INDEPENDENT AUDITOR'S REPORT

September 27, 2011

To the Administrative Committee
Logix Communications, LP 401(k) Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Logix Communications, LP 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule as of December 31, 2010. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 5 and 6, which was certified by ING Life Insurance and Annuity Company, the current custodian of the Plan and Principal Life Insurance Company, the former custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodians regarding the completeness and accuracy of the information summarized in Notes 5 and 6 that was provided to the Plan administrator by the current custodian as of and for the period from March 1, 2010 to December 31, 2010 and the former custodian from January 1, 2010 to February 28, 2010 and as of December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As described in Note 2, the Plan adopted Financial Accounting Standards Board Accounting Standards Update 2010-25, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, as of December 31, 2010, which clarified how loans to participants should be classified and measured by defined contribution pension plans. This update was retrospectively applied to December 31, 2009.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF PLAN

The following description of the Logix Communications, LP 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document agreement. Logix Communications, LP, Inc. and affiliates (A.L.I. Aircraft Leasing, Inc., HWR Holdings, Henriksen Enterprises, Inc., Henriksen Foundation, WCF, LLC, and S.T.A. Company) are herein collectively referred to as the "Company," the "Employer," or "Sponsor."

Effective May 5, 2008 Austin Executive Airport Services, LLC an affiliate of Logix Communications, LP, adopted the Plan without a material financial impact to the Plan.

General – The Plan is a defined contribution plan covering substantially all employees of the Company who have completed one year of service with the Company and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Internal Revenue Service ("IRS") has determined and informed the Plan's trustee by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC").

Change in Custodians – The Plan changed its custodian from Principal Life Insurance Company to ING Life Insurance and Annuity Company ("ING") effective March 1, 2010.

Contributions – Participants may contribute to the Plan an amount not to exceed 100% of their compensation. The Company may contribute to the Plan a discretionary matching amount to be divided among all eligible participants so that each individual receives the same percentage of taxable wages or salary (without any additional exclusions). Each participant's annual contribution shall not exceed the maximum amount allowed for deferral for federal taxes, which for 2010 and 2009 was $16,500, plus additional "catch up" contributions for employees over the age of 50 as permitted by law. Additionally, the Company may contribute to the Plan a discretionary nonelective amount. No matching or discretionary nonelective contributions were made by the Company for 2010 and 2009. Total participant contributions are subject to certain limitations.

1. DESCRIPTION OF PLAN (continued)

If a participant makes a contribution during any year in an amount which exceeds the maximum amount allowed under IRS rules pertaining to highly compensated employees, the matching Company contribution on such additional participant contribution may be forfeited by the participant, and applied to reduce the Plan maintenance expenses and Employer's matching contribution to the Plan for the following year. Any participant contributions that are ultimately determined to exceed the maximum amount allowed under IRS rules pertaining to highly compensated employees will be returned to the participant. The Plan failed the discrimination test for the 2010 Plan year (Note 12). There were no corrective distributions in 2009.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, Plan earnings, and forfeitures of the non-vested portion of terminated participants' accounts. The various participant allocations are based on participant earnings or account balances, as defined in the Plan document agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their contributions (including rollovers) plus actual earnings thereon. Vesting in the Company's contributions is generally based on years of service with the Company. Participants vest 20% per year and are 100% vested after five years of credited service. Participants also become fully vested in the entire amounts allocated to their accounts upon reaching 59 ½ years of age or if employment is terminated by reason of total and permanent disability or death.

Forfeitures may offset the employer's contribution or payment of plan expenses. During 2010 and 2009, the Company had no forfeitures.

Payment of Benefits – A participant whose employment terminates for any reason (except death) is entitled to receive the vested portion of his/her account in the form of a lump sum payment (with appropriate taxes withheld) or a qualified rollover.

Unless earlier payment is elected by terminated employees, benefit payments do not commence earlier than the last day of the Plan year in which a participant ceases to be an employee or experiences a break in service. During this interim period, terminated employees are considered to be Plan participants for reporting purposes and accordingly, benefits due such terminated employees are included in net assets available for benefits.

1. DESCRIPTION OF PLAN (continued)

Notes Receivable From Participants – A participant may apply to the designated trustee for a loan under the Plan. All loans made by the trustees shall be subject to the terms and conditions set forth in the Plan document agreement. The smallest amount that may be borrowed is $1,000, and the maximum amount that may be borrowed is the lesser of: a) one-half of the participant's vested account balance, reduced by any outstanding loan balance, or b) $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Interest rates on loans ranged 5.25% to 10.25% and 5.00% to 10.25% as of December 31, 2010 and 2009, respectively. Repayments on the loan balance, plus interest, shall be made through payroll deductions, not to exceed five years, unless the loan was obtained to acquire a principal residence, then over a reasonable period of time as determined by the trustee but not to exceed thirty years. A participant may only have one loan outstanding at any one time. Participant loans are collateralized by the participant's accounts.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared using the accrual method of accounting, which reflects earning on investments in the period earned and distributions to participants in the period paid.

Use of Estimates – The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Benefits Payable – Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan but not yet been paid are not accrued. At December 31, 2010 and 2009, there were no amounts payable to participants.

