Note 1 - Description of Plan

The following description of the Steve Silver Company 401(k) Profit Sharing Plan Trust (Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description,* which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Steve Silver Company (Company or Employer) for the benefit of its employees who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). John Hancock Life Insurance Company (U.S.A.) serves as Plan custodian. During 2010, the Plan document was restated.

Contributions

Participants may elect to contribute up to 100% of their eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes matching contributions in an amount equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's compensation plus 50% of salary deferrals between 3% but not in excess of 5% of the participant's compensation in order to maintain the Plan's safe harbor status. The Company may also elect to make additional discretionary contributions. The Company did not make any discretionary contributions for the years ended December 31, 2009 or 2010. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant can direct his, and the Company's, contributions into several investment options and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company safe harbor contributions, allocations of (a) the Company's discretionary contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Note 1 - Description of Plan - (Continued)

Vesting

Participants are always 100% vested in their contributions, the Company's safe harbor matching contributions, and any income or loss thereon. Vesting in Company discretionary contributions and earnings thereon is based on years of service as follows:

Years of Credited Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Payment of Benefits

Distribution of a participant's vested account balance is available upon the participant's retirement, death, disability, termination of employment or for a financial hardship meeting the requirements of the Internal Revenue Service regulations. Distributions are made in a lump-sum payment, a direct rollover, or, in certain situations, installments.

Administrative Expenses

Administrative costs of the Plan which were paid by the Company are not reflected in the accompanying financial statements. The Plan is not charged for administrative functions performed by employees of the Company.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at a fixed market rate determined at the time the loan is made. Principal and interest is paid ratably through payroll deductions.

Note 1 - Description of Plan - (Continued)

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

New Accounting Pronouncement
Effective January 1, 2010, the Plan adopted the Financial Accounting Standards Board guidance that requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and stated at their unpaid principal balance plus any accrued but unpaid interest. The Plan has reclassified participant loans of $119,569 for the year ended December 31, 2009, from investments to notes receivable from participants.

Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Note 3 – Investments

Unaudited Information Certified by the Plan Custodian

The December 31, 2009 and 2010 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $3,416,932 and $4,089,329 as of December 31, 2009 and 2010, respectively, and investment income of $949,035 and $384,749 for the years ended December 31, 2009 and 2010, respectively.

The following presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	2009	**2010**
Pooled separate accounts:		
PIMCO Total Return Fund	$ 533,675	$ **1,393,126**
Lifestyle Fund – Balanced Portfolio	425,598	**471,924**
Lifestyle Fund – Growth Portfolio	408,113	**395,904**
Oppenheimer Developing Markets Fund	809,280	**329,993**
Guaranteed Investment Account	344,804	**376,970**

Net Appreciation in Fair Value of Investments

During the years ended December 31, 2009 and 2010, the Plan's investments in pooled separate accounts appreciated (including gains and losses on investments bought and sold, as well as held during the year) $936,471 and $370,744, respectively.

Note 4 - Fair Value of Plan Assets

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value of Plan Assets (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of the following three broad levels:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Level 1 Fair Value Measurements
No Level 1 inputs were available to the Plan.

Level 2 Fair Value Measurements
The fair value of pooled separate accounts is based on quoted market values of the underlying investments.

Level 3 Fair Value Measurements
The guaranteed interest contract is not actively traded and significant other observable inputs are not available. Therefore, the fair value of the guaranteed interest contract is the original cost plus accrued interest.

The following tables set forth, by level within the fair value hierarch, the Plan's investment at fair value as of December 31, 2009 and 2010:

		Fair Value Measurements at 12/31/09 Using:		
Description	Assets Measured at Fair Value at 12/31/09	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 3,072,128	$ -	$ 3,072,128	$ -
Guaranteed interest account	344,804	-	-	344,804
	$ 3,416,932	$ -	$ 3,072,128	$ 344,804

Note 4 - Fair Value of Plan Assets (Continued)

		Fair Value Measurements at 12/31/10 Using:		
Description	Assets Measured at Fair Value at 12/31/10	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 3,712,359	$ -	$ 3,712,359	$ -
Guaranteed interest account	376,970	-	-	376,970
	$ 4,089,329	$ -	$ 3,712,359	$ 376,970

Effective January 1, 2010, the Plan adopted ASU 2010-06, Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements. This amendment to ASC 810 requires new disclosures where transfers of investment assets of an entity are in and out of Levels 1 and 2. Additional disclosures for Level 3 assets are also required.

The following table presents a reconciliation of the guaranteed interest account measured at fair value for the years ended December 31, 2009 and 2010:

	2009	2010
Balance, beginning of year	$ 150,609	$ 344,804
Interest credited to account	5,499	6,886
Purchases, issuances, and settlements:		
Issuances	24,175	26,721
Settlements	(3,915)	(2,833)
Transfers into Level 3	168,436	1,392
Balance, end of year	$ 344,804	$ 376,970

Note 5 – Tax Status

The Plan operates under an adoption agreement in connection with a non-standardized prototype plan document sponsored by Travis Wolff and Company, LLP. The prototype plan document has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service stating that the prototype document constitutes a qualified plan under Section 401 of the Internal Revenue Code. Although the Plan has been amended subsequent to the issuance of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 6 - Party-in-Interest Transactions

The Plan invests in pooled separate accounts and a guaranteed interest account managed by the Plan custodian. The Company pays a significant portion of the cost of administering the Plan and, in addition, the Plan does not pay for administrative functions performed by employees of the Company.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Subsequent Events

Effective February 15, 2011, the Plan was amended to discontinue hardship distributions and eliminate the provision allowing only three outstanding loans.

Given the volatility of current economic conditions, the values of investments recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Subsequent events have been evaluated through October 13, 2011, which is the date the financial statements were available to be issued.
