INDEPENDENT AUDITOR'S REPORT

To the Members of the Administrative Committee
Polshek Partnership, LLP 401(k) Plan and Trust

We were engaged to audit the accompanying statements of net assets available for plan benefits of the Polshek Partnership, LLP 401(k) Plan and Trust (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2009 and the supplemental schedule H, line 4i-schedule of assets held for investment purposes at end of year as of and for the year ended December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the MFS Heritage Trust Company and Reliance Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions for all of 2009 and from April 1, 2008 - December 31, 2008 and that MFS Heritage Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2008 - March 31, 2008. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

NOTE 1 - PLAN DESCRIPTION

The following description of the Polshek Partnership, LLP 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Polshek Partnership, LLP (the "Company") established the Plan in 1994. The Plan is a qualified defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company has reserved the right to amend or discontinue the Plan at any time. During 2010 the Company officially changed its name to Ennead Architects.

All employees who have attained age 21 and have completed three months of service are eligible for membership in the Plan. Each participant may elect to contribute from 1% to 100% of his or her compensation to the Plan, not to exceed the maximum amounts permitted by the Internal Revenue Service. Each participant has a fully vested interest in his or her elective deferrals, rollover contributions and transfer contributions, plus or minus any earnings or losses.

The Plan permits hardship withdrawals limited to the lesser of the amount required to meet the need created by the hardship, or the participant's vested accrued benefit. Permissible circumstances for hardship withdrawals include education, purchase of residence, medical expenses, and to prevent foreclosure on a principal residence.

A participant may borrow from his account subject to certain restrictions in the Plan. Loans must be for a minimum of $1,000 and only one loan is permitted per year. All loans to participants are limited to the lesser of $50,000 or 50% of the participant's vested balance. Loans, together with the interest required to be paid thereon, must be repaid within five years unless the loan is used to buy or build a principal residence. Interest on loans shall be based upon the prevailing prime rate then being charged by the Company's primary lending bank plus 1%.

Participants may receive benefits upon reaching the age of 59 ½. Generally, all distributions from the Plan are in the form of lump-sum payments in cash. Participants required to take a minimum distribution due to age may receive their benefits in the form of an annuity. Terminating participants may rollover their account balance into other qualified plans.

The Plan is participant directed and each participant's account is credited with the participant's contribution based upon an allocation between investment options as determined by each participant. At December 31, 2009 the Plan offered twenty-four mutual funds and one fixed value fund as investment options.

The Company pays all but de-minimus expenses of the Plan. Participants must pay loan origination and maintenance fees.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan's financial statements were prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits are recorded when paid.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at December 31, 2009 and 2008, and the reported amounts of revenues and expenses during the years then ended. Actual results could differ from those estimates.

The Plan adopted the provisions of *Accounting for Uncertain Tax Positions* FASB ASC 740 (formally FIN 48) on January 1, 2009. The standard clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a threshold of more-likely-than-not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return. The standard also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The adoption of this standard did not have an impact on the Plan's financial statements.

NOTE 3 - INVESTMENTS

The following investments of the Plan represent 5% or more of the net assets available for plan benefits at December 31, 2009 as certified by the Plan's Trustee:

Fixed Fund F/N/A MFS Fixed Fund	$ 1,065,040

Lord Abbett Small Cap Value Fund - A	448,674

During 2008 the value of the Plan's investments decreased by $2,942,786. This amount represents both realized and unrealized gains and losses.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820 (formally FASB Statement No. 157) *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

NOTE 4 - FAIR VALUE MEASUREMENTS (Cont'd)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant Loans: Valued at amortized cost, which approximates fair value.

Guaranteed Investment Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Cont'd)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,984,699	$ 0	$ 0	$ 7,984,699
Common collective trust	0	0	1,011,362	1,011,362
Participant loans	0	0	53,064	53,064
Total Assets at fair value	$ 7,984,699	$ 0	$ 1,064,426	$ 9,049,125

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Common collective trust	Participant loans
Balance, beginning of year	$ 719,285	$ 64,221
Unrealized gains/(losses) relating to instruments still held at the reporting date	0	0
Purchases, sales, issuances, and settlements (net)	292,077	(11,157)
Balance, end of year	$ 1,011,362	$ 53,064

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,611,266	$ 0	$ 0	$ 5,611,266
Common collective trust	0	0	719,285	719,285
Participant loans	0	0	64,221	64,221
Total Assets at fair value	$ 5,611,266	$ 0	$ 783,506	$ 6,394,772

NOTE 5 - BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers a benefit responsive investment option Fixed Fund (formally known as MFS Fixed Fund) established by SEI Trust Company. ("SEI"). SEI maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by SEI. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by SEI, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 and 2008 was $1,011,362 and $719,285, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and are reviewed for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract does not permit termination of the agreement prior to the scheduled maturity date. Average yields based on actual earnings and interest rate credited to participants was approximately 1.12% and 3.53% for the years ending December 31, 2009 and 2008 respectively.

