INDEPENDENT AUDITOR'S REPORT

I was engaged to audit the accompanying statements of net assets available for benefits of the S.D. Deacon Corp 401(k) Profit Sharing Plan (the Plan) as of December 31, 2009 and 2008 and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule of assets held for investment purposes at December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information presented in Notes 4 and 5, which was certified by the Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. I have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008 that the information provided to the plan administrator by the trustee is complete and accurate.

S.D. DEACON CORP
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY DESCRIPTION OF THE PLAN:

The following description of the S.D. Deacon Corp. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, known as the S.D. Deacon Corp. 401(k) Profit Sharing Plan (the Plan), covers all employees of S.D. Deacon Corp., S.D. Deacon Enterprises, Inc., S.D. Deacon Corp. of Oregon, S.D. Deacon Corp. of California, S.D. Deacon Corp. of Washington, Remco-Deacon, Inc. and J.R. Roberts/Deacon Inc. (collectively, the Company) who have six months of service and are age eighteen or older. Effective January 1, 2009, the S.D. Deacon Corp. Prevailing Wage Plan was merged into the S.D. Deacon Corp. 401(k) Retirement Plan. The merger had no impact on the operation of the Prevailing Wage Plan. The Company consists of construction contractors operating primarily in California, Oregon and Washington. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participant contributions to the 401 (k) Plan are entirely discretionary. Participants may make pretax or post tax contributions or both. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The Company contributed 4% of qualified compensation up to the amount of the employee contribution through May 30, 2009. Contributions are subject to certain limitations.

Contributions to the Prevailing Wage Plan are based upon the amount of wages paid to participants for work performed on "prevailing wage" jobs at the rate mandated by the Prevailing Wage Board. The Prevailing Wage Plan is non-contributory, thus employee contributions are not allowed.

Participant Accounts:

Each participant's account is credited with the participant's contribution, the related employer match, the employer prevailing wage contribution and an allocation of (a) the Company's Qualified Non-Elective Contributions, if any, (b) Plan earnings less administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan.

Date of Management's Review

Subsequent events were evaluated through June 17, 2010, which is the date the financial statements issuance date.

NOTE 1 - SUMMARY DESCRIPTION OF THE PLAN (CONTINUED):

Vesting:
Participants are immediately vested in their 401(k) contributions, the Company's matching contribution, the Company's Qualified Non-Elective Contribution, if any, the Company's prevailing wage contribution and the earnings thereon. Vesting in the profit sharing portion of the Company's contribution and earnings thereon is based upon years of continuous service. A participant is 100% vested after seven years (six years if the plan is top heavy) of credited service. At December 31, 2009, all participant accounts were fully vested

Investment Options:
The following investment options were available to Plan participants in 2009:

Registered Investment Companies:

Mid Cap S&P 400 Stock Index

Lifetime 2010
Lifetime 2020
Lifetime 2030
Lifetime 2040
Lifetime 2050

All accounts are participant directed and participants may change their investment options at any time.

Participant Loans:
Participants may borrow from the Plan the lesser of $50,000 or 50% of the participant's vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from 1 - 5 years and are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Principal Life Insurance Company. At December 31, 2009 interest rates ranged from 5.25% to 11% per annum. Principal and interest are paid ratably in weekly installments through payroll deductions.

NOTE 1 - SUMMARY DESCRIPTION OF THE PLAN (CONTINUED):

Payment of Benefits:

On termination of service, a participant may elect to receive either a lump-sum payment equal to the vested value of his or her account, or annual installments over the remaining life of the participant and/or his spouse.

Forfeitures:

The non-vested portion of a terminated participant's account may first be used to pay administrative expenses of the Plan. Forfeitures in excess of Plan administrative expenses shall be applied to reduce the Company Matching Contributions. Participant's accounts derived from Elective Deferrals, Qualified Non-Elective Contributions, Employee Contributions, Qualified Matching Contributions and Prevailing Wage Contributions are not subject to forfeiture. At December 31, 2009, there were no unallocated forfeitures.

Administrative Expenses:

Certain costs of administering the Plan are absorbed by the Plan Sponsor.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES:

The Plan's financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Loans to Participants are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits:

Benefits payable to terminated participants are recognized when paid. At December 31, 2009, vested benefits payable to terminated participants totaled $4,548,640.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The information contained in Notes 4 and 5 and the supplemental Schedule of Assets Held at Year End was obtained from data that has been prepared and certified as complete and accurate as of December 31, 2009 by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company (Delaware Charter), a member of the Principal Financial Group. The net appreciation of value related to these assets during the year ended December 31, 2009 totaled $4,627,453.

NOTE 4 – FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

SFAS No. 157, *Fair Value Measurements,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 and Level 2 inputs were not available.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED):

Level 1Fair Value Measurements

The fair value of investments in registered investment companies (mutual funds) is based on the quoted market prices of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair values of Insurance Co. Investment Funds for which quoted market price are not available are based upon the market value of the underlying assets and quoted prices for similar assets in active or non-active markets. These investments are similar to mutual funds but they are only available to Principal Financial Group annuity contract holders. The change in market value from year to year is reported as gains or losses in the Pooled Separate Accounts. Participating plans do not share in the realized gains and losses from the sales of investments in the pool.

Level 3 Fair Value Measurements

The fair value of the guaranteed investment contract is the amount that plan participants would receive currently if they were to withdraw or transfer funds within the plan prior to their maturity. Participant loans are reported at unpaid balances which approximates fair value. There is no existing exit market for these loans as all transactions are restricted to participants and the Plan Sponsor. These loans can not be assumed or sold to outside parties. There is no credit risk associated with these loans as any participant defaults are deemed taxable distributions to the participant. The following table provides further details of the Level 3 fair value measurements:

Fair Value Measurement Using Significant Inputs (Level 3)

	Investment Contract	Participant Loans	Total

NOTE 7 – RELATED PARTY TRANSACTIONS:

The Plan sponsor pays a portion of the Plan's administration and compliance costs.

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and administrative services provided by Principal Life Insurance Company amounted to $50,095.

NOTE 8 – PLAN TERMINATION:

The Plan was established with the intention and expectation that it will continue indefinitely, however, the Company has the right to terminate the Plan at any time. In the event of termination, the balance of the accounts of all participants shall become fully vested.

NOTE 9 - TAX STATUS:

The S.D. Deacon Corp 401(k) Retirement Plan received a favorable determination letter October 23, 2002. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income tax has been included in the Plan's financial statements.

NOTE 10 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
