the Plan. The Plan is a stock bonus plan under Section 401(a) of the Internal Revenue Code (IRC) and is designed to be an employee stock ownership plan under Section 4975(e)(7) of the IRC. The Plan is a noncontributory, leveraged, defined contribution plan covering substantially all employees of the Company who have completed at least one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan purchased the Company's common shares of stock from existing stockholders using funds borrowed from the Company and holds the stock in a trust established under the Plan (see Notes 4 and 5). The borrowing is to be repaid over a period of 10 years by fully deductible Company contributions to the trust fund and dividends on the stock. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code. The loan is collateralized by the unallocated shares of stock and is guaranteed by the Company. Accordingly, the accompanying financial statements present separately the net assets and changes therein pertaining to the accounts of employees with vested and nonvested rights in allocated stock and stock not yet allocated to employees (unallocated).

Contributions - Contributions to the Plan are at the discretion of the Company's board of directors provided that such contributions which, when aggregated with the Plan's dividends, shall be sufficient to cover principal and interest on the securities acquisition loan.

Vesting - Vesting in each participant's account is based on years of credited service. A participant is 100 percent vested after five years of credited service.

Benefit Payments - Upon termination of employment, the participant or, in the case of death, the surviving spouse will receive the participant's account balance in equal annual installments over a period of not more than five years or, in certain cases, not longer than 10 years. Distributions are made in cash, Company stock, or both.

Note 1 - Plan Description (Continued)

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

At December 31, 2009 and 2008, the suspended forfeiture balance totaled 71,767 and 48,048 shares, respectively.

Voting Company Stock - Each participant is entitled to exercise, in certain matters, voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon plan termination, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain administrative costs of the Plan are being absorbed by the Company.

Diversification - Participants who have attained the age of 55 and have completed at least 10 years of participation in the Plan are eligible to receive as a distribution, in cash, 25 percent of the value of their accounts, less any prior diversification distributions, for a five-year period. In the sixth plan year, the participant will have the right to receive, in cash, 50 percent of the value of his or her account, less any prior diversification distributions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The common shares of Sunflower Landscaping & Maintenance, Inc. are valued at fair value as determined by an independent appraisal as of December 31, 2009 and 2008.

Benefit Payments - Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for investment in Sunflower Landscaping & Maintenance, Inc.'s common stock. The common stock investment is exposed to various risks, including general business and market risks. Due to the level of risk associated with the common stock, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the statement of net assets (accumulated deficit) and participants' individual account balances.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 13, 2010, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2009 and 2008, and the valuation techniques used by the Plan to determine those fair values.

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Note 3 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. The Common Stock is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2009

	Significant Unobservable Inputs (Level 3)
Assets	
Common stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)	$ 1,078,920

Assets Measured at Fair Value on a Recurring Basis at December 31, 2008

	Significant Unobservable Inputs (Level 3)
Assets	
Common stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)	$ 1,518,480

Note 3 - Fair Value Measurements (Continued)

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis for the Year Ended December 31, 2009

	Common Stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)
Balance at January 1, 2009	$ 1,518,480
Total unrealized losses included in income	(439,560)
Ending balance at December 31, 2009	$ 1,078,920

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis for the Year Ended December 31, 2008

	Common Stock - Sunflower Landscaping & Maintenance, Inc. (allocated and unallocated portions)
Balance at January 1, 2008	$ 5,028,300
Total unrealized losses included in income	(3,509,820)
Ending balance at December 31, 2008	$ 1,518,480

Of the Level 3 assets still held by the Plan at December 31, 2009, the unrealized loss for the year ended December 31, 2009 was $439,560, which is recognized in investment income in the accompanying statement of changes in net assets (accumulated deficit).

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains and losses for these assets and liabilities presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Note 4 - Investments in Common Stock

The Plan purchased 666,000 shares of Sunflower Landscaping & Maintenance, Inc. common stock.

The Plan's investments in Company stock at December 31, 2009 and 2008 are presented in the following table:

	2009		2008	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	333,000	333,000	266,400	399,600
Cost	$ 4,000,000	$ 4,000,000	$ 3,200,000	$ 4,800,000
Fair value	$ 539,460	$ 539,460	$ 607,392	$ 911,088

Note 5 - Notes Payable - Employer

During 2005, the Plan entered into an $8,000,000 term loan agreement with Sunflower Landscaping & Maintenance, Inc. The proceeds of the loan were used to purchase 666,000 shares of common stock of the Company. The unallocated portion of these shares are pledged against the loan. Shares are released from the pledge annually as principal payments are made on the loan. The note bears interest at 4 percent. Principal and interest payments are due annually, with the last payment scheduled in 2014. Minimum principal payments on this loan to maturity are as follows:

2010	$ 810,689
2011	843,117
2012	876,842
2013	911,915
2014	948,392
Total	$ 4,390,955

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 11, 2006 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Effective February 1, 2009, the Plan was amended to conform to the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001. Current versions of the plan have been filed with the appropriate agency.