Recent Accounting Pronouncements

In September 2010, FASB issued an amendment, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was effective for periods ending after December 15, 2010, with early adoption permitted. This amendment requires retrospective application to all periods presented.

This amendment was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling $192,755 from investments to notes receivable as of December 31, 2009. There was no impact to the net assets as of December 30, 2009, as a result of the adoption.

3. INVESTMENTS

The following table presents the fair value of the Plan's investments that represent 5% or more of the Plan's net assets at December 31, 2010 and/or 2009:

4. GUARANTEED INVESTMENT CONTRACT WITH UNION BOND AND TRUST COMPANY

For the year ended December 31, 2009, the Plan was in a benefit-responsive guaranteed investment contract with Union Bond and Trust Company ("Union"). Union maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Union, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may

ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. GUARANTEED INVESTMENT CONTRACT WITH UNION BOND AND TRUST COMPANY (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 was $612,974. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 4%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2009
AVERAGE YIELDS:	
Based on actual earnings	2.634%
Based on interest rate credited to participants	2.634%

For the year ended December 31, 2010, the Plan was not invested in any fully benefit responsive guaranteed investment contracts.

5. INFORMATION CERTIFIED AND PROVIDED BY ING LIFE INSURANCE AND ANNUITY COMPANY

The following is a summary of the Plan's asset information as of December 31, 2010, and for the period from March 1, 2010 to December 31, 2010, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from ING ("custodian") that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFO 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	DECEMBER 31, 2010
INVESTMENTS AT FAIR VALUE:	
Mutual funds	$ 4,768,851
Guaranteed investment contract	$ 489,293
NOTES RECEIVABLE FROM PARTICIPANTS	$ 134,347

ING certified the completeness and accuracy of $576,352 of appreciation in fair value of investments and $9,764 of interest related to the aforementioned Plan assets for the period from March 1, 2010 to December 31, 2010.

6. INFORMATION CERTIFIED AND PROVIDED BY PRINCIPAL LIFE INSURANCE COMPANY

The following is a summary of the Plan's asset information as of December 31, 2009 and for the period from January 1, 2010 to February 28, 2010, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from Principal, the former custodian, that information provided to the Plan Administrator by the former custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFO 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	DECEMBER 31, 2009
INVESTMENTS AT FAIR VALUE:	
Mutual funds	$ 3,556,474
Guaranteed investment contract	$ 612,974
NOTES RECEIVABLE FROM PARTICIPANTS	$ 192,755

Principal certified the completeness and accuracy of $8,226 of appreciation in fair value of investments and $2,316 of interest related to the aforementioned Plan assets for the period from January 1, 2010 to February 28, 2010.

7. FAIR VALUE MEASUREMENTS

ASC 820-10 Fair Value Measurements ("ASC 820-10") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). An asset of liability's classification within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

7. FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) or shares held by the Plan at year end.

Stable value fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarch, the Plan's assets at fair value as of December 31, 2010 and 2009:

DECEMBER 31, 2010	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	$ 4,768,851	$ –	$ –	$ 4,768,851
Stable value fund	–	489,293	–	489,293
Total investments at fair value	$ 4,768,851	$ 489,293	$ –	$ 5,258,144

DECEMBER 31, 2009	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	$ 3,556,474	$ –	$ –	$ 3,556,474
Stable value fund	–	612,974	–	612,974
Total investments at fair value	$ 3,556,474	$ 612,974	$ –	$ 4,169,448

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document agreement to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

9. TAX STATUS

Effective July 22, 2003, the Plan adopted a nonstandard form of a prototype plan sponsored by Principal. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

9. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Therefore, no provision for income taxes has been included in the Plan's financial statements.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits from the accompanying financial statements to the Form 5500 at December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits from the accompanying financial statements	$ 5,400,030	$ 4,358,089
Adjustment from fair value to contract value for fully benefit-responsive contracts	–	4,114
Excess contributions payable	12,928	–
Employee contributions receivable	(20,467)	–
Net assets available for benefits from the Form 5500, at fair value	$ 5,392,491	$ 4,362,203

The following is a reconciliation of a change in net assets available for benefits from the accompanying financial statements to the Form 5500 for the year ended December 31, 2010:

Net change in net assets available for benefits from the accompanying financial statements	$1,041,941
Prior year adjustment from fair value to contract value	(4,114)
Excess contributions payable	12,928
Employee contribution receivable	(20,467)
Net change in net assets available for benefits from the Form 5500	$1,030,288

11. RELATED PARTY TRANSACTIONS

The Plan invests in pooled separate accounts and common/collective trust managed by ING. Transactions in such investments qualify as parties-in-interest transactions which are exempt from ERISA's prohibited transaction rules. These transactions are identified in the supplemental schedule.

12. EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination tests for the year ended December 31, 2010. Excess contributions amounting to $12,928 are recorded as liability in the accompanying statement of net assets available for benefits and as a reduction of participant – directed contributions for the year. The Plan reimbursed these excess contributions to its participants before March 15, 2011.

13. SUBSEQUENT EVENT

Subsequent events have been evaluated through September 27, 2011, the date which the financial statements were available to be issued.
