The Plan is a defined contribution plan covering all eligible employees of Double A Transportation, Inc. (the "Company"), excluding highly compensated employees, who have completed one year of service (with a minimum 1,000 hours) and are at least twenty-one years of age. Eligible employees may begin participating on the first day of the month following the satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2008, the Company merged with Durham School Services, L.P. In connection with the merger, all employees of the Company became employees of Durham School Services, L.P. and were no longer entitled to actively participate in the Plan. All contributions to the Plan were discontinued on December 31, 2008.

Effective May 11, 2009, Double A Transportation, Inc. 401(k) Retirement Plan merged into Durham School Services 401(k) Savings Plan. As a result of this merger, all Plan assets and liabilities were transferred to the Durham School Services 401(k) Savings Plan on May 11, 2009.

Contributions:

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offered a variety of separate accounts and a guaranteed investment contract as investment options for participants. The Company matches 25% of elective deferrals on the first 4% of compensation, as defined by the Plan. Although additional profit sharing amounts may be contributed at the option of the Company's Board of Directors, there were no such contributions for the period ended May 11, 2009. All contributions are subject to certain limitations.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined.

Administrative charges related to distributions are deducted directly from the participant's account. Investment expenses charged by the separate accounts in which the Plan invests are paid directly from the underlying assets of the respective investment and are included in the net appreciation in fair value of separate accounts in the statement of changes in net assets available for benefits. All other charges related to the administration of the Plan are paid by the Company.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. In the event of termination due to death, total and permanent disability or normal retirement, participants shall become 100% vested in the Company contribution portion of their account. For all other participants, vesting in the Company contribution portion of their account is based on credited years of service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period not exceeding the participant and beneficiary's life expectancy. For termination of service due to other reasons, a participant must receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with vested account balances greater than \$1,000 may defer payment of benefits until a later date.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (concluded):

Payment of benefits (concluded):

Withdrawals from a participant's salary deferral and rollover accounts may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan.

Forfeited accounts:

At December 31, 2008, forfeited nonvested matching accounts totaled \$4,447. These amounts are available to reduce future administrative expenses. Any remaining forfeiture balances not used for administrative expenses will be used to reduce employer matching contributions. In 2009, the Plan did not utilize any forfeited nonvested matching accounts and the accumulated balance of \$4,579 was transferred to the Durham School Services 401(k) Savings Plan.

Note 2 - Summary of significant accounting policies:

Basis of presentation:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully-benefit responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Valuation of investments and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair market value of separate accounts, which includes gains and losses on investments bought and sold, as well as held during the year.

Note 2 - Summary of significant accounting policies (concluded):

Payment of benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

The Plan has evaluated events and transactions for potential recognition of disclosure through March 15, 2010, which is the date the financial statements were available to be issued.

Fair value measurements:

In September 2006, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 157, "Fair Value Measurements" ("SFAS 157") (ASC 820-10), which defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. In early 2008, the FASB issued Staff Position ("FSP") FAS-157-2, "Effective Date of FASB Statement No. SFAS 157", which delays by one year, the effective date of SFAS 157 (ASC 820-10) for certain nonfinancial assets and nonfinancial liabilities. The Plan has adopted the portions of SFAS 157 (ASC 820-10) that has not been delayed as of the beginning of its 2008 Plan year.

Note 3 - Investments:

The following investments represent 5% or more of the Plan's net assets as of May 11, 2009 and December 31, 2008:

DOUBLE A TRANSPORTATION, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair value measurements:

As stated in Note 2, on January 1, 2008, the Plan adopted the methods of fair value as described in SFAS 157 (ASC 820-10) to value its financial assets and liabilities. As defined in the accounting standards, fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, SFAS 157 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value at December 31, 2008 are classified in the table below in one of the three categories described above:

	Level 1	Level 2	Level 3	Total
Separate accounts	\$ -	\$ 531,965	\$ -	\$ 531,965
Guaranteed investment contract	-	-	332,482	332,482
Total assets at fair value	\$ -	\$ 531,965	\$ 332,482	\$ 864,447

Pooled separate accounts are stated at fair value which is determined by quoted market prices of the underlying investments. The guaranteed investment contract is valued at fair value by discontinuing the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair value measurements (concluded):

The following table rolls forward the Plan's Level 3 asset for the period ended May 11, 2009 and year ended December 31, 2008:

	Guaranteed Investment Contract
Balance January 1, 2008	\$ 133,053
Purchases, sales, issuances and settlements (net)	199,429
Balance December 31, 2008	332,482
Purchases, sales, issuances and settlements (net)	(14,549)
Balance transferred to the Durham School Services 401(k) Savings Plan	(317,933)
Balance May 31, 2009	\$ -

As a result of the Plan merger effective May 11, 2009, all Plan assets were transferred to the Durham School Services 401(k) Savings Plan, therefore, the Plan did not hold assets as of May 11, 2009.

Note 5 - Information certified by custodian:

The following account balances and transactions were obtained from statements certified by ING Life Insurance and Annuity Company ("ING"):

Statements of net assets available for benefits:

Investments

Statement of changes in net assets available for benefits:

Investment income

Note 6 - Plan termination:

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status:

The prototype plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter in 2001, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan qualifies under Section 401(a) and the related trust is tax exempt as of May 11, 2009. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 8 - Party-in-interest transactions:

The Plan's investment in separate accounts and the guaranteed investment contract managed by ING are considered exempt party-in-interest transactions.

Note 9 - Risks and uncertainties:

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Prohibited transaction:

During the Plan's annual audit, it was discovered that contributions were not deposited into the Plan in a timely manner pursuant to Department of Labor regulations. Therefore, the Plan engaged in a prohibited extension of credit to the Plan sponsor, which constitutes a prohibited transaction. The amount involved in the prohibited transactions included late employee contributions of \$654 pertaining to the year ended December 31, 2008. The employee contributions and any related matching contributions were subsequently deposited into the Plan. The lost earnings were calculated by the Company and represent interest upon the number of days from the date the employee's deferrals would have been made to the date of deposits. The lost earnings contribution for the year ended December 31, 2008 was contributed in October 2009.
