CERTIFIED PUBLIC ACCOUNTANTS

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator
Vizza Wash, L.P. 401(k) Plan
San Antonio, Texas

We were engaged to audit the accompanying Statements of Net Assets Available for Benefits of the Vizza Wash, L.P. 401(k) Plan (the Plan) as of December 31, 2010 and 2009, the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the supplementary Schedule of Assets (Held at End of Year), and Schedule of Delinquent Participant Contributions, as of and for the year ended December 31, 2010. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by Principal Life Insurance Company (Principal), the custodian and record keeper of the Plan during 2010 and 2009, except for comparing the information with the related information included in the 2010 and 2009 financial statements and supplementary information. We have been informed by the Plan administrator that Principal holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from Principal, as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by Principal is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary information taken as a whole. The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by Principal, have been audited by us in accordance with United States generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Plan Description

The following description of the Vizza Wash, L.P. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted on January 1, 2000, is a defined contribution profit sharing plan with a 401(k) option covering all eligible employees of Vizza Wash, L.P. (the Company). The Plan has been amended and restated to comply with several legislative changes effective August 29, 2009. To be eligible to participate in the Plan, an employee must have completed 1,000 hours of service during a 12 consecutive-month period and be age twenty-one or older. All employees of the Company are eligible, except for nonresident alien employees with no United States source income, employees that are not represented for collective bargaining purposes by any bargaining unit, and individuals providing services to the Company under a written agreement that states the individual is not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percent of their salary up to the maximum allowable under the Internal Revenue Code (IRC) regulations, which is $16,500 for the 2010 and 2009 plan years. Employees who have attained the age of 50 years may make catch-up contributions of $5,500 in 2010 and 2009, which increases the maximum allowable contribution to $22,000 in 2010 and 2009. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes $0.50 for each $1.00 that a participant contributes to the Plan; however, no match will be made in excess of $1,250 for a plan year. The Company may also contribute a discretionary matching contribution as determined each year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contribution, the Plan earnings, and forfeitures. Allocations are based on participant earnings or account balances, as defined in the Plan documents. The expenses of operating and maintaining the Plan may be paid by the Company; if not, they are paid from the Plan's assets. However, any administrative expenses attributable to a single sum benefits payment fee for a distribution other than at death, total or permanent disability, or retirement, are deducted from the Plan participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in their contributions, plus actual earnings thereon. A participant's interest in the contributions the Company makes to the Plan becomes vested in accordance with a vesting schedule based on hours of service. A year of vesting occurs when an employee has at least 1,000 hours of service in one year; 100% vesting is reached after five years of continuous service.

Vesting Service (Whole Years)	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Note 1: Plan Description (Continued)

Investment Options

Upon enrollment in the Plan, participants may direct employee contributions in any of the designated investment options with Principal Life Insurance Company (Principal). Participants should refer to the Plan document for a complete listing of investment options. Participants may change their investment options at their discretion in accordance with the Plan's provisions.

Benefit Distributions

Upon termination of service due to death, hardship, disability, retirement, or termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

In the event of participant forfeiture, the non-vested portion of the participant's account is forfeited and applied as a reduction to future company contributions or to offset plan expenses during the year. In 2010 and 2009, company contributions were reduced by $2,580 and $4,912, respectively, and administrative expenses were reduced by $0 each year, from forfeited non-vested accounts.

Note 2: Summary of Significant Accounting Policies

Plan Administration

The Company is the Plan administrator. Expenses incident to the administration of the Plan, such as administrative and auditing services, are paid by the Company.

Trust Fund

Under the terms of the trust agreement between the Company and the three individual trustees, the trustees manage the trust fund on behalf of the Plan. The trustees have the authority to select the investment options which are then made available to the Plan participants. One trustee is an employee of the Company and participant in the Plan, while the other two are partners of the Company.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets and liabilities available for benefits, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported changes in net assets available for plan benefits during the reporting period. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits paid to participants are recorded when paid and excess deferrals are recorded as accrued.

