INDEPENDENT AUDITOR'S REPORT

To the Trustee, Board of Directors, and Plan Administrator
Rockview Dairies, Inc. 401(k) Plan
Downey, California

We have audited the accompanying statement of net assets available for benefits of Rockview Dairies, Inc. 401(k) Plan as of March 31, 2010, and the related statement of changes in net assets available for benefits for the year ended March 31, 2010. These financial statements are the responsibility of the Plan management. Our responsibility is to express an opinion on these financial statements based on our audits. The accompanying statements of net assets available for benefits of Rockview Dairies, Inc. 401(k) Plan as of March 31, 2009, was audited by other auditors in the audit of the Plan's financial statements as a whole whose report dated December 6, 2010, expressed an unqualified opinion on those statements.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Rockview Dairies, Inc. 401(k) Plan as of March 31, 2010, and the changes in net assets available for benefits for the year ended March 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of delinquent participant contributions, non exempt transactions, and assets (held at end of year) are presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. These supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statement and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 – Description of the Plan

The following description of Rockview Dairies, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement and/or any amendments regarding specific provisions of the Plan.

General

The Plan is a defined contribution plan covering all full-time eligible employees of Rockview Dairies, Inc. ("Rockview Dairies" or the "Company"), the Plan Sponsor. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An employee is eligible to participate in the Plan upon reaching the age of 21 and after completing three months of service.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code ("IRC") limitations. The Company makes discretionary safe harbor matching and safe harbor non-elective contributions for all eligible employees, regardless of hours of service. Participants may also make rollover contributions of amounts received from other tax-qualified retirement plans.

Administration

An officer of the Company serves as trustee and directs the investments of plan assets, other than investments in self directed accounts. The trustee designated a third-party administrator, Qualified Benefits, Inc., to maintain the records of participant accounts invested in trustee directed investments. The trustee authorized John Hancock USA to serve as custodian and record keeper of participant accounts in self directed investments.

Trustee directed investments

The Plan owns 1,194,917 shares or 87% of the shares of American Commissary Corporation ("ACC"); the remaining 183,144 or 13% of the shares of the ACC are owned by Rockview Dairies, Inc., the Plan Sponsor and administrator. The Plan purchased stock in ACC from various parties beginning in March 1993 over the course of approximately eight years. During the eight year period, the Plan purchased 82,941 shares of ACC stock from Rockview Dairies for $172,623. The Plan's investment in ACC, as of March 31, 2010, was valued at $7,047,115 and constitutes 64% of the Plan's total assets. The Plan increased its investment in ACC stock over the years and the total investment became substantial. The Plan fiduciaries have determined that the Plan's purchase of 82,941 shares of ACC stock directly from Rockview Dairies, a party-in-interest, was a prohibited transaction.

Eagle Foods, Inc. is a customer of Rockview Dairies, the Plan sponsor. In February 2002, the Plan made a $959,588 loan to Eagle, secured by a 4 year 10 month promissory note at an interest rate of 3% above the prime rate. Rockview Dairies guaranteed the loan. Eagle defaulted on the loan and on March 31, 2009 and Rockview Dairies assumed the remaining loan balance of $758,754, with an interest rate of 6.25% as of March 31, 2009. Eagle Foods was and is a customer of Rockview Dairies, which is a party-in-interest. The Plan sponsor has concluded that the guarantee by Rockview Dairies of the Plan's loan to Eagle was an indirect loan between the Plan and a party-in-interest and therefore a prohibited transaction under 406(a) of ERISA.

Note 1 - Description of the Plan (continued)

When Eagle defaulted on the loan, Rockview Dairies assumed the outstanding balance of the note on March 31, 2009 for $758,754. The loan assumption was a direct loan to a party-in-interest and a prohibited transaction under 406(a) of ERISA.

Rockview Dairies repaid the outstanding principal balance of $758,754 and total interest of $43,064 on March 2, 2010.

