HEALTH & WELFARE PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2009

NOTE 1 - Description of the Plan

The following description of the Great Plains Enterprises, Inc. Health & Welfare Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions.

The Plan and Trust were established July 1, 2001 to provide health and other benefits to eligible participants. The sponsoring employer, Great Plains Enterprises, Inc., has agreed in writing to be bound by the terms and conditions of the Trust Agreement establishing the Plan. The Plan is an employee benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan provides medical, dental, vision, death, prescription drug coverage and supplemental accident benefits for eligible participants and their dependents. The Plan provides many of these benefits on a self-funded basis. The Plan also carries a stop-loss insurance policy, which covers specific and aggregate claims, in excess of the deductibles as specified in the contract.

The Plan shall remain in existence from year-to-year unless written termination notice is given by the Plan Sponsor or Plan Administrator to the other at least 60 days, but not more than 90 days, prior to the anniversary date of effective coverage under this Plan.

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to modify the benefits provided to employees, to discontinue its contributions at any time, and terminate the Plan subject to the provisions set forth in ERISA.

NOTE 2 - Summary of Significant Accounting Policies

Accounting Method

The accounts of the Plan are maintained on an accrual basis of accounting for financial reporting purposes.

NOTE 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims incurred but not reported, eligibility credits, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and equivalents

Cash equivalents include money market funds used in general operations.

Concentration of credit risk for cash:
For business purposes, the Plan maintains cash balances at a bank which, at times, may exceed federally insured limits.

Employer Contributions

Employer contributions are recognized as income in the month the employees worked.

Benefits

Benefits expense is recorded when paid. Hours worked through December provide participants with benefits eligibility through February.

Contributions Receivable

Employer contributions due but not paid at year-end are recorded as contributions receivable. An allowance for uncollectible accounts is considered unnecessary and is not provided.

Benefit Claims Payable

The obligation for benefit claims payable is an estimate for self-funded benefits incurred on or prior to December 31, but paid after December 31. The estimate was calculated based on a review of actual claims paid subsequent to year-end, with incurred and received dates of December 31, and prior.

NOTE 2 - Summary of Significant Accounting Policies (Continued)

Benefit Claims Incurred, But Not Reported

The obligation for benefit claims incurred, but not reported is an estimate for self-funded benefits incurred on or prior to December 31, but reported and paid by the Plan after December 31. The estimate was calculated using available claims experience data and projected future claims.

Estimated Obligation for Future Benefits Based on Accumulated Eligibility

The Plan currently provides extended coverage to participants, once they lose their eligibility, to the extent that a delay in the effective date of the participants' initial coverage was required. The estimate was calculated using available claims experience data and projected future claims.

Subsequent Events

In preparing the financial statements as of December 31, 2009, management considered the impact of subsequent events occurring through July 22, 2010 for potential recognition or disclosure in these financial statements.

NOTE 3 - Certificate of Deposit

Certificate of deposit (representing greater than 5% of total net assets available for benefits as of the end of the year) with an original maturity in excess of three months consist of the following:

Institution	Interest Rate	Maturity Date	Amount
At December 31, 2009

NOTE 4 - Money Market Accounts

In accordance with Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures (formerly SFAS No. 157, Fair Value Measurements), the Fund categorizes its financial instruments recorded at fair value into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Level 2 represents financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. The Plan's money market accounts and certificate of deposit accounts are considered level 2 investments.

NOTE 5 - Income Taxes

The Trust established under the Plan to hold the Plan's assets has not applied for exemption from California or federal income taxes, and is currently subject to income tax on its net investment income. The Trustees believe that the Trust does not have any net taxable income for the tax year ended December 31, 2009 and, therefore, no tax liability is reflected in these financial statements.

NOTE 6 - Excess Loss Indemnity Policy

Certain benefits may be provided under the terms of an Excess Loss Indemnity Policy written by Gerber Life Insurance for the policy periods ending August 31, 2010 and 2009. The policy contains two excess loss provisions. The first of which applies to individual participant claims, whereby when the claims paid on behalf of an eligible participant or dependent exceeds $35,000, during a policy year, the insurance carrier will reimburse the plan for 100% of the excess up to a maximum aggregate amount per person per policy period. The second provision involves aggregate plan claims, whereby when the total aggregate claims paid on behalf of all eligible participants or dependents exceed the greater of a specified percentage based on employer contributions or the specified minimum aggregate deductible, the insurance carrier will reimburse the Plan 100% of the excess up to a maximum aggregate amount of $500,000, less the amount reimbursed for individuals under the specific individual policy noted above.

Independent Auditors' Report on Supplemental Schedules Required by the Department of Labor

Our audit of the financial statements of Great Plains Enterprises, Inc. Health & Welfare Plan (the Plan) for the year ended December 31, 2009 was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes (held at end of year) is for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
