Sensor and Antenna Systems, Lansdale, Inc. 401 (k) Plan

We were engaged to audit the financial statements of the Sensor and Antenna Systems, Lansdale, Inc. 401 (k) Plan (modified cash basis), as of April 1, 2009 and for the period January 1, 2009 through April 1, 2009, as listed in the accompanying index. These financial statements are the responsibility of the Plan's management.

As described in Note 2, the financial statements and schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the period ended April 1, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the 2009 modified cash basis financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As further described in Note 8 to the financial statements, effective April 1, 2009, the Plan was merged into the Cobham North America 401(k) Plan.

SENSOR AND ANTENNA SYSTEMS, LANSDALE, INC. 401 (k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the Sensor and Antenna Systems, Lansdale, Inc. (the Company) 401 (k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on February 29, 2008 upon divestiture of the Company from BAE Systems. On June 15, 2008, the BAE SYSTEMS Employees' Savings and Investment Plan was merged into the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its benefit-responsive investment contract, which is valued at contract value (Note 3). Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Contributions

Participants may authorize the Company to withhold from 1% to 50% of eligible compensation, as defined, subject to IRS limits, and to deposit such amount in the Plan. Employees can elect to have amounts withheld on a pre-tax basis and/or on an after-tax basis (Roth 401(k)).

The Company makes a matching contribution equal to 100% of the salary deferral up to 6% of compensation.

The Company may make a discretionary nonelective contribution on behalf of eligible active participants. There were no discretionary contributions made to the Plan by the Company for the period ended April 1, 2009.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Rollovers

Rollovers are permitted from a previous employer's retirement plan or IRA.

Participant's Accounts

Each participant's account is credited with the participant's contribution, the employer's matching contribution, and an allocation of (a) the Company's discretionary contribution, if applicable, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, after-tax contributions and employer safe harbor matching contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary nonelective contribution portion of participants' accounts plus earnings thereon is based on years of continuous service as follows.

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	70%
3 or more	100%

Investment Options

Participants may direct their contributions to a range of funds classified from conservative to aggressive and are permitted to change their investment options at any time.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, death, disability, financial hardship, retirement, or upon reaching age 65, a participant (or beneficiary in the event of death of a participant) may elect to receive a lump-sum distribution equal to the value of the participant's vested account or, alternatively, choose to have the vested account paid under one or more of the distribution forms available under the Plan. Participants may take an early retirement distribution at or after age 55 but must first terminate employment.

Participant Loans

The Plan permits loans to be made to qualifying participants. The minimum loan amount is $1,000 and the maximum amount is the lesser of 50% of the vested account balance or $50,000.

Loans must be repaid over a five-year period unless the loan is for the purchase of a principal residence in which case the loan can be repaid over ten years.

Use of Estimates

The preparation of financial statements requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting; consequently, contributions and investment income are reported when received and benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Administrative Expenses

Operating expenses such as legal, accounting, and set-up fees are absorbed by Sensor and Antenna Systems, Lansdale, Inc. and are not paid with Plan assets. These amounts are not significant. Other administrative fees in the amount of $1,107 were paid from plan assets during the period ended April 1, 2009.

NOTE 3 INVESTMENTS

The information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the trustee. The plan held no investments at April 1, 2009:

During the period ended April 1, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as investments held during the period) depreciated by $1,699,261.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

During the period ended December 31, 2008, the Plan held investments in the Fidelity Managed Income Portfolio which is a common collective trust. The trust invests in fully benefit-responsive investment contracts issued by insurance companies and other financial institutions, and in fixed income securities (see Investment Valuation and Income Recognition). The Plan's Statement of Net Assets Available for Benefits presents the fair value of these investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 4.02% and 3.47%, respectively.

NOTE 4 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2008 and April 1, 2009 to Schedule H of Internal Revenue Service Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ -	$ 43,869,405
Adjustment from contract value to fair value for fully benefit-responsive investment contract	-	(609,018)
Net assets available for benefits per Schedule H to the Form 5500	$ -	$ 43,260,387

The following is a reconciliation of benefits paid to participants per the financial statements for the period ended April 1, 2009 to Schedule H of Internal Revenue Service Form 5500:

Benefits paid to participants per the financial statements	$ 373,820
Benefits paid to participants per Schedule H to the Form 5500	$ 373,820

NOTE 5 TAX STATUS

The Internal Revenue Service has determined and informed the trustee of the Plan by a letter dated December 5, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan's administrator and the Plan's trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Company is not aware of any activity or transaction that may adversely affect the qualified status of the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 CUSTODIAN CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from the custodian of the Plan that all of the information provided by them is complete and accurate. Fidelity Management Trust Company (Fidelity) is the custodian. Information included in the accompanying financial statements as to mutual funds, common/collective trusts, net depreciation in the fair value of investments, dividend and interest income, and all information in the supplemental schedule is presented in reliance solely upon those certifications.

NOTE 7 RISKS AND UNCERTAINTIES

At the direction of participants, the Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 PLAN MERGER
