INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Kerkering, Barberio & Co, P.A. 401(k) Plan
Sarasota, Florida

I have audited the accompanying statements of net assets available for benefits of the **Kerkering, Barberio & Co, P.A. 401(k) Plan** ("Plan") as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's trustees. My responsibility is to express an opinion on these financial statements based on my audits.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided by the trustee custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statement and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee or custodian, have been audited by us in accordance with generally accepted auditing standards and, in our opinion, are represented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

My audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets Held for Investment Purposes and Reportable Transactions were presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

KERKERING, BARBERIO & CO., P.A. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

(1) DESCRIPTION OF THE PLAN:

The following description of the Kerkering, Barberio & Co, P.A. 401(k) Plan ("Plan") provides only general information. For more complete information, participants should refer to the plan instrument, a copy of which is on file in the offices of the Plan sponsor and participating employers.

. **General -**

The Plan is a defined contribution 401(k) profit sharing retirement plan covering all eligible employees from Kerkering, Barberio & Co, P.A and the related companies; Kerkering Barberio Financial Services, Inc. and KB Pension Services, Inc. The plan commenced on January 1, 2001 and was amended and restated as of January 1, 2009. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

. **Eligibility -**

401(k) component - In order to be eligible to participate in the Plan, an employee must be at least 20 1/2 years old and must have worked for the company for 6 consecutive months completing at least 500 hours of service. Entry dates are on the first day of each quarter of the Plan year. To be eligible to receive employer matching contribution, participants must have completed at least 1,000 hours of service during the year and be employed by the Company as of the last day of the Plan year.

Profit Sharing component - To be eligible to receive any employer profit sharing contribution, participants must be at least 20 1/2 years old, must have completed at least 1,000 hours of service during the year, and be employed by the Company as of the last day of the Plan year.

. **Funding -**

401(k) component - Participants may contribute as much as 75% of their earnings up to the statutory maximum of $16,500 and $15,500 in 2009 and 2008, respectively. There is also a catch up provision that allows employees who are age 50 or older to contribute an additional $5,500. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Contributions are subject to certain limitations. Each employer division may provide matching contributions determined each year. For 2009 and 2008, Kerkering, Barberio & Co, P.A and KB Pension Services, Inc. matched 50% of the employee contribution up to 4% of compensation. There was no matching contribution for the employees of Kerkering Barberio Financial Services, Inc.

Profit Sharing component - The Company may voluntarily contribute to the plan out of profits earned by each division. Contributions are allocated to participants of the profitable division(s) at different rates with respect to their social security wages. Related investment gains and losses are allocated based on the percentage of each participant's account balance at the beginning of the year.

(1) DESCRIPTION OF THE PLAN (CONTINUED):

. **Participant Accounts -**

Each participant's account is credited with 1) their contributions; 2) the employer's matching contributions, and 3) a ratable portion of investment gain or loss, net of Plan expenses. Each participant's account is charged with any distributions made to that participant.

. **Vesting -**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on a 6-year graded vesting schedule:

Years of Service	Vested Percentage
Less than 1	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

. **Investment options -**

Upon enrollment in the Plan, and any time subsequently, participants may direct contributions to be allocated among a selection of securities provided by the Plan Administrator *(Note 3)*.

. **Payment of benefits -**

On termination of service, death, disability or retirement, a participant or beneficiary may request to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon retirement or separation of service with an account balance less than $1,000, the plan administrator will distribute payment in the form of a lump-sum. Upon retirement or separation of service with an account balance of more than $1,000 but not exceeding $5,000, and if the participant does not choose a lump-sum distribution, the plan administration will roll over the distribution to an individual retirement account. If the vested portion of the account balance exceeds $5,000 (disregarding any rollover contribution), the Plan permits the participant to elect distribution as a lump-sum of installment for required minimum distributions only. In-service distributions are available to participants who have reached age 59½ and are 100% vested in their account balances.

(1) DESCRIPTION OF THE PLAN (CONTINUED):

. **Forfeitures -**

Forfeitures are first used to pay Plan expenses for the plan year in which the forfeitures are to be allocated. Any remaining forfeitures are re-allocated as additional employer non-elective contributions. For the plan years ended December 31, 2009 and 2008, forfeitures totaled $1,322 and $5,751, respectively.

. **Participant loans -**

Participants may borrow from their fund accounts from $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loan terms would range from 1 - 5 years unless the loan was for the purchase of a primary residence. The loans would be secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates provided by local lending institutions. Principal and interest would be paid ratably through monthly payroll deductions. The balance of participant loans at December 31, 2009 and 2008 were $157,942 and $86,333, respectively.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

. **Investments valuation and income recognition -**

Investments are reported at fair values *(see Note 3)*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants *(see Note 5 for discussion of fair value measurements)*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

. **Accounting estimates -**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

. **Related party transactions -**

The Plan's participating employer absorbs virtually all of the Plan's administrative costs. One of the divisions, KB Pension Services, Inc., serves as administrator for the plan. No administrative fees were charged for these services during 2009 and 2008.

. **Income taxes -**

The Internal Revenue Service has determined and informed the Company by a letter dated November 27, 2001, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

. **Termination -**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 % vested in their accounts.

(3) INVESTMENTS:

The Plan has an investment contract with John Hancock Life Insurance Company (John Hancock). John Hancock maintains the contributions in separate accounts that are defined as funds sub-advised by third parties, which are managed by John Hancock, or which invest in funds managed by external mutual fund companies. The account is credited with earnings on the underlying investments (principally mutual funds) and charged for Plan expenses. The contract is included in the financial statements at contract value, which approximates the fair value of the underlying investments, as reported to the Plan by John Hancock.

(3) INVESTMENTS (CONTINUED):

Allocations among the underlying investments are participant directed. The investments held at December 31, 2009 and 2008 are as follows (investments which represent more than 5% of total Plan assets are noted separately):

	2009	2008
Mutual Funds:		
Lifestyle Growth Fund	$ 1,000,945	$ 690,737
500 Index Fund	807,681	648,180
Lifestyle Balanced Fund	683,451	459,223
Mid Cap Index Fund	402,914	291,083
Other mutual funds	3,436,175	2,346,845
10Y Guaranteed Interest Account	5,099	-
Money Market Funds	460,150	200,850
Total investments	$ 6,796,415	$4,636,918

During the year ended December 31, 2009 the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,496,645 (reported as Net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits).

(4) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(5) FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

(5) FAIR VALUE MEASUREMENTS (CONTINUED):

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2009 and 2008:

Mutual funds and money market funds: Valued at the net asset value of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on interest rates established on the first day of each calendar month and applied to contributions made to the guaranteed account on that month. At the end of each plan year, a composite rate is determined based on the amount contributed and the rate in effect on the day of contribution. Contributions continue to earn the calculated composite interest rate for the duration of the guarantee term.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

(5) FAIR VALUE MEASUREMENTS (CONTINUED):

(6) SUBSEQUENT EVENTS

In May 2009, the Financial Accounting Standards Board (FASB) issued a new accounting standard which established general accounting standards and disclosure for subsequent events. In accordance with this standard, management evaluated subsequent events through August 16, 2010, the date that the financial statements were available to be issued.
