Independent Auditor's Report

We were engaged to audit the statements of net assets available for plan benefits of Imaging Healthcare Specialists, LLC 401(k) Salary Savings Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for plan benefits for the years then ended, and the supplemental schedules as of and for the year ended December 31, 2010 as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by City National Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the plan trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the plan custodian is complete and accurate.

As discussed in Note 5, investments totaling to $27,840 and $7,028 (0.08% and 0.02% of net assets available for benefits, respectively) as of December 31, 2010 and 2009, have been valued at estimated fair value as determined by the Retirement Administrative Committee. We have reviewed the procedures applied by the Committee in valuing the securities and have inspected the underlying documentation. In our opinion, those procedures are not adequate to determine the fair value of the investments in conformity with U.S. generally accepted accounting principles. The effect on the financial statements and supplemental schedules of not applying adequate procedures to determine the fair value of the security is not determinable.

Because of the significance of the information that we did not audit, as well as the effects of the proceeding paragraph, we are unable to, and do not express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with generally accepted auditing standards in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Imaging Healthcare Specialists, LLC 401(k) Salary Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan established and sponsored by Imaging Healthcare Specialists, LLC ("the Company"). The Plan was established on January 1, 1992 to enable eligible employees to share in the Company's earnings and permit employees to make pre-tax contributions to the Plan; thereby, providing employees with an opportunity to accumulate funds for their retirement. The Plan Trustee has the authority and responsibility for the management and investment of plan assets. The Plan is administered by the Plan's Retirement Administrative Committee.

ELIGIBILITY

An employee is eligible to participate in the profit sharing portion of the Plan on the earliest of either January 1 or July 1, following the completion of twelve consecutive months of service with not less than 1,000 hours of service.

An employee is eligible to participate in the employee elective deferral portion of the Plan on the first January 1, April 1, July 1, or October 1, following the completion of three consecutive months of service with not less than 250 hours of service.

An employee is not eligible to participate in the Plan if the employee is a member of a collective bargaining agreement with the Company or is a nonshareholder employee of Physician Radiology Medical Group, Inc.

CONTRIBUTIONS

Contributions to the Plan are as follows:

1) Participants may elect to contribute up to 100% of compensation received from the Company for the portion of the Plan year in which the employee was a participant, subject to an annual limitation imposed by Internal Revenue Service regulations.

NOTE 1 DESCRIPTION OF PLAN (Continued)

2) Each year, as of the last day of the Plan year, discretionary contributions made by the Company will be allocated, as defined in the Plan, to eligible participants. A participant must complete a minimum of 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year in order to share in any discretionary contributions, unless termination was due to death, disability, or retirement.

The Company contribution is determined annually by the Company's Retirement Administrative Committee. The Company made a discretionary contribution of $859,337 and $909,219 net of forfeitures for 2010 and 2009, respectively.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions and the Plan earnings. Allocations are based on the participant's compensation or account balance, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are 100% vested in their deferral contributions and rollover contributions. A participant also attains 100% vesting due to death, permanent disability, or reaching normal retirement age. Employer contributions, including earnings, vest at following rate:

2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

PARTICIPANT LOANS

A participant may borrow from his/her 401(k) account. The loan is available only from the elective employee contributions. The amount of the loan may not exceed the lesser of $50,000 or one half of the participant's vested account balance.

NOTE 1 DESCRIPTION OF PLAN (Continued)

PAYMENT OF BENEFITS

The plan provides for benefits to be distributed in periodic installments, in a lump sum, or a combination thereof, or may be deferred to a later time. Participants are entitled to receive the full value of their vested benefits when they retire, die, or become permanently diabled. Participants who terminate employment for any other reason are entitled to the value of their vested interest.

Participants may withdraw any or all of their salary deferred account balances at any time during the Plan year provided certain hardship conditions, as defined in the Plan, have been met.

In the event of a mandatory distribution greater than $1,000, but no more than $5,000, in accordance with the payment provisions of the Plan, if the Participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly under any form of payment allowed under the Plan, then the distribution will be paid in a direct rollover to an individual retirement plan designated by the plan administrator. Mandatory distributions of $1,000 or less will continue to be paid in cash as directed by the plan administrator, unless the Participant elects a direct rollover or elects to receive the distribution under another form permitted by the Plan.

