We were engaged to audit the accompanying financial statements of LS Precision Manufacturing, Inc. 401(k) and Profit Sharing Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Great-West Life & Annuity Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The LS Precision Manufacturing, Inc. 401(k) and Profit Sharing Plan (the "Plan") is a qualified retirement plan adopted by LS Precision Manufacturing, Inc. (the "Company") on March 1, 2004. The Plan was amended and restated effective January 1, 2008. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to provide employees with retirement benefits. Significant provisions of the Plan in effect as of December 31, 2009 are summarized below. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. Eligibility – All eligible employees of the Company, as defined in the Plan document, who have completed six (6) consecutive months of service and have reached twenty-one (21) years of age, are eligible for participation in the Plan. An employee's entry date will be the first day of the month coinciding with or next following the date they satisfy the eligibility requirements.

B. Contributions – Each year participants may elect to defer up to sixty percent (60%) of their compensation, as defined in the Plan document, not to exceed the dollar limit set by law. Participants at least age fifty (50) before the end of the Plan year may elect to defer additional amounts as catch-up contributions. Participants may revoke or make modifications to their salary deferral elections at any time.

   The Company currently makes a safe harbor matching contribution to each participant equal to one hundred percent (100%) of each participant's elective deferrals which do not exceed three percent (3%) of compensation plus fifty percent (50%) of elective deferrals between three percent (3%) and five percent (5%) of compensation. Additionally, a discretionary nonelective contribution may be made to the Plan and allocated to eligible participants based on compensation. For the year ended December 31, 2009, the Company did not make a nonelective contribution.

   Participants may also deposit rollover contributions into the Plan from distributions they have received from other plans and certain IRAs.

C. Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, the employer's contributions, Plan earnings or losses, fees and administrative expenses. A participant's account is segregated for purposes of determining the earnings or losses. A participant's account does not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Investment Options – Participants direct the investment of their entire interest in the Plan into various investment options offered by the Plan.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

D. Investment Options (Continued) – The Plan currently offers a guaranteed account and mutual funds in pooled separate accounts as investment options for participants. Participants may change their investment allocations on a continuing basis.

E. Vesting – Participants are at all times fully vested in their elective deferrals including catch-up contributions, rollover contributions, safe harbor matching contributions, plus actual Plan earnings or losses thereon. Employer nonelective contributions made prior to January 1, 2009 and actual earnings or losses become one hundred percent (100%) vested after five (5) years of credited service, as defined in the Plan. Upon termination of service, the nonvested portion of a participant's account balance is forfeited. Participants become fully vested in the entire amounts allocated to their accounts upon retirement, death or disability.

F. Participant Loans – Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum of $50,000 reduced by the highest outstanding balance of Plan loans during the prior one-year period, or fifty percent (50%) of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing commercial rates charged by lenders for loans of similar type. Principal and interest payments are paid ratably through payroll deductions. The Plan may also assess certain administrative fees associated with participant loans.

G. Payment of Benefits – Upon disability or death, the participant, is entitled to receive the full amount credited to their account. A participant (or beneficiary in case of death) may elect to receive either a single lump-sum payment equal to the value of the participant's account balance, or installment payments under the terms specified in the Plan. Benefits may also be paid directly to another plan which qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC.

Upon retirement or other termination of service with the Company, the participant may request a lump-sum payment of their account or rollover their account benefits to another qualified plan or IRA. If the participant's vested account balance is not greater than $1,000 upon termination of employment, it will be automatically paid to the participant in a single lump-sum payment. Participants who have attained age fifty-nine and one-half (59½) may receive a distribution from certain accounts prior to termination of employment.

Hardship withdrawals are allowed to satisfy certain immediate and heavy financial needs. These are subject to the provisions specified in the Plan agreement.

H. Forfeited Accounts – Forfeitures attributable to nonvested employer contributions will be used first to pay any Plan administrative expenses and then to reduce any nonelective contributions. Forfeited nonvested account balances were $5,372 and $1,334 at December 31, 2009 and 2008, respectively. For the year ended December 31, 2009, $1,300 was withdrawn from the forfeitures account to pay certain administrative expenses of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

B. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect certain reported amounts at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

C. Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (the "Codification"). This standard replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles,* and establishes only two levels of GAAP, authoritative and nonauthoritative. The FASB Accounting Standards Codification ("ASC") has become the source of authoritative, nongovernmental GAAP. All other nongrandfathered accounting literature not included in the Codification will become nonauthoritative. This standard was effective for financial statements for interim or annual reporting periods ending after September 15, 2009. The adoption of the Codification changed the Plan's references to GAAP accounting standards but did not impact the Plan's net assets available for benefits.

The Plan has adopted the provisions of ASC 855, *Subsequent Events* (formerly SFAS No. 165, *Subsequent Events*) which clarifies that management must evaluate, as of each reporting period, events or transactions that occur after the balance sheet date and through the date that the financial statements are issued or available to be issued, both for interim and annual reporting periods. The provisions of ASC 855 became effective prospectively for interim and annual reporting periods ending after June 15, 2009.

