INDEPENDENT AUDITOR'S REPORT

To Island Medical Services Retirement Savings Plan
Staten Island, New York

We were engaged to audit the financial statements of the Island Medical Services Retirement Savings Plan as of December 31, 2011 and 2010 and for the years then ended, and the supplemental schedule as of and for the year ended December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by the ING Life Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ISLAND MEDICAL SERVICES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2011 AND 2010

---

1. Description of Plan

The following brief description of the Island Medical Services Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

a. Sponsorship and administration

The Plan, a defined contribution plan, was established on January 1, 1993. The Plan is subject to the provisions of the Employee Retirement Act of 1974 ("ERISA"), as amended. The Plan was amended and restated effective January 1, 2004 to adopt the Economic Growth and Tax Relief Reconciliation Act of 2001 "Good Faith" Plan Amendment for Defined Contribution Plans which included 401(k) provisions and the Final Code Section 401 (a)(9) Amendment regarding minimum distribution requirements.

Island Rehabilitative Services (the "Plan Sponsor", as defined by ERISA), also known as Island Medical Services, serves as the Plan Administrator, and is responsible for reporting and fulfilling disclosure requirements. The Plan Sponsor retains ING Life Insurance and Annuity Company ("ING") as the asset custodian of the Plan. Any employer affiliated with the Plan Sponsor due to common ownership may participate in the Plan. Listed below are the employers currently participating in the Plan.

- Island Rehabilitative Services Corp.
- Island Computer Billing Services, Inc.
- Island Nephrology Services, P.C.
- KMK Associates, LLC

Primary and Specialty Medicine of Staten Island, P.C. and Richmond Cardiological Services, P.C., are no longer participating employers in the Plan. All assets were transferred out as distributions during 2010.

b. Participant accounts

The Plan covers substantially all active employees of the participating employers not covered by a collective bargaining agreement. Employees are eligible to participate in the Plan if they are 21 years of age and have attained three consecutive months of service with any of the participating employers.

1. **Description of Plan (continued)**

b. Participant accounts (continued)

The Plan credits the participant's deferral contribution account with the participant's elective salary reduction amount, the participating employers' contribution amount, and an allocation of the Plan's net earnings and administrative expenses. Allocations are based on participant account balances, as defined. The benefit which a participant is entitled is the benefit that can be provided from the participant vested account. Investments of the Plan are participant directed.

c. Contributions

A participant may contribute up to 50% of his/her annual salary, not to exceed $16,500 during the year ended December 31, 2011. The annual base salary for purposes of the Plan is limited by the Internal Revenue Code (the "Code") to $245,000 during the year ended December 31, 2011. A participant may also rollover amounts representing distributions from other qualified contribution plans.

A participant aged 50 and older is permitted to make an additional catch-up deferral contribution up to $5,500 during the year ended December 31, 2011.

The participating employer may match a discretionary contribution amount. If the participating employer elects to match, the amount will be an amount equal to 50% of the participant's deferred compensation up to 3% of his/her gross annual salary.

d. Expenses of the Plan

The Plan Sponsor is responsible for the management and control of Plan assets. The participants of the Plan pay certain administrative expenses relating to their loans and benefit disbursements. The participants may also be subject to a daily asset charge on their investment options. The base daily asset charge for the Plan's investment options is 0.50% as of December 31, 2011 and is subject to increase in future years to a maximum of 2.00%. In addition to the base daily asset charge, the participants may be subject to the administrative fund fee adjustments ranging from 0.00% to 0.85%.

e. Vesting

The participant immediately vests 100% in his/her voluntary contributions, plus in an allocation of earnings on their voluntary contributions.

1. Description of Plan (continued)

e. Vesting (continued)

The participant vesting in the participating employers' matching contribution accounts is based on years of continuous service as follows:

Years of service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

f. Forfeitures

Non–vested portions of a participant's account balance will be forfeited when the participant receives a distribution of the entire vested benefits. The forfeited amounts are transferred to a forfeiture account until they are used to reduce participating employers' matching contributions. During the years ended December 31, 2011 and 2010, the amount of forfeitures that were used to reduce the participating employers' matching contribution were $0 and $11,388, respectively.

g. Payment of benefits

Any participant who terminates employment before retirement will be entitled to receive the balance in his/her salary deferral account on any distribution date, as soon as administratively possible, following the participant's separation from service with the employer.

If the terminated participant's vested account is greater than $5,000 during the year ended December 31, 2011, the participant may leave any funds in the Plan until he/she elects to commence distribution as of any distribution date following the participant's termination from employment. If the terminated participant's vested account is equal to or less than $5,000 during the year ended December 31, 2011, the Plan may distribute that portion in a lump sum amount without the participant's consent.

1. Description of Plan (continued)

g. Payment of benefits (continued)

If termination is due to retirement and the participant has attained the age of sixty-five and is 100% vested, the participant may elect to receive all or any portion of any non-forfeitable account balance. A participant who has not retired and has attained the age of fifty-nine and one half and is 100% vested may elect to receive all or any portion of any non-forfeitable account balance.