In addition to the foregoing, trustee directed investments includes two money market accounts at Community Bank and Morgan Wilshire with a total fair market value of $690,626 as of March 31, 2010.

Participant directed investments

Self directed investments consist of a diversified menu of pooled separate and general account investments issued by John Hancock USA.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions and allocations of (a) the Company's contributions and (b) Plan earnings (or losses). Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative expenses

Certain administrative expenses of the Plan are paid by the Company. The Company paid a total of $5,585 in administrative expenses for the year ended March 31, 2010.

Vesting

All of the employer contributions and employee contributions with the exception of employer contributions for the profit sharing portion are immediately vested. Employer contributions for the profit sharing portion are vested as follows:

Years of Service	Vesting Percentage (%)
Less than 3	20%
3	40%
4	60%
5	80%
6	100%

Notwithstanding the foregoing, if a participant is employed by the Company on his normal retirement date (age 65), the date he/she becomes disabled, or the date he/she dies, his/her vested interest in Company contributions on such date accelerates to 100%.

Note 1 - Description of the Plan (continued)

Forfeiture of benefits

If a participant terminates prior to vesting 100% in Company contributions, the forfeited balance will be used to offset administrative expenses or reduce Company contributions.

Participant loans

Participants may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, except for the purchase of a primary residence where the terms shall be no greater than 10 years. The loans are secured by the balance in the participant's account. Principal and interest are paid over the term of the loan with payments made through payroll deductions. Only one loan may be outstanding at a time.

Payment of benefits

Upon termination of service, a participant will receive as benefits either a lump sum amount equal to the value of the participant's vested interest in his/her account, or optional forms of benefits in accordance with the Plan.

Plan termination

Upon termination of service due to death, permanent disability, retirement or early retirement, as defined in the Plan document, a participant may elect to receive a distribution of his or her vested account balance as either a lump-sum amount or as installments. The Plan allows for hardship distributions, as defined in the Plan document. Withdrawals made by terminating participants are based upon the vested balance of their self directed and trustee directed individual accounts at the time of termination and are recorded in the year of distribution.

Note payable

The trustee established a credit facility with American Commissary Corporation in July 2008 and the Plan received advances that were used to fund distributions from participants' trustee directed investment accounts. The Plan received additional advances of $150,000 on May, 7 2009 at an interest rate of 2.25% and $100,000 on December 10, 2009 at an interest rate of 2.25%. Total outstanding borrowings from American Commissary Corporation were $635,282 as of March 31, 2010, which includes a principal balance of $615,000 and accrued interest of $20,282. Subsequent to year end, on July 8, 2010, the Plan repaid the principal balance of $615,000. On July 8, 2010, Rockview Dairies paid the accrued interest of $24,158 on behalf of the Plan.

Total interest expense amounted to $12,113 and $10,622 for the years ended March 31, 2010 and 2009, respectively.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of significant accounting policies (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 3 - Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair value measurements (continued)

The following table summarizes the Plan's investments at March 31, 2010 based on the inputs used to value them:

Investments	Level 1	Level 2	Level 3	Total
Guaranteed accounts	$ -	$ -	$ 68,735	$ 68,735
Money market accounts	690,626	-	-	690,626

Total	$ 690,626	$ 3,042,997	$ 7,187,946	$ 10,921,569

The following table summarizes the Plan's investments at March 31, 2009 based on the inputs used to value them:

Investments	Level 1	Level 2	Level 3	Total
Guaranteed accounts	$ -	$ -	$ 65,022	$ 65,022
Hedge funds	-	-	$ 5,506	5,506

Pooled separate accounts	-	2,003,396	-	2,003,396
Investment in American Commissary Corporation	-	-	8,348,309	8,348,309
Total	$ 6,674	$ 2,003,396	$ 9,249,609	$ 11,259,679

The following table reconciles the beginning and ending fair value of the Plan's Level 3 investments:

Balance, March 31, 2009	$ 9,249,609
Net purchases and loans issued (Net of sales and loan repayments/write off)	(764,260)
Net appreciation of investments	(1,297,403)
Balance, March 31, 2010	$ 7,187,946

Level 1 investments consist of money market accounts that are valued based on quoted prices in active markets. Level 2 investments consist of pooled separate accounts that are valued at net asset value based on quoted market prices of the underlying or similar securities. Level 3 investments consist of guaranteed accounts, a hedge fund, a note receivable, participant loans and an investment in American Commissary Corporation. Guaranteed accounts invest in diversified pool of stable investment contracts and other fixed income securities and are valued based on estimated prices for the underlying investments. Hedge funds are valued at the net asset value of shares held by the Plan at year end. The note receivable is reported at cost, which approximates market value. The note is secured and the collateral used exceeds the cost of the note. Participant loans are reported at face value less amounts deemed uncollectable, which approximates fair value.

Note 3 - Fair value measurements (continued)

The estimated fair value for the investment in American Commissary Corporation is principally based on the estimated fair value of American Commissary Corporation real estate holdings, which is based on independent appraisal as of the end of the year. Purchases and sales of investments are recorded on a trade-date basis. Investment income is reported on the accrual basis.

Note 4 – Allocation of the Plan assets

Contributions are allocated to the various funds based on elections made by the participants. At the end of each plan year, each fund's assets are adjusted to current market value. The net market value increase or decrease is allocated proportionately to each participant's account based on the value of the participant's investment in that fund, compared to the total of all participant investments in that fund as of the end of the previous plan year adjusted for contributions, distributions and transfers. Participants are assigned one unit of value for each $1 of their asset balance.

Note 5 – Risks and uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan's investment in ACC, as of March 31, 2010, was valued at $7,047,115 and constitutes 64% of the Plan's total assets. This concentration could expose participants to the risk of large losses.

Note 6 – Governmental Investigations and correction of ERISA violations

The Department of Labor ("DOL") is currently conducting a formal investigation into the administration of the Plan. The Company has been cooperating fully with the DOL since it opened its investigation in February of 2010.

Note 7 – Income tax status

The Company adopted a prototype Plan that has received an opinion letter on March 31, 2008 from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Internal Revenue Code. The Plan has been amended pursuant to an amendment effective April 1, 2010. The Company believes that the Plan has been operated in accordance with, and qualifies under, the applicable requirements of the Internal Revenue Code and related state statutes, and that the trust, which forms a part of the Plan, will be exempt from Federal and state income taxes.

Note 8 – Party-in-interest

Plan investments in self directed investments are managed by John Hancock USA. John Hancock USA is the custodian with the Plan's Trustees, and therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibitions of party-in-interest transactions under ERISA. Fees paid by the Plan to John Hancock USA for investment management services amounted to $23,313 and $22,176 of the year ended March 31, 2010 and 2009, respectively.

The Plan has self directed loans made to it's participants. As a result, these investments and all transactions relating to these investments were a party-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

Note 9 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts, and Plan assets would be distributed based upon the participants' account balances at that time.

Note 10 – Investments

The following represents the fair values of investments representing the Plan's net assets available for benefits as of March 31, 2010. Fair values of investments that represent five percent or more of the Plan's net assets available for benefits are identified by an asterisk (*):

During the year ended March 31, 2010, the Plan Administrator failed to remit to the Plan's Trustee certain employee contributions totaling $6,802 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the Trustee were due to administrative errors, and the Plan Administrator has made contributions to the affected participant's account prior to year end. This is classified as a delinquent participant contribution on Schedule H of Form 5500, prohibited party-in-interest transaction. As a result of the delinquent contributions, the Plan accrued $48 of interest expense as of March 31, 2010. This amount was paid in January 14, 2011.

Note 13 – Subsequent events