NOTE 6 - TAX STATUS

The Internal Revenue Service has ruled that the Plan as amended qualifies under Section 401(a) and 401(k) of the Internal Revenue Code of 1986 (IRC), as amended and, therefore, is not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and participant account balances.

NOTE 9 - RECONCILIATION TO FORM 5500

For financial statement presentation purposes, dividend and interest income, including interest income on participant loans and the common collective trust, is shown as one line item. For Form 5500 purposes, the Trustee separately presents dividend income, interest on participant loans and interest from the common collective trust. The financial statements also have accounted for a contribution receivable at December 31, 2009 while the 5500 has not.

NOTE 10 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares in mutual funds managed by the Trustee. As such, sales and purchases of these managed funds qualify as party-in-interest transactions. The Trustee earns fees for investment management and administration based on a percentage of net assets in the funds it manages.

The Trustee also earns fees through the administration of participant loans. These fees are paid by individual participants with outstanding loans. All other administrative expenses (i.e., administration, legal and accounting) are paid by the Company.

NOTE 11 - RECENTLY ISSUED ACCOUNTING STANDARDS

In June 2009, the FASB issued FASB ASC 105, Generally Accepted Accounting Principles, which establishes the FASB Accounting Standards Codification as the sole source of authoritative generally accepted accounting principles. Pursuant to the provisions of FASB ASC 105, the Plan has updated references to GAAP in its financial statements issued for the year ended December 31, 2009. The adoption of FASB ASC 105 did not impact the Plan's net assets available for Plan benefits.

NOTE 12 - SUBSEQUENT EVENTS

The Plan's management has evaluated all subsequent events through August 18, 2010 the date financial statements were available to be issued. The Plan was in the process of changing its name to reflect the change in the Company's name (Ennead Architects) as of the date of these financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Administrative Committee
Polshek Partnership, LLP 401(k) Plan and Trust

We were engaged to audit the accompanying statements of net assets available for plan benefits of the Polshek Partnership, LLP 401(k) Plan and Trust (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2009 and the supplemental schedule H, line 4i-schedule of assets held for investment purposes at end of year as of and for the year ended December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the MFS Heritage Trust Company and Reliance Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions for all of 2009 and from April 1, 2008 - December 31, 2008 and that MFS Heritage Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2008 - March 31, 2008. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

NOTE 1 - PLAN DESCRIPTION

The following description of the Polshek Partnership, LLP 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Polshek Partnership, LLP (the "Company") established the Plan in 1994. The Plan is a qualified defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company has reserved the right to amend or discontinue the Plan at any time. During 2010 the Company officially changed its name to Ennead Architects.

All employees who have attained age 21 and have completed three months of service are eligible for membership in the Plan. Each participant may elect to contribute from 1% to 100% of his or her compensation to the Plan, not to exceed the maximum amounts permitted by the Internal Revenue Service. Each participant has a fully vested interest in his or her elective deferrals, rollover contributions and transfer contributions, plus or minus any earnings or losses.

The Plan permits hardship withdrawals limited to the lesser of the amount required to meet the need created by the hardship, or the participant's vested accrued benefit. Permissible circumstances for hardship withdrawals include education, purchase of residence, medical expenses, and to prevent foreclosure on a principal residence.

A participant may borrow from his account subject to certain restrictions in the Plan. Loans must be for a minimum of $1,000 and only one loan is permitted per year. All loans to participants are limited to the lesser of $50,000 or 50% of the participant's vested balance. Loans, together with the interest required to be paid thereon, must be repaid within five years unless the loan is used to buy or build a principal residence. Interest on loans shall be based upon the prevailing prime rate then being charged by the Company's primary lending bank plus 1%.

Participants may receive benefits upon reaching the age of 59 ½. Generally, all distributions from the Plan are in the form of lump-sum payments in cash. Participants required to take a minimum distribution due to age may receive their benefits in the form of an annuity. Terminating participants may rollover their account balance into other qualified plans.

The Plan is participant directed and each participant's account is credited with the participant's contribution based upon an allocation between investment options as determined by each participant. At December 31, 2009 the Plan offered twenty-four mutual funds and one fixed value fund as investment options.

The Company pays all but de-minimus expenses of the Plan. Participants must pay loan origination and maintenance fees.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan's financial statements were prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits are recorded when paid.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at December 31, 2009 and 2008, and the reported amounts of revenues and expenses during the years then ended. Actual results could differ from those estimates.

