401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting. The financial statements for the Plan are prepared using the accrual method of accounting.

2. Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation. The Plan's investments are held and maintained by an investment custodian in a pooled separate account which is regulated, supervised and subject to periodic examination by Federal agencies. The Plan investments are valued at the net asset value per share computed for each fund. In the computation of net asset values, securities held by the various funds are valued at prices which equal or approximate market value. Cash equivalents are stated at cost which approximates market value.

4. Risk and Uncertainties. The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

5. Payment of Benefits. Benefits are recorded when paid.

B. DESCRIPTION OF PLAN

The following description of Peoples Pharmacy, Inc. 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a 401(k) profit sharing plan, formed on January 1, 2002, covering all eligible employees of Peoples Pharmacy, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Participation. All employees, except union employees and nonresident aliens, are eligible to participate in this Plan immediately upon reaching one thousand (1,000) hours of employment with the Company and having attained the age of eighteen (18).

3. Contributions. All employee contributions are elective deferrals pursuant to a salary reduction up to the maximum percentage allowable not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415. For 2011 and 2010, a participant's compensation taken into account under the Plan was limited to $245,000, as required by IRC Section 401(a)(17) as amended by OBRA '93. Total elective deferrals are limited to a maximum of $16,500 for plan years ended December 31, 2011 and 2010. Compensation includes the employees elective contributions.

   Participants age 50 or older, may elect to defer additional amounts, called "catch-up" contributions, to the Plan. The additional amounts may be deferred regardless of any other limitations. The maximum additional contribution amount for plan years ended December 31, 2011 and 2010 is $5,500.

   Employer matching contributions are equal to a discretionary percentage, to be determined by the employer at the end of each plan year, of the participant's contributions. The employer matching contribution for the plan years ended December 31, 2011 and 2010 was based on a formula of seventy percent (70%) of salary deferrals up to one hundred percent (100%) of compensation.

DECEMBER 31, 2011 AND 2010

B. DESCRIPTION OF PLAN (Continued)

4. Employee Rollovers. Employee rollovers from other qualified plans are accepted by the Plan for any eligible employee, even if they are not a current participant.

5. Participant Accounts. Accounting records for individual participant accounts are maintained by a third-party administrator. Each participant account is credited with the participant's income deferral and a portion of the Company's matching contribution. Plan earnings and losses, including realized and unrealized gains and losses, are also allocated to the individual participant accounts. Participants are allowed to direct their investments under the Plan.

6. Administrative Expenses. All reasonable expenses of administration including, but not limited to, those involved in retaining necessary professional assistance may be paid from the assets of the Plan. The Company may, in its discretion, pay such expenses. The Plan paid administrative fees totaling $34,794 and $29,191 for the plan years ended December 31, 2011 and 2010, respectively.

7. Vesting. Participants are twenty percent (20%) vested in employer contributions after two years of service and twenty percent (20%) for each year thereafter. A participant is one-hundred percent (100%) vested after six years of service. Upon death, disability, or attaining normal retirement age, the employer contributions become 100% vested in participant accounts. Participants are immediately and fully vested in their elective salary deferral contributions.

8. Payments of Benefits. The administrator shall establish and maintain an account in the name of each participant to which the administrator shall credit, as of each anniversary date, all amounts allocated to each participant. Upon termination of service, a participant may elect a lump-sum payment, a direct rollover or partial withdrawals provided the minimum withdrawal is $500. No annuities are allowed.

9. Forfeitures. Participant forfeitures of non-vested matching contributions are applied to the future employer's matching contribution and are all allocated to the remaining plan participants. Forfeitures are not used to pay administrative expenses. The Company allocated $3,132 and $2,590 of forfeitures for the plan years ended December 31, 2011 and 2010, respectively.

10. Loans to Participants. Participants may borrow from their fund accounts a minimum of $1,000 of their vested accounts. A participant may only have one loan outstanding at any time. Loans are treated as participant directed investments. Loan terms range from 1 to 5 years and are secured by the vested balance in the participant's account. Interest rates are determined at funding using the prime interest rate plus one. Principal and interest are paid ratably through payroll period deductions. The interest rates on participant loans outstanding as of December 31, 2011 range from 5.25% to 8.25%.

C. PLAN REVISION, AMENDMENT AND TERMINATION

The Company has revised and/or amended the Plan as deemed necessary to comply with changes in the Federal pension plan statutes and ERISA. Although Peoples Pharmacy, Inc. has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon the full termination of the Plan, the employer shall direct the distribution of the Plan assets to all eligible participants.

D. TAX STATUS

As of the issue date of these financial statements, the Internal Revenue Service has not issued a determination letter for this plan. However the plan administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.