Contributions

Refundable contributions as of December 31, 2010 and 2009 were $2,584 and $1,557, respectively, which have been reflected as a reduction of participant contributions on the Statements of Changes in Net Assets Available for Benefits.

Plan Expenses

All expenses incurred in the administration of the Plan are paid by the Plan. The Company paid certain other administrative expenses of the Plan, and the Plan is under no obligation to repay the Company for those amounts; therefore, no liability has been recorded.

Note 3: Plan Termination

While it is the intention of the employer to continue the Plan, the Company has the right under the Plan to amend the Plan, discontinue its contributions at any time, or terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination by the Company, participants' accounts will become 100% vested and non-forfeitable.

Note 4: Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this method of compliance, no audit procedures were performed by independent certified public accountants with respect to information certified by Principal.

Information regarding investments and related transactions and revenue included in the accompanying financial statements and supplementary information has been certified by Principal to be complete and accurate.

Note 5: Investments

The following table presents the individual investment securities that exceeded 5% of the Plan's net assets available for benefits at December 31:

	Number of Shares	Per Share Net Value	Fair Value

The net appreciation of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) for the years ended December 31, is as follows:

	2010	2009
Pooled separate accounts	$ 181,394	$ 222,589
Guaranteed interest account	693	991
Total Appreciation	$ 182,087	$ 223,580

Note 6: Tax Status

The Internal Revenue Service has determined, and informed the Company by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. The Plan relies on Principal's determination letter. The Plan is a prototype plan and an individual determination letter is not considered necessary.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2010, there were no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Investment Contract with Insurance Company

The Plan provides an investment option to invest in a non benefit-responsive guaranteed interest account with Principal. Principal maintains the contributions in a general account. The account is credited with a guaranteed and fixed rate of return. The guaranteed interest account is contractually obligated to repay the principle and specified interest rate that is guaranteed to the Plan by Principal.

The guaranteed interest account is non benefit-responsive, and therefore fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account.

The guaranteed interest account promises contract value for a benefit event, such as a termination, death, disability or retirement. However, there is a market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity or for a non-benefit event such as a withdrawal from the account for a change in investment option.

The guaranteed interest account does not permit Principal to terminate the agreement prior to the scheduled maturity date.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9: Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 9: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled Separate Accounts are valued at net asset value as reported by the investment manager of the fund.

Guaranteed Interest Account – Fair value represents the value the Plan would receive if the contract was terminated, which is book value less an early withdrawal charge.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments, could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Level 3	Total

(a) Accounts in these funds are invested in a diversified portfolio of domestic and/or foreign stocks to achieve a long-term rate of return.
(b) Accounts in these funds are invested in both stocks and bond components to achieve a moderate allocation.
(c) Accounts in these funds are invested in various types of domestic and/or foreign debt securities to achieve a long-term rate of return, while preserving capital.
(d) Accounts in this fund provide a stated rate of return based on contractual provisions.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

	Level 3
Guaranteed Interest Account:	
Balance, beginning of year	$ 88,710
Realized gains or (losses)	2,500
Unrealized gains or (losses)	686
Purchases	16,998
Sales	(12,977)
Balance, End of Year	$ 95,917

Gains and losses (realized and unrealized) included in changes in net assets for the year ended December 31, 2010, are reported in net appreciation/depreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

Note 10: Related Party Transactions

Certain plan investments are shares of mutual funds and a common collective trust, managed by Principal, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $8,612 and $7,155 for the years ended December 31, 2010 and 2009, respectively.

Note 11: Non-exempt Transactions

During the Plan's year ended December 31, 2010, employee withholdings in the amount of $346 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company computed the lost earnings and subsequently remitted those earnings to the Plan. The Company has taken the appropriate steps to correct the situation, and has further implemented a procedure to ensure all future remittances are done within the prescribed period.

Note 12: Reclassifications

Certain reclassifications have been made to the 2009 financial statement presentation to correspond to the current year's format. Net assets available for benefits and changes in the net assets available for benefits are unchanged due to these reclassifications.

Note 13: Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 1,382,863	$ 1,184,920
Add: Refundable contributions payable	2,584	1,577