The Plan adopted the provisions of *Accounting for Uncertain Tax Positions* FASB ASC 740 (formally FIN 48) on January 1, 2009. The standard clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a threshold of more-likely-than-not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return. The standard also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The adoption of this standard did not have an impact on the Plan's financial statements.

NOTE 3 - INVESTMENTS

The following investments of the Plan represent 5% or more of the net assets available for plan benefits at December 31, 2009 as certified by the Plan's Trustee:

Fixed Fund F/N/A MFS Fixed Fund	$ 1,065,040
MFS Total Return Fund - A	1,376,286
American Funds Growth Fund - R4	930,724
Oppenheimer Small Midcap Value Fund - A	536,913
MFS Value Fund - R3	1,004,457
Pimco Total Return Fund - A	510,416
Lord Abbett Small Cap Value Fund - A	596,810

During 2009 the value of the Plan's investments increased by $1,510,757. This amount represents both realized and unrealized gains and losses.

The following investments of the Plan represent 5% or more of the net assets available for plan benefits at December 31, 2008 as certified by the Plan's Trustee:

Fixed Fund F/N/A MFS Fixed Fund	$ 778,531
MFS Total Return Fund - A	1,333,428
American Funds Growth Fund - R4	598,553
Oppenheimer Small Midcap Value Fund - A	327,843
MFS Value Fund - R3	872,074
Pimco Total Return Fund - A	348,412
Lord Abbett Small Cap Value Fund - A	448,674

During 2008 the value of the Plan's investments decreased by $2,942,786. This amount represents both realized and unrealized gains and losses.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820 (formally FASB Statement No. 157) *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

NOTE 4 - FAIR VALUE MEASUREMENTS (Cont'd)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant Loans: Valued at amortized cost, which approximates fair value.

Guaranteed Investment Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Cont'd)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,984,699	$ 0	$ 0	$ 7,984,699

Total Assets at fair value	$ 7,984,699	$ 0	$ 1,064,426	$ 9,049,125

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Common collective trust	Participant loans

Unrealized gains/(losses) relating to instruments still held at the reporting date	0	0
Purchases, sales, issuances, and settlements (net)	292,077	(11,157)
Balance, end of year	$ 1,011,362	$ 53,064

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,611,266	$ 0	$ 0	$ 5,611,266
Common collective trust	0	0	719,285	719,285
Participant loans	0	0	64,221	64,221
Total Assets at fair value	$ 5,611,266	$ 0	$ 783,506	$ 6,394,772

NOTE 5 - BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers a benefit responsive investment option Fixed Fund (formally known as MFS Fixed Fund) established by SEI Trust Company. ("SEI"). SEI maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by SEI. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by SEI, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 and 2008 was $1,011,362 and $719,285, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and are reviewed for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract does not permit termination of the agreement prior to the scheduled maturity date. Average yields based on actual earnings and interest rate credited to participants was approximately 1.12% and 3.53% for the years ending December 31, 2009 and 2008 respectively.

NOTE 6 - TAX STATUS

The Internal Revenue Service has ruled that the Plan as amended qualifies under Section 401(a) and 401(k) of the Internal Revenue Code of 1986 (IRC), as amended and, therefore, is not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and participant account balances.

NOTE 9 - RECONCILIATION TO FORM 5500

For financial statement presentation purposes, dividend and interest income, including interest income on participant loans and the common collective trust, is shown as one line item. For Form 5500 purposes, the Trustee separately presents dividend income, interest on participant loans and interest from the common collective trust. The financial statements also have accounted for a contribution receivable at December 31, 2009 while the 5500 has not.

NOTE 10 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares in mutual funds managed by the Trustee. As such, sales and purchases of these managed funds qualify as party-in-interest transactions. The Trustee earns fees for investment management and administration based on a percentage of net assets in the funds it manages.

The Trustee also earns fees through the administration of participant loans. These fees are paid by individual participants with outstanding loans. All other administrative expenses (i.e., administration, legal and accounting) are paid by the Company.

NOTE 11 - RECENTLY ISSUED ACCOUNTING STANDARDS

In June 2009, the FASB issued FASB ASC 105, Generally Accepted Accounting Principles, which establishes the FASB Accounting Standards Codification as the sole source of authoritative generally accepted accounting principles. Pursuant to the provisions of FASB ASC 105, the Plan has updated references to GAAP in its financial statements issued for the year ended December 31, 2009. The adoption of FASB ASC 105 did not impact the Plan's net assets available for Plan benefits.

NOTE 12 - SUBSEQUENT EVENTS

The Plan's management has evaluated all subsequent events through August 18, 2010 the date financial statements were available to be issued. The Plan was in the process of changing its name to reflect the change in the Company's name (Ennead Architects) as of the date of these financial statements.
