MULLEN & FILIPPI PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

---

1. DESCRIPTION OF THE PLAN

The following description of the Mullen & Filippi Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established by Mullen & Filippi, LLP (the "Employer") on January 1, 1989, and is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – Eligible employees of the Employer become eligible to make salary deferrals in the Plan on the first day of the month following the completion of three months of service. Eligible employees become eligible to receive employer match contributions in the Plan on the first day of the month following the completion of one year of service. Eligible employees become eligible to receive employer profit-sharing contributions in the Plan on the first day of the Plan Year quarter following the completion of one year of service.

Contributions – The Plan provides salary deferrals for eligible employees for amounts not to exceed the limit set by law. The Employer provides a 100% matching contribution for each eligible participant's salary deferrals, limited to 3% of the participant's eligible compensation. In addition, the Employer may provide a discretionary profit sharing contribution to the Plan. No profit sharing contribution was provided during the year ended December 31, 2009, other than the allocation of profit sharing forfeitures to eligible participants.

Vesting – Participants are immediately vested in their voluntary and employer matching contributions plus earnings thereon. Vesting in the discretionary profit sharing contributions is progressive, based upon length of service. A participant is 100% vested in the discretionary profit sharing contributions after six years of credited service or upon reaching normal retirement age. Prior to January 1, 1999, the forfeitures of profit sharing contributions by participants were used to reduce subsequent employer contributions. Effective January 1, 1999, the Plan was amended to allocate the forfeitures of profit sharing contributions to eligible participants. The balance of forfeited vested accounts was $0 and $950 as of December 31, 2009 and 2008, respectively.

Payment of benefits – Distributions from the Plan are available to participants or their beneficiaries at retirement, upon termination of employment, or as a result of total and permanent disability, or death.

Participant accounts – Each participant's account is credited with the participant's contributions and an allocation of the plan earnings. Allocations are based on participant's account balances. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Administrative expenses – Under terms of the Plan agreement, administrative expenses are paid by the Plan unless paid by the Employer.

Participant loan accounts – The Plan provides a provision that allows participants to borrow up to $50,000 or 50% of their vested account balance. The loans are secured by the participants' vested account balances and bear interest at the prevailing interest rates. The principal balance plus interest is repaid through payroll deductions or deducted from partners' draws within 15 years for loans used for the purchase of primary residence and five years for other loans.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments – Investments consist of mutual funds and participant loans. Mutual funds are stated at fair value determined based on quoted market prices. Participant loans are stated at fair value, which approximates their outstanding amounts. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received.

Payment of benefits – Benefits are recorded when paid.

Income taxes –The Plan received a favorable determination letter from the Internal Revenue Service for an amendment to the Plan on August 8, 2009. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan adopted the accounting principles related to accounting for uncertainty in income taxes (as described under Accounting Standards Codification 740-10) as of January 1, 2009 and has determined that there is no material impact on the financial statements for the year ended December 31, 2009. With some exceptions, the Plan is no longer subject to U.S. federal and state income tax examinations by tax authorities for the years prior to 2005.

Use of estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events have been reviewed through the issuance date of the audit report.

Recent accounting pronouncements – The Financial Accounting Standards Board (FASB) issued FASB Accounting Standards Codification (ASC) effective for financial statements issued for interim and annual periods ending after September 15, 2009. The ASC is an aggregation of previously issued authoritative U.S. generally accepted accounting principles (GAAP) in one comprehensive set of guidance organized by subject area. In accordance with the ASC, references to previously issued accounting standards have been replaced by ASC references. Subsequent revisions to GAAP will be incorporated into the ASC through Accounting Standards Updates.

Fair value measurements – Assets and liabilities measured at fair value are recorded in accordance with ASC 820, *Fair Value Measurements and Disclosures,* which clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-tier value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 Inputs	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
Level 2 Inputs	Inputs other than quoted prices in active markets that are observable either directly or indirectly.
Level 3 Inputs	Unobservable inputs in which there is little or no market data, which require us to develop our own assumptions.

3. INVESTMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,987,322			$ 13,987,322
Participant loans			$ 393,131	393,131
Total assets at fair value	$ 13,987,322		$ 393,131	$ 14,380,453

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,542,866			$ 11,542,866
Participant loans			$ 400,385	400,385
Total assets at fair value	$ 11,542,866		$ 400,385	$ 11,943,251

The Plan's mutual funds are classified within Level 1 of the fair value hierarchy because they are valued using quoted market prices. Participant loans are classified within Level 3 of the fair value hierarchy because they are valued using unobservable inputs that are not supported by market data.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 400,385
Loan withdrawals and repayments (net)	(7,254)
Balance, end of year	$ 393,131

The fair value of individual investments that represent five percent or more of the Plan's net assets as of December 31, 2009 and 2008, are as follows:

	2009	2008
American Funds Fundamental Investors	$ 1,708,169	$ 1,282,872
Vanguard Admiral Treasury Money Market	1,544,353	1,955,424
Vanguard Intermediate-Term Bond	1,366,950	1,291,994

Vanguard 500 Index Signal	913,897	774,797
Vanguard Small Cap Value Index	767,118	618,365

4. RELATED PARTY TRANSACTIONS

Some Plan investments as of December 31, 2009 are cash reserves that are managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

At December 31, 2009 and 2008, the Plan's investments were held by TD Ameritrade Trust Company (the Trustee). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Unrealized and realized gain as reported by the Trustee for the year ended December 31, 2009, was $2,520,621. The fair value of assets at December 31, 2009 and 2008, as reported by the Trustee was $14,126,825 and 11,561,898, respectively.

6. PLAN TERMINATION

Although it has not expressed the intent to do so, the Employer has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.
