Note A. Description of Plan

The following description of the Friedman's Home Improvement 401(k) Profit Sharing Plan (the "Plan") (formerly known as the Friedman Bros. Hardware 401(k) Profit Sharing Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a single employer defined contribution retirement plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of Friedman's Home Improvement (the "Company") are generally eligible to participate in the Plan after one year of service providing they work at least 1,000 hours during such year and have attained age eighteen.

Contributions – A participant may make salary reduction contributions to the Plan during any year, in any amount with no maximum limitation other than as provided in the Internal Revenue Code. Each year, the Company at the discretion of the Board of Directors, may make matching contributions on behalf of those participants who made salary reduction contributions during the year. During 2010, the Company made matching contributions on a dollar for dollar basis equal to the participant's salary reduction contributions, but not greater than 3% of the participant's compensation. In addition, each year, the Company, at the discretion of the Board of Directors, may make nonelective contributions. The Plan's nonelective contribution formula is one which employs permitted disparity by recognizing contributions made to social security. For the year ended December 31, 2010, there were no nonelective contributions.

Participant Accounts – Participant's salary reduction contributions are credited to his or her salary reduction account and matching contributions made on a participant's behalf are credited to his or her matching contribution account. All such amounts are held in individual, participant directed accounts at the John Hancock Life Insurance Company (U.S.A) ("John Hancock") and each such account receives its investment results. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting – A participant is always fully (100 percent) vested in his or her salary reduction account. Vesting in the employer contribution portion of the participant's account is based on years of service. A participant is 100 percent vested after six years of credited service. This vesting schedule applies to participants who did not complete one or more hours of service after December 31, 1993 and participants whose plan entry date was on or after January 1, 2004; all other participants are 100 percent vested.

Payment of Benefits – On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the vested portion of his or her account, or the value of the vested portion of his or her account payable in periodic installments over a period not to exceed his or her life expectancy.

Note A. Description of Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or fifty percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account or other security which the advisory committee accepts. Loans, which qualify as home loans, bear interest at the prime rate in effect on the day the loan is funded, and all other loans bear interest at the prime rate in effect on the day the loan is funded plus two percent. The interest rates on participant loans range from 3.25 to 10.25 percent.

Forfeited Accounts – At December 31, 2010 and 2009, forfeited nonvested accounts totaled $6,371 and $13,100 respectively. These accounts will be used as a discretionary match contribution and allocated in the Plan year immediately following the year of forfeiture. At December 31, 2010 there were $19,471 of forfeited nonvested accounts that have not yet been applied to reduce the Company's contributions.

Note B. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Risks and Uncertainties – The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investments – The investments managed by John Hancock under the terms of a group annuity insurance contract are stated at fair value as determined by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses – The Plan sponsor absorbs substantially all of the Plan's administrative costs, other than investment costs and fees charged by John Hancock. Costs and fees paid to John Hancock are netted from participant's accounts.

Note B. Summary of Accounting Policies (continued)

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Reclassifications – Recent guidance has been issued for defined contribution plans requiring participant loans be classified as notes receivable from participants. Participant loans are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The accounting guidance is effective for fiscal years ending after December 15, 2010 and requires reclassification of all periods presented. Accordingly, participant loans are reported as receivables in the statements of net assets available for benefits and the prior-year balance has been reclassified to conform to the current-year presentation. The Plan adopted this guidance for the year ended December 31, 2010.

Note C. Investments

The following information included in the accompanying financial statements and the supplemental schedule was obtained from data that was prepared by and certified to as complete and accurate by John Hancock, the Plan's custodian. Investments that represent five percent or more of the Plan's net assets at each year end are separately identified.

	2010	2009
John Hancock Lifestyle Growth	$ 2,126,910	$ 1,501,943
John Hancock Lifestyle Balanced	1,175,170	957,105
John Hancock Mid Cap Stock Fund	925,239	737,516
John Hancock Fidelity ContraFund	627,937	541,701
Other	6,397,128	5,535,423
Total	$ 11,252,384	$ 9,273,688

During the year ended December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by $1,393,429 as follows:

Mutual funds	$ 1,399,370
Guaranteed fixed income investments	(5,941)
Total	$ 1,393,429

Note D. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs that are not corroborated by market data. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds – Valued at the net asset value (NAV) of shares held by the Plan at year end.
Guaranteed interest contracts – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

December 31, 2010	Level 1	Level 2	Level 3	Total

Note E. **Contract with Insurance Company**

The Plan entered into a group annuity contract with an insurance company (John Hancock) to invest the participants' contributions and provide record keeping services. The insurance company's requirements under the investment portion of its contract are to accumulate and invest participants' contributions in any of its allocated investment funds as instructed by Plan participants and to pay participant benefits as provided by the Plan when they become due.

Note F. **Related Party Transactions**

Certain Plan investments are shares of mutual funds managed by John Hancock. John Hancock is the custodian as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

Increase in net assets available for benefits per Schedule H of Form 5500	$ 2,089,541

Note H. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net income is exempt from income taxes. The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. To comply with certain final IRS regulations, the Plan was amended in 2008 to modify the definition of compensation for allocations to participant accounts. Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently not audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

Note I. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note J. Subsequent Events

In accordance with ASC 855, the Plan evaluated all events subsequent to the balance sheet date of December 31, 2010 through the date the financial statements were available to be issued, October 12, 2011. There were no subsequent events that required recognition or additional disclosure in these financial statements.
