INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Members of the Profit Sharing Committee of
Pacific Ship Repair and Fabrication, Inc.

I was engaged to audit the statements of net assets available for plan benefits of Pacific Ship Repair and Fabrication, Inc. Profit Sharing Plan (the "Plan") as of December 31, 2009 and 2008 and the related statements of changes in net assets available for plan benefits and supplemental schedules for the years then ended, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the investments and investment transactions as of and for the years ended December 31, 2009 and 2008, which were certified by State Street Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2009 and 2008 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as of and for the years ended December 31, 2009 and 2008 taken as a whole. The form and content of the information included in the 2009 and 2008 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with generally accepted auditing standards and, in my opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution and 401(k) savings plan covering all full-time employees of Pacific Ship Repair and Fabrication (the Company). The Plan includes a 401(k) Savings component and a Profit Sharing component. Eligible employees may participate in the Plan on the first day of employment. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the 401(k) Savings component of the Plan up to fifteen percent of their compensation as defined in the Plan. Employee rollover contributions are also permitted under the Plan. The Company may make matching contributions at the option of the Company's Board of directors, the percentage to be determined annually. Participants must make elective deferrals to the Plan to be eligible to receive the matching contribution.

The Company may make non-elective contributions to the Profit Sharing component at the option of the Company's Board of Directors, the amount to be determined annually. The non-elective contributions will be allocated to all employees eligible to participate in the Plan.

There were no employer contributions to the Profit Sharing or 401(k) Savings components of the Plan for the years ended December 31, 2009 and 2008.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, if any, and Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit than can be provided from the participant's vested account balances. Participants elect the investment fund(s) in which they would like to invest their account balances.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is vested as set forth below:

Years of Service	Non-elective Contributions Vested %	Matching Contributions Vested %
Less than 2 years	0	0
2 years	10	20
3 years	25	40
4 years	40	60
5 years	60	80
6 years	80	100
7 years or more	100	100

Forfeitures

Forfeitures are allocated to a forfeiture account that can be used to reduce future employer contributions or to pay Plan expenses. At December 31, 2009 and 2008, this account totaled $12,280 and $12,277, respectively. Should the Plan terminate, this forfeiture account can be reallocated to participants at that time.

Loans

The maximum amount of any loan is 50% of the participant's vested account balance or $50,000, whichever is lower. Outstanding loan balances bear interest at rates ranging from 5.25% to 10.25%, which rate at inception is 2% above the published prime rate in the Wall Street Journal. Loans are repaid through payroll withholding generally over terms of 1 to 5 years.

Payment of Benefits

Upon death, disability, or normal retirement, as defined in the Plan document, participants become fully vested in their accounts. Benefit payments are made in a lump sum payment or annual installments based on the participant's election. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Corrective distributions are paid to those participants who have made contributions to the Plan in excess of Internal Revenue Code ("IRC") provisions.

Excess Contributions

In order to comply with the contribution limitations of Code Sections 401(k) and 415, the Plan from year to year will refund amounts to certain employees in order to be in compliance with the non-discrimination requirements of the Plan. As of December 31, 2009 there was $3,269 of excess contributions that were refunded to participants in 2010. As of December 31, 2008 there were no excess contributions due participants.

Administrative Expenses

The Company has elected to pay the administrative expenses of the Plan for 2009 and 2008. These administrative expenses totaled approximately $13,693 in 2009 and $13,234 in 2008. In addition, the Plan paid certain administrative fees out of Plan assets totaling $1,275 in 2009 and $1,025 in 2008.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of Pacific Ship Repair and Fabrication, Inc. Profit Sharing Plan (the Plan) include the funds, accounts and activity of the 401(k) Savings and Profit Sharing components of the Plan and have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments in pooled separate accounts are stated at fair value as determined by quoted market prices, if available. Participant loans are valued at cost which approximates fair value (see Note 3).

Funds Held by Trustee

All investments of the Plan are currently held in trust and are administered by the Plan trustee, State Street Bank. The Trustees have certified all of the investment transactions of the Plan. The Plan record keeper is ADP Retirement Services.

Reclassifications

Certain reclassifications have been made to the 2008 financial statements to conform to 2009 presentation.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Money market	$ 927,216	$ 927,216	$ -
Mutual funds	1,988,959	1,988,959	-
Participant loans	92,929	-	92,929
Total	$ 3,009,104	$ 2,916,175	$ 92,929
December 31, 2008			
Money market	$ 794,747	$ 794,747	$ -
Mutual funds	1,629,435	1,629,435	-
Participant loans	73,992	-	73,992
Total	$ 2,498,174	$ 2,424,182	$ 73,992

SFAS No 157, "Fair Value Measurements," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they

generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of guaranteed interest accounts is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of pooled separate accounts (common stock, corporate bonds, and U.S. Government securities) are based on quoted market prices.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

	Participant Loans
December 31, 2009	
Beginning balance	$ 73,992
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances and settlements (net)	18,937
Ending balance	$ 92,929
December 31, 2008	
Beginning balance	$ 69,378
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances and settlements (net)	4,614
Ending balance	$ 73,992

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2009 and 2008 are reported in net appreciation in fair value of investments.

Note 4 – Investments

At December 31, 2009 and 2008, the Plan's investments are held by a bank administered trust fund and invested in participant directed accounts. All bank administered trust funds are stated at quoted market prices.

The following table presents the fair value of these investments as certified by State Street Bank on December 31, 2009 and 2008:

Note 5 – Parties-in-Interest

Certain Plan investments are in investment accounts managed by Morgan Stanley. Morgan Stanley is the Plan investment advisor and investment record keeper as contracted by the Plan and, therefore, these transactions qualified as parties-in-interest.

Note 6 – Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants become fully vested in their account balances and distributions are made to participants based on proportional account balances.

Note 7 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Schedule H of Form 5500:

	2009	2008
Net assets available for benefits per Schedule H of Form 5500	$ 3,009,104	$ 2,498,174
Participant contributions receivable	21,109	24,829
Net assets available for benefits per the financial statements	$ 3,030,213	$ 2,523,003

The following is a reconciliation of the increase in net assets available for Plan benefits per the financial statements at December 31, 2009 and 2008 to Schedule H of Form 5500:

	2009	2008
Increase (Decrease) in net assets available for Plan benefits per Schedule H of Form 5500	$ 510,930	$ (1,003,384)
Add: Contributions receivable at December 31, 2009 and 2008, respectively	21,109	24,829
Less: Contributions receivable at December 31, 2008 and 2007, respectively	(24,829)	(19,341)
Increase in net assets available for Plan benefits per financial statements	$ 507,210	$ (997,896)

Note 8 – Tax Status

The Plan obtained its latest determination letter on June 30, 1995, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of IRC. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. While management believes the plan as presently written complies with the IRC, no assurance can be given without obtaining an updated determination letter from the IRS.

No provision for income taxes has been included in the Plan's financial statements.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Subsequent Event

Effective June 1, 2010 the Plan was amended to change the percentage of compensation a participant may elect to defer. The minimum percentage of compensation a participant may elect to defer is 1% and the maximum percentage of compensation a participant may elect to defer is 80%.
