Notes to the Financial Statements

UROLOGY SAN ANTONIO, P.A. 401(k) PROFIT SHARING PLAN
December 31, 2010 and 2009

NOTE 1. DESCRIPTION OF PLAN

This summary of significant accounting policies of Urology San Antonio, P.A. 401(k) Profit Sharing Plan (the "Plan") is presented to assist in understanding the Plan's financial statements. The financial statements and notes are the representation of the Plan's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in preparing the financial statements.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a new comparability plan covering all employees of Urology San Antonio, P.A. (the "Employer") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Employee - Participants can contribute either in whole percentages from 1% to 100%, or in whole dollar amounts of pre-tax annual compensation, as defined in the Plan up to the annual dollar limit allowed by the Internal Revenue Code. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions up to the maximum amount allowable under the Internal Revenue Code.

Matching - The Employer may make a discretionary matching contribution. For the year ended December 31, 2010, the Employer made monthly matching contributions. The monthly match was 4% of eligible participant's elective deferrals. Participants are eligible to receive the matching contribution provided they are employed on the last day of the month and making pre-tax salary deferral contributions. Matching contributions totaled $134,507 for the year ended December 31, 2010.

Profit Sharing (Non-Elective) - The Employer makes a non-elective contribution on behalf of each allocation group as defined in the Plan document. The Employer made quarterly non-elective contributions during the year ended December 31, 2010. Profit sharing (non-elective) contributions totaled $1,409,042 for the year ended December 31, 2010.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Rollovers

The Plan permits rollovers from qualified plans. For the year ended December 31, 2010, rollovers totaled $126,570.

Participant Accounts

Each participant's account is credited with the participant's contribution and the allocation of (a) the Employer's discretionary matching contribution, (b) the Employer's profit sharing (non-elective) contribution and, (c) Plan earnings. Each participant's account is charged with an allocation of administrative expenses based on their account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer contributions plus earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service as follows:

Years of Service	Vesting Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum of 50% of their vested account balance or $50,000, whichever is less. The notes are secured by the balance in the participant's account, must be repaid within five years, and have interest rates ranging from 4.25% to 9.25%. Principal and interest is repaid rateably through payroll deductions. Participants are assessed monthly administrative fees of $15 for loans.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the Plan, participants may direct contributions in whole percentage increments among various investment alternatives with varying levels of risk.

Payment of Benefits

Upon termination of service, retirement, disability, death or other qualifying event, a participant may receive either a lump-sum distribution of an amount equal to the value of the participant's vested interest in his or her account, or may receive substantially equal monthly, quarterly, semi-annual or annual cash installments over a period of time not extending beyond the participant's life or lives of the designated beneficiaries paid by a nontransferable immediate or deferred annuity.

Forfeitures

Forfeitures may be used to reduce, at the administrators' discretion, the Employer discretionary matching contribution and/or profit sharing contribution. The Plan Administrators may elect to use all or a portion of forfeitures to pay administration costs of the Plan. Remaining forfeitures totaled $0 as of December 31, 2010; $44,257 was used during the year ended December 31, 2010.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Notes receivable are secured by participant account balances and management has evaluated the notes receivable and believes that they are collectible. Accordingly, no allowance for doubtful accounts has been recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

The Plan document allows for all expenses to be paid out of the Plan and allocated to participant accounts. Fees paid by the Plan totaled $171,871 for the year ended December 31, 2010. The Plan sponsor pays third party administrator fees and audit fees.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3. INVESTMENTS

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,290,329 as follows:

Common stocks	$	2,139,667
U.S. government securities		74,574
Bonds		76,088
	$	2,290,329

NOTE 4. FAIR VALUE MEASUREMENTS

The Fair Value Measurements Topic of the FASB Accounting Standards Codification defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The disclosures required under this Topic have been included in this note.

Fair Value Hierarchy

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Common stocks, bonds, money market and U.S. government securities: Valued at the closing price reported on the active markets on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value at December 31, 2010			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 14,145,694	$ -	$ -	$ 14,145,694

Total Investments at Fair Value	$ 21,164,201	$ -	$ -	$ 21,164,201

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Bonds	2,199,446	-	-	2,199,446
Money market	985,183	-	-	985,183
Total Investments at Fair Value	$ 17,116,723	$ -	$ -	$ 17,116,723

NOTE 5. ADMINISTRATIVE EXPENSES

Administrative expenses for the year ended December 31, 2010 consisted of the following:

Investment consulting fees	$ 155,323
Loan fees	16,548
	$ 171,871

NOTE 6. TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated August 24, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter to comply with EGTRRA. However, the Plan Administrators and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Retirement Horizons, Inc. provides to the Plan certain administrative services for which $16,548 in fees were charged during the year and $3,500 remains payable at December 31, 2010. Fees paid by the Plan for the investment consulting services by Morgan Stanley Smith Barney totaled $155,323 for the year ended December 31, 2010. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions of ERISA.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10. ADOPTION OF NEW ACCOUNTING STANDARD

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 changed the reporting of loans to participants. Prior to ASU 2010-25, loans to participants were reported as investments at fair value. ASU 2010-25 requires that loans to participants be reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is effective for periods ending after December 15, 2010.

NOTE 11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2011, the date the financial statements were available to be issued.
