INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustee
of The Garlic Company
401(k) Retirement Plan

We were engaged to audit the financial statements of The Garlic Company 401(k) Retirement Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Great-West Life and Annuity Insurance Company, the record keeper of the Plan as agent for Joseph R. Lane, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the record keeper holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the agent on behalf of the trustee, as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the agent for the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the agent on behalf of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of The Garlic Company 401(k) Retirement Plan ("the Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Garlic Company 401(k) Retirement Plan is a defined contribution plan covering all employees of The Garlic Company ("the Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participation

Employees (other than those under the age of 21) of the Company may begin participating in the Plan on the entry date after they complete one year and 1,000 hours of service.

Contributions

Eligible employees may elect to contribute up to 15% of their total eligible compensation to the Plan, subject to a maximum dollar limitation under Section 402(g)(1) of the Internal Revenue Code (IRC) as adjusted for cost-of-living increases. The Plan also allows the Company to match an employee's contributions, on a discretionary basis, up to 2% of the employee's salary. Participant contributions combined with Company contributions to the Plan on behalf of each participant may not, on an annual basis, exceed maximum limitations subject to cost-of-living adjustments under Section 415(d) of the IRC or 25% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings. Loan repayments are credited to the individual's account. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in all employee pretax contributions, rollover contributions and any earnings thereon. Vesting in the Company's contribution portion of their accounts and actual earnings thereon is based on years of continuous service. A participant becomes vested in 20% increments per year and is fully vested at the end in the fifth qualified year of service. A participant's interest in Company contributions shall become 100% vested without regard to years of service if (1) the participant is an employee of the Company on or after normal retirement age, or (2) on the death or disability of the participant while an employee.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Distributions

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, monthly installments over the participant's expected life span, or a series of flexible payments, as may be required. On termination of service for other reasons, a participant is eligible to receive the balance of the vested portion of his or her account. Withdrawals are also permitted for financial hardship, which is determined pursuant to the provisions of the IRC.

A lump-sum distribution may be required when the value of the termination benefit does not exceed $1,000.

Forfeited Accounts

At December 31, 2010, forfeited non-vested accounts totaled $542. This amount will be allocated to eligible participants in 2011 in accordance with plan provisions.

Termination of the Plan

The Company expects to continue the Plan indefinitely, but it does not assume an obligation to do so, and the right is reserved to the Company, by action of its Partners, to terminate the Plan or completely discontinue contributions. In the event of termination of the Plan, the assets will be distributed in accordance with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and participants will become fully vested in Company contributions without regard to their years of service.

Administrative Expenses

The Company pays substantially all the cost of administering the Plan with the exception of transaction and loan administration fees, which are deducted from the fund balances.

Notes Receivable from Participants

Participants may borrow up to one-half of their vested account balance with a minimum loan amount of $1,000 and a maximum of $50,000. The loans are secured by the balance in the participant's account and bear interest at rates that range from approximately four percent to ten percent. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management Review
Subsequent events were evaluated thru June 21, 2011, which is the date the financial statements were able to be issued.

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Cash and Cash Equivalents
All short-term investments with an original maturity of less than three months are considered cash equivalents. Funds whose underlying assets consist of investments with original maturities of less than three months are considered cash equivalents and included in the value of the fund.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions
Contributions from employees and employer matching contributions are recorded in the period in which payroll deductions are made. Discretionary profit sharing contributions to the Plan are recorded as an addition to net assets in the fiscal year during which the profit sharing contributions are approved by the Company.

Benefits Payable
Payables are recorded for persons who have terminated service and requested a withdrawal prior to year end as well as excess contributions.

Reclassification
Certain amounts in the 2009 financial statements have been reclassified to conform to the

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments and Investment Income
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options
Participant and Company contributions are invested, as designated by the participants, in one or any combination of the registered investment company mutual funds. See fund prospectuses for a complete description of the investment objectives and other information about the fund options.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using	
	Fair Value	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2010			
Variable Annuities	$ 1,633,352	$ 1,633,352	$ -
Investment contract with insurance company	566,288	566,288	-
Total	$ 2,199,640	$ 2,199,640	$ -

NOTE 3: FAIR VALUE MEASUREMENTS (CONTINUED)

	Fair Value	Fair Value Measurements Using: Significant Other Observable Inputs (Level 2)	Fair Value Measurements Using: Significant Unobservable Inputs (Level 3)
December 31, 2009			
Variable Annuities	$ 1,512,215	$ 1,512,215	$ -
Investment contract with insurance company	330,167	330,167	
Total	$ 1,842,382	$ 1,842,382	$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted market prices.

Level 2 Fair Value Measurements

The fair values of certain investment contracts are based on observable inputs other than the quoted prices included in Level 1. Thus the fair value of the investment contracts are based on yields for securities of comparable maturity, quality and type.

NOTE 4: INCOME TAXES

The Internal Revenue Service has determined and informed the sponsor of the master plan and trust agreement (Great-West Life and Annuity Insurance Company) by a letter dated August 25, 1994, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. As a result, no provision for federal or state income taxes is recorded in the accompanying financial statements. Participants are not expected to be subject to federal income taxes for contributions made by the participants or by the Company. Distributions from the Plan may be taxable to participants at or after the date of distribution.

NOTE 5: BENEFITS PAYABLE

As of December 31, 2010, excess contribution payable totaled $4,492 and benefits to terminated individuals totaled $85,077. At December 31, 2009, excess contribution payable totaled $5,820 and benefits to terminated individuals totaled $17,301.

NOTE 6: SUMMARY OF FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under this election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Life and Annuity Insurance Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.
