NOTES TO FINANCIAL STATEMENTS
RADIOLOGY ASSOCIATES OF OCALA 401(k) RETIREMENT SAVINGS PLAN
OCALA, FLORIDA

Note 1 - Description of the Plan

The Radiology Associates of Ocala 401(k) Retirement Savings Plan (the Plan) is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees of Radiology Associates of Ocala, P.A. (the Company) who have completed at least one year of service. Participation in the Plan is voluntary.

Contributions

Participants may contribute up to 100% of their gross annual earnings, as limited, as a pretax contribution. On an annual basis, the Employer contributes a safe harbor contribution equal to 3% of the participant's compensation for the Plan year. The safe harbor contribution for the years ended December 31, 2010 and 2009 were $283,005 and $279,972, respectively.

Employer contributions may also include annual nonelective contributions as approved by the Company's Board of Directors. This contribution for the Plan years ended December 31, 2010 and 2009 were $566,565 and $560,277, respectively.

Participant Accounts

A separate account is maintained for each type of contribution by or for the participant. Plan earnings are allocated based upon the balance of each participant's accounts and credited thereto. Forfeitures of nonvested employer contributions by terminated participants are used to reduce future employer contributions. Forfeitures of terminated nonvested participants were $17,674 and $20,933 for the Plan years ended December 31, 2010 and 2009, respectively. These amounts will be used to reduce employer contributions.

Participant Loans

The maximum a participant may borrow is the lessor of $50,000 or 50% of the vested account balance of their individual account balances. Interest accrues at the Prime Lending rate plus 1%. Loan terms range from one to five years, with loans to purchase primary residences permitted to extend beyond five years. Participants may have up to 2 loans outstanding at any one time.

Vesting

Participants are immediately vested in their contributions and earnings thereon. Additionally, employees are immediately vested in the annual 3% safe harbor contribution. Participants vest in the employer nonelective contributions and earnings thereon based upon years of service. Notwithstanding, participants are 100% vested after five years of service in other employer contributions.

Distribution of Participant Account

Participants are not permitted to receive distributions before age 59½ except in the case of death, disability, separation from service, or hardship. Distributions from the Plan may be in the form of a lump sum withdrawal, a rollover to another tax deferred account, or as an annuity over a period not to exceed the participant's/beneficiary's life expectancy.

Administration

Administration of the Plan is the responsibility of a Committee made up of two persons appointed by the Company's management.

Note 2 - Summary of Accounting Policies

Basis of Accounting
The accounts of the Plan are maintained on the accrual basis.

Income Taxes
The Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, is not subject to tax under current income tax laws. Consequently, there is no provision for income tax expense in the accompanying financial statements. The Plan is qualified under the Volume Submitter Cross-Tested Defined Contribution Plan and Trust of Vanguard Fiduciary Trust Company, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

Expenses of the Plan
Most administrative expenses of the Plan are payable by the Company.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Substantially all investments are uninsured.

The Common Collective Trust Fund (Vanguard Retirement Savings Trust Fund) is deemed to be benefit responsive and, accordingly, the net assets of the Plan and activity contained in the statement of changes of net assets are based upon contract values.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
The Plan Administrator has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 10, 2011, the date financial statements were available to be issued.

Note 3 - Investments

Participant Directed Investments Held by Custodian
The Custodian offers participants a variety of investment choices in which to self-direct their investments. These investments are detailed in the schedule of assets held for investment purposes at end of year.

Note 3 - Investments *(Concluded)*

Participant Directed Investments Held by Custodian *(Concluded)*

Note 4 - Income Tax Status

The IRS issued a determination letter dated October 29, 2001, stating that the Plan was designed in accordance with applicable IRC requirements as of that date. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt for the year ended December 31, 2010.

Note 5 - Information Certified by the Custodian

The Plan Services unit of the Custodian maintains the records of investment transactions and accounts of participants, and determines the valuation of the investment portfolio except for those investments which have been directed to investments outside of the Custodian.

As required by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Custodian has provided certification to the Plan Administrator regarding the accuracy and completeness of certain information presented.

The certified information includes the detail of assets held at end of year and their fair value at December 31, 2010 and 2009, contributions, withdrawals, and net investment income. These are summarized below.

	December 31, 2010	December 31, 2009
Investment in Registered Investment Companies	$ 14,515,127	$ 12,142,728
Investment in Common Collective Trusts	1,461,861	758,509
Participant Loans	150,169	153,738
Contributions	1,435,632	1,446,327
Benefits Paid to Participants	572,953	239,265
Net Investment Income	2,672,086	3,621,294

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Fair Value Measurements

	Fair Value Measurements at Reporting Date Using			
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Mutual Funds	$ 12,142,728	$ 12,142,728	$ 0	$ 0
Common Collective Trust	758,509	0	0	758,509
Total Assets	$ 12,901,237	$ 12,142,728	0	$ 758,509
December 31, 2010				
Mutual Funds	$ 14,515,127	$ 14,515,127	$ 0	$ 0
Common Collective Trust	1,461,862	0	0	1,461,862
Total Assets	$ 15,976,989	$ 14,515,127	$ 0	$ 1,461,862

Financial assets valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. Financial assets using Level 3 inputs were primarily valued using management's assumptions in pricing the asset. The Common Collective Trust Funds (Vanguard Retirement Savings Trust) is not actively traded and significant other observable inputs are not available in determining fair value such as discounting the related cash flows. Thus, it is valued at contract value which management believes closely approximate fair value. Valuation techniques utilized to determine fair value are consistently applied.