ADMINISTRATIVE EXPENSES

Direct fees and expenses related to the operation of the Plan may be paid with forfeitures. Expenses not covered by forfeitures are paid from plan assets. Substantially all of the administrative expenses of the Plan were paid by the Plan for the years ended December 31, 2010 and 2009. Amounts totaling $168,233 and $159,101 were paid directly by the plan for fees and expenses relating to the operation of the Plan.

FORFEITED ACCOUNTS

The Plan provides that forfeited amounts in participants' Company contribution accounts are used to reduce future contributions of the Company or pay administrative expenses at the discretion of the Retirement Administrative Committee. During 2010 and 2009, there were $84,385 and $76,942 of forfeitures used to reduce employer discretionary contributions. As of December 31, 2010 and 2009 there were $0 of unallocated forfeitures.

NOTE 1 DESCRIPTION OF PLAN (Continued)

INVESTMENT OPTIONS

All participants may segregate their funds or choose from the investment alternatives in the trust established by the Retirement Administrative Committee. There are no non-participant directed investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual method in conformity with generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investments - Investments are valued at current market value or estimated fair value as certified by the institution that holds the Plan's assets as an investment manager and are under the custody of the Plan's trustee. The limited partnership interests are valued using fair value and are not certified by the Plan's trustee.

Fair Value Measurement - The Plan adopted accounting standards consistent with the FASB codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Participant Loans - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits - Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes - The pension plan is tax exempt under the Internal Revenue Code Section 401(A) and consequently pays no income tax.

The plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

The Plan follows accounting standards for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or to be taken in a tax return. As of December 31, 2010 and 2009, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan files tax returns in the U.S. Federal jurisdiction and is not subject to examination by U.S. tax authorities for the tax years prior to 2007.

Change in Accounting Principle - The Plan has adopted ASU 2010-25 related to the Plan Accounting-Defined Contribution Plans ASC 962, reporting loans to participants by defined contribution pension plans. The purpose of the update was to clarify that participant loans should be measured and presented on the statement of net assets available for benefits as receivables rather than investments. The amendment is effective for years ending on or after December 15, 2010, and has been applied retrospectively.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all employees to account balances accrued to the date of the termination are fully vested and non-forfeitable.

NOTE 4 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan's investments are held by an independent administered trust fund. All Plan's investments are held in self-directed accounts. The following is a summary of the fair value of investments that were certified by the trustees of the Plan.

	2010	2009
Notes Receivable from Participants	$ 328,560	$ 298,240

	2010	2009
Prime Steaks III, LLC	$ -	$ (15,472)
Teekay Offshore Partners, L.P.	3,596	-
	$ 3,596	$ (15,472)

NOTE 6 FAIR VALUE MEASUREMENT

The Company adopted the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Mutual Funds, Equities and Cash and Cash Equivalents: The shares are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Government and Agencies, Corporate Bonds and Other Assets: These are valued using a bid-evaluation method which compares the corroborated indicative quotes and other observable market-based data.

Partnerships: Partnership investments are valued at fair market value based on an outside valuation on an annual basis, and are classified as Level 3 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 FAIR VALUE MEASUREMENT (Continued)

The following table presents the Plan's investments on the statement of net assets available for benefits measured at fair value on a recurring basis by level within the valuation hierarchy as of December 31, 2010.

NOTE 7 EXCESS CONTRIBUTIONS PAYABLE

Distributions paid to participants during 2010 includes contributions of $895 which were contributed by a participant who had not met all eligibility requirements at the time the contributions were made.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee, City National Bank, which qualifies these transactions as party-in-interest transactions. Administrative fees incurred by the Plan to the Custodian totaled $60,911 and $50,608 for the years ended December 31, 2010 and 2009, respectively. The Company also pays certain administrative fees of the Plan, which are not reimbursed. In addition the Company provides administrative services to the Plan at no cost to the Plan.

NOTE 10 SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 10, 2011, the date which the financial statements were available to be issued.
