INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
TASC Corporation 401(k) Profit Sharing Plan

I was engaged to audit the financial statements and supplemental schedule of the TASC 401(k) Profit Sharing Plan as of December 31, 2009 and 2008 and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TASC 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the TASC 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Technical Automation Services Corporation ("Company") is the sponsor of the Plan.

General. The Plan is a defined contribution plan covering all employees of the Company who have at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

Contributions. Participants may elect to contribute up to 92 percent of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers seventy-five mutual funds and a money-market fund as investment options for participants. The Company may provide a matching contribution equal to a percentage of the participant's elective contributions. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. These discretionary contributions are allocated to each participant in proportion to the participant's compensation as a percentage of total compensation for all participants. Contributions are subject to certain limitations and are made following the close of the Company's fiscal year.

Participant Accounts. Each participant's account is credited with an allocated share of employer contributions, voluntary contributions, transfer and rollover contributions when applicable, and, when applicable, a share of the investment earnings and appreciation. Each participant's account is charged with a share of the administrative fees and expenses paid out of the Plan, withdrawals or distributions that are made directly to the participant, and, when applicable, investment losses and depreciation in value. The allocation of employer contributions is based upon a percentage of the participant's year to date contribution and the allocation of investment earnings is based upon the participant's account balance on the date the allocation is determined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting. Participants are immediately vested in the balance representing employee contributions. Upon termination prior to normal retirement age, vesting in the employer-matching contribution account is based on a participant's total years of service. Participants are 100% vested after six years of service.

Payment of Benefits. On termination of service due to retirement, death, or disability, a participant may elect to withdraw any part of his or her vested account. Benefits may be paid in a lump-sum amount equal to the value of the participant's account. Withdrawals of employee contributions for undue financial hardship are also permitted. On termination of service due to other reasons, a participant may receive the value of the vested interest in the account as a lump sum distribution.

Participant Loans. Participants may borrow from their fund accounts up to a maximum of $50,000 or 50 percent of their account balance, whichever is less, for a term not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at prime plus two percent, which is commensurate with local prevailing rates as determined monthly. Principal and interest is paid ratably through payroll deductions.

Forfeitures. Matching contributions of employees terminated before those amounts become vested are forfeited. Forfeited amounts are used to reduce future employer contributions and totaled $2,540 and $2,733 in 2009 and 2008, respectively.

Withdrawals. Withdrawals prior to age 59-1/2 are allowed, to the extent vested, upon retirement, death, disability, termination of employment, or on the basis of financial hardship.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Investment Valuation and Income Recognition
Investments in registered investment companies are stated at current fair value. Fair value is determined by John Hancock Life Insurance Company, the Plan custodian, using quoted prices in an active market. In accordance with the policy of stating investments at fair value, the appreciation or depreciation during the year is reflected in the statement of changes in net assets available for plan benefits.

The net income or loss attributable to each investment option is allocated to each participant's account based on the ratio that the balance of that participant's investment option account bears to the sum of the balances of all participants' accounts for the respective investment option. Net income or loss includes the change in fair market value of plan investments, interest income, dividends, and other income or loss attributable to plan assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses
The Company may pay all expenses incurred in the administration of the Plan, including expenses and fees of the trustee, but it shall not be obligated to do so. Any such expenses not so paid by the Company shall be paid from the trust fund.

Payment of Benefits
Benefits are recorded when paid.

Concentration of Credit Risk and Market Risk
The Plan provides for various investment fund options which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. The Plan's risk of credit loss is limited to the carrying value of the investments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE C - TAX STATUS

The Plan is a standardized prototype. The Internal Revenue Service granted a favorable letter of determination to the prototype plan in January, 2002. The Plan's administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE D - TERMINATION OF PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE E - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE
