NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

1. PLAN DESCRIPTION:

The following description of Fuscoe Engineering, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General:

Effective December 1, 1993, Fuscoe Engineering, Inc. (the Company) adopted the Plan. The Plan is a deferred profit-sharing plan covering all full-time employees of the Company who are age eighteen or older. The Plan does not have a service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees of the Plan are certain Company officers. The custodian of the plan is Fidelity Management Trust Company. The Plan was restated effective January 1, 2003 to incorporate changes required by ERISA and to change the Plan's name from Fuscoe Engineering, Inc. Retirement Savings Plan to Fuscoe Engineering, Inc. 401(k) Profit Sharing Plan & Trust.

b. Contributions:

Participants can contribute up to the lesser of 25% of pretax annual compensation or the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-five mutual funds as investment options for participants. Matching and profit sharing contributions may be made at the option of the Company's board of directors. The Company made matching contributions of 15% of the participant's contribution from January 1, 2008 through June 30, 2008. Effective July 1, 2008, the Company stopped matching contributions.

c. Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the employer matching contributions and, (b) Plan earnings (losses), and charged with administrative expenses that are specific to the participant's account. General Plan administrative expenses are paid by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. PLAN DESCRIPTION (CONTINUED):

d. Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is also immediate.

e. Payment of Benefits:

On termination of service, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in one lump sum distribution.

f. Participant Loans:

Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

g. Plan Amendments:

In January 2003, the Plan was restated to comply with the Uruguay Round Agreements, the Uniformed Services Employment and Reemployment Rights Act of 1994, the Small Business Job Protection Act of 1996, the Taxpayer Relief Act of 1997, the Internal Revenue Restructuring and Reform Act of 1998 and the Community Renewal Tax Relief Act of 2000.

In March 2005, the Plan was amended to include automatic rollover provisions. Under these new provisions, the Plan can make automatic rollovers of vested account balances that are not more than $5,000.

On April 26, 2007, the Company adopted a merger and transfer agreement in which the Fuscoe Engineering, Inc. - San Diego 401(k) Profit Sharing Plan and Trust (the San Diego Plan) was merged with the Plan, effective January 1, 2008.

Effective July 1, 2007, the Plan was amended and restated for the purpose of transferring assets to a new Plan custodian and third party administrator, Fidelity Management Trust Company.

1. PLAN DESCRIPTION (CONTINUED):

   h. Reconciliation to Form 5500:

      For the years ended December 31, 2009 and 2008, there were no adjustments necessary to reconcile the financial statements to Form 5500.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

   a. Basis of Accounting:

      The accompanying financial statements of the Plan are prepared using the accrual method of accounting.

   b. Accounting Estimates:

      The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

   c. Investment Valuation and Income Recognition:

      The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

   d. Net Appreciation/(Depreciation) in Fair Value of Investments:

      Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation or on the last day of the year for unrealized appreciation.

   e. Administrative Expenses:

      The Plan's administrative expenses are paid by the Company. Expenses related to the Plan's investment activities are paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

f. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

g. Tax Status:

The Plan obtained its latest determination letter on December 19, 1994, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

h. Risks and Uncertainties:

The Plan provides for investments held in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in the value of mutual funds, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

Additionally, many mutual funds provided for investment in the securities of foreign companies, which involves special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities of comparable U.S. companies.

i. Date of Management's Review

Subsequent events were evaluated through August 2, 2010, which is the date the financial statements were available to be issued.

4. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits as follows:

December 31, 2009

	Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 8,356,461	$ 8,356,461	$ -
Participant loans	136,794	-	136,794
	$ 8,493,255	$ 8,356,461	$ 136,794

December 31, 2008

	Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 7,270,965	$ 7,270,965	$ -
Participant loans	185,414	-	185,414
	$ 7,456,379	$ 7,270,965	$ 185,414

SFAS No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

4. FAIR VALUE MEASUREMENTS (CONTINUED):

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements - Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

	Participant Loans	
	2009	2008
Beginning balance	$ 185,414	$ 172,659
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-	-
Purchases, issuances and settlements, net	(48,620)	12,755
	$ 136,794	$ 185,414

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2009 and December 31, 2008 are reported in net appreciation/(depreciation) in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

1. PLAN DESCRIPTION:

The following description of Fuscoe Engineering, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General:

Effective December 1, 1993, Fuscoe Engineering, Inc. (the Company) adopted the Plan. The Plan is a deferred profit-sharing plan covering all full-time employees of the Company who are age eighteen or older. The Plan does not have a service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees of the Plan are certain Company officers. The custodian of the plan is Fidelity Management Trust Company. The Plan was restated effective January 1, 2003 to incorporate changes required by ERISA and to change the Plan's name from Fuscoe Engineering, Inc. Retirement Savings Plan to Fuscoe Engineering, Inc. 401(k) Profit Sharing Plan & Trust.

b. Contributions:

Participants can contribute up to the lesser of 25% of pretax annual compensation or the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-five mutual funds as investment options for participants. Matching and profit sharing contributions may be made at the option of the Company's board of directors. The Company made matching contributions of 15% of the participant's contribution from January 1, 2008 through June 30, 2008. Effective July 1, 2008, the Company stopped matching contributions.

c. Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the employer matching contributions and, (b) Plan earnings (losses), and charged with administrative expenses that are specific to the participant's account. General Plan administrative expenses are paid by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. PLAN DESCRIPTION (CONTINUED):

d. Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is also immediate.

e. Payment of Benefits:

On termination of service, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in one lump sum distribution.

f. Participant Loans:

Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

g. Plan Amendments:

In January 2003, the Plan was restated to comply with the Uruguay Round Agreements, the Uniformed Services Employment and Reemployment Rights Act of 1994, the Small Business Job Protection Act of 1996, the Taxpayer Relief Act of 1997, the Internal Revenue Restructuring and Reform Act of 1998 and the Community Renewal Tax Relief Act of 2000.

In March 2005, the Plan was amended to include automatic rollover provisions. Under these new provisions, the Plan can make automatic rollovers of vested account balances that are not more than $5,000.

On April 26, 2007, the Company adopted a merger and transfer agreement in which the Fuscoe Engineering, Inc. - San Diego 401(k) Profit Sharing Plan and Trust (the San Diego Plan) was merged with the Plan, effective January 1, 2008.

Effective July 1, 2007, the Plan was amended and restated for the purpose of transferring assets to a new Plan custodian and third party administrator, Fidelity Management Trust Company.

1. PLAN DESCRIPTION (CONTINUED):

   h. Reconciliation to Form 5500:

      For the years ended December 31, 2009 and 2008, there were no adjustments necessary to reconcile the financial statements to Form 5500.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

   a. Basis of Accounting:

      The accompanying financial statements of the Plan are prepared using the accrual method of accounting.

   b. Accounting Estimates:

      The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

   c. Investment Valuation and Income Recognition:

      The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

   d. Net Appreciation/(Depreciation) in Fair Value of Investments:

      Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation or on the last day of the year for unrealized appreciation.

   e. Administrative Expenses:

      The Plan's administrative expenses are paid by the Company. Expenses related to the Plan's investment activities are paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

f. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

g. Tax Status:

The Plan obtained its latest determination letter on December 19, 1994, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

h. Risks and Uncertainties:

The Plan provides for investments held in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in the value of mutual funds, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

Additionally, many mutual funds provided for investment in the securities of foreign companies, which involves special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities of comparable U.S. companies.

i. Date of Management's Review

Subsequent events were evaluated through August 2, 2010, which is the date the financial statements were available to be issued.