If termination is due to disability, the Plan will distribute, in a lump-sum amount, the vested balance to the participant on any distribution date, as soon as is administratively possible, following the participant's separation from service with the employer.

If termination is due to death of the participant, the Plan will distribute the balance of the participant's accounts to his/her beneficiaries on any distribution date, as soon as administratively possible, following the participant's separation from service with the employer.

h. Participant loans

The Plan allows the participant to borrow a portion of the balance in his/her Plan account, subject to the approval of the Plan Administrator. The Plan Administrator may not approve any loan in the amount that exceeds 50% of the participant's vested account balance. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed $50,000 during a one-year period. The Plan allows one outstanding loan any time for each participant. The interest rate is determined by the Plan Administrator commensurate with prevailing interest rates plus 1%. Interest rates on outstanding loans range from 4.75% to 9.75%.

i. Income tax status

Although the Plan has requested and is waiting for a determination from the Internal Revenue Service ("IRS") as to the Plan's tax-exempt status, the master prototype plan from which the Plan was drafted has received a favorable determination from the IRS. Plan management believes that the Plan and its subsequent amendments are designed to operate in accordance with all applicable provisions of the Code. Therefore, management believes that the Plan is qualified and is exempt from taxation under the Code.

j. Plan termination

Although it has not expressed any intent to terminate the Plan, the Plan Sponsor has the right under the Plan to terminate the Plan without any liability for such termination subject to the provisions of

1. Description of Plan (continued)

j. Plan termination (continued)

ERISA. In the event of the Plan termination, all participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

a. Date of management's review

Subsequent events were evaluated through August 24, 2012, which is the date the financial statements were available to be issued.

b. Basis of accounting

The accompanying financial statements are prepared on the accrual basis, with investments adjusted to fair market values based on financial information provided by ING.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. See Note 6.

c. Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

d. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

2. Summary of Significant Accounting Policies (continued)

d. Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e. Payment of benefits

Benefit payments to participants are recorded when paid.

f. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

g. Recent pronouncements

The Plan does not anticipate the adoption of recently issued accounting pronouncements will have a significant impact on its statements of net assets available for benefits or its statement of changes in net assets available for benefits.

3. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, overall volatility risk and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1: Fair Value Measurements

The fair value of common stocks, certain corporate bonds and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 3: Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

4. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

		Fair Value Measurements Using:	
December 31, 2011	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 3)**

4. **Fair Value Measurements (continued)**

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the investment contract with insurance company for the years ended December 31, 2011 and 2010:

December 31, 2011

Beginning balance	$2,868,092
Total gains or losses included in changes in net assets available for benefits	218,374
Purchases, sales, issuances & settlements (net)	180,614
Ending balance	$3,267,080
The amount of total gains or losses for the year included in net assets available for benefits attributable to the changes in unrealized gains or losses relating to assets still held at the reporting date.	$ 0

December 31, 2010

Beginning balance	$2,972,212
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	94,679
Purchases, sales, issuances & settlements (net)	(198,799)
Ending balance	$2,868,092
The amount of total gains or losses for the year included in net assets available for benefits attributable to the changes in unrealized gains or losses relating to assets still held at the reporting date.	$ 0

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2011 and 2010 are reported in net appreciation/ (depreciation) in fair value of investments.

5. Information Certified by Trustee (unaudited)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by the ING Life Insurance and Annuity Company, the Trustee of the Plan, and furnished to the Plan administrator. Investments that represent 5% of more of the Plan's net assets are separately identified. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

The fair value of investments at December 31, 2011 and 2010 as reported by the Trustee is summarized as follows:

	2011	2010

Withdrawals by participants	**(482,135)**	(2,332,791)
Total administrative expenses	**(4,400)**	(4,625)

6. Investment Contract with Insurance Company

The Plan entered into a benefit-responsive investment contract with ING Life Insurance and Annuity Company called the ING Fixed Account, effective April 12, 2005. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals or distributions and administrative expenses. The contract is included in the financial statements at contract value which approximates fair value as reported to the Plan by ING. Contract value represents contributions and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the ING contract value for credit risk of the contract issuer. The average yield and crediting interest rates for guaranteed new and old interest accounts was approximately 3.25%, not to fall below 3.25%, during 2011. The crediting interest rates are based on an agreed-upon formula with the issuer and are set annually. Withdrawals from the ING Fixed Account other than the payment of benefits to participants may be subject to a Market Value Adjustment and a surrender charge.

7. Related-Party Transactions

Certain investment funds were managed by ING during 2011. ING is the asset custodian and record-keeper of the Plan (except for participant loans) as of December 31, 2011, and therefore these investments and investment transactions qualify as party-in-interest transactions. There were fees paid by the Plan for the investment management services in the amount of $4,400 for the year ended December 31, 2011.