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures About Fair Value Measurements* ("ASU 2010-06"), which amends the Fair Value Measurements and Disclosures Topic of ASC 820. This amendment requires new disclosures on the value of and the reasons for transfers in and out of Levels 1 and 2 of the fair value hierarchy and additional disclosures about purchases, sales, issuances and settlements within Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosure requirements on levels of disaggregation and about input and valuation techniques.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Valuation of Investments and Income Recognition

Valuations of the Plan assets are made annually on the last day of the Plan year. Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis.

As described in the guidance ASC 962-325 (formerly Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Management has determined that the fair value of the Guaranteed Portfolio Fund as of December 31, 2009 and 2008 equals contract value. Accordingly, the statements of net assets available for benefits reflect no adjustment from fair value to contract value.

Participants may direct the withdrawal or transfer of all or a portion of their investments in the Guaranteed Portfolio Fund at contract value at any time with no restrictions or penalties. The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The Guaranteed Portfolio Fund is a general account product of Great-West Life & Annuity Insurance Company (the "Custodian"). As a general account product, participant principal and interest are fully guaranteed by the entire general account assets of the Custodian. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

The average yield earned by the Plan for the Guaranteed Portfolio Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average was 2.96% and 3.33% for the years ended December 31, 2009 and 2008, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Valuation of Investments and Income Recognition (Continued)

The actual average yield earned by the Plan for the Guaranteed Portfolio Fund can be derived by averaging the Plan's quarterly interest rates. That average was 2.96% and 3.33% for the years ended December 31, 2009 and 2008, respectively.

E. Benefits Paid to Participants or Beneficiaries

Benefits are recorded when paid. As of December 31, 2009, there were no amounts owed to participants who had elected to withdraw from the Plan but had not yet been paid.

F. Administrative Expenses

The Plan will pay some or all Plan related expenses. The expenses charged to the Plan may be charged pro rata to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. In addition, some types of expenses may be charged only to some participants based upon their use of a Plan feature or receipt of a Plan distribution.

NOTE 3 – FAIR VALUE MEASUREMENTS

Effective January 1, 2008, the Plan adopted the provisions of ASC 820 (formerly Statement of Financial Accounting Standards No. 157, *Fair Value Measurement*), with respect to its investments. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled Separate Accounts: Investments in mutual funds held in pooled separate accounts under variable annuities with the Custodian are based on the net asset value ("NAV") of units held by the Plan at year-end as reported by the Custodian. The unit NAV is based on the fair value of the underlying mutual fund shares, which is then adjusted to apply the expense factor disclosed in the annuity contract.

Guaranteed Accounts: The Plan's fixed annuity contract with the Custodian includes investments in the Custodian's general account and is reported at contract value, which has been deemed to approximate fair value by the Custodian. The reported values for fixed annuity options are reported daily based on the valuation formula disclosed in the annuity contract, as calculated by the annuity provider.

Participant Loans: The stated value of participant loans represents the outstanding principal balance of the loan, taking into account the applicable interest rate, amortization schedule and repayments made for each loan, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	**$ -**	**$ 1,506,351**	**$ -**	**$ 1,506,351**

TOTALS	**$ -**	**$ 1,863,957**	**$ 123,672**	**$ 1,987,629**

	December 31, 2008			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 1,028,099	$ -	$ 1,028,099
Guaranteed accounts	-	225,661	-	225,661
Participant loans	-	-	91,055	91,055
TOTALS	$ -	$ 1,253,760	$ 91,055	$ 1,344,815

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 91,055
Purchases, sales, issuances and settlements, net	32,617
BALANCE, END OF YEAR	$ 123,672

The adoption of ASC 820 did not have a material impact on the Plan's financial statements.

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian of the Plan, except for comparing such information to the Plan's financial statements and supplemental schedule.

The Custodian certified to the completeness and accuracy of Plan investments totaling $1,987,629 and $1,344,815 for the years ended December 31, 2009 and 2008, respectively. The Custodian also certified to the completeness and accuracy of $343,203 of net appreciation in value of investments and $13,642 of interest income related to the aforementioned investments for the year ended December 31, 2009.

NOTE 5 – INVESTMENTS (UNAUDITED)

At December 31, 2009 and 2008, all investments of the Plan were participant-directed.

The following presents investments that represented five percent (5%) or more of the Plan's net assets at December 31:

	2009	2008
Maxim Aggressive Profile II	$ **270,578**	$ 200,040
Maxim Conservative Profile II	**109,720**	81,116
American Funds EuroPacific Growth R3	**103,209**	107,408
Guaranteed Portfolio Fund	**352,234**	224,327
Participant Loans	**123,672**	91,055

The Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $343,203 during 2009.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian. These transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable. The Company also has the right to amend the Plan at any time. In no event will any amendment authorize or permit any part of the Plan assets to be used for purposes other than the exclusive benefit of participants or their beneficiaries. Additionally, no amendment will cause any reduction in the amount credited to a participant's account.

NOTE 8 – TAX STATUS

The Plan is a prototype standardized profit sharing plan with CODA sponsored by the Orchard Trust Co that has been adopted by the Company. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the form of the prototype plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the trust's activities are exempt from income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2008 to Schedule H of Form 5500:

NOTE 10 – RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)
