NOTES TO THE FINANCIAL STATEMENTS

CEMCO 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011

NOTE A -- DESCRIPTION OF THE PLAN

The following description of the CEMCO 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan sponsor is California Expanded Metal Products Company (CEMCO - the "Company"). The custodian of the Plan is Great-West Life & Annuity Insurance Company.

General. The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have one month of service and are age eighteen or older. Open enrollment occurs on the first day of the month of each quarter after an employee has met the age and eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute on a pre-tax basis up to 100% of their compensation plus up to 100% of any Employer paid cash bonus, the total of which is not to exceed $16,500 for the year ended December 31, 2011. If a participant is age 50 or older by the end of the plan year, the participant may contribute an additional $5,500 to the plan, or the participant's compensation for the year, whichever is lower. The Plan provides for a Safe Harbor employer matching contribution. The Company will match 100% up to the first 3% of a participant's salary contributed to the plan and will match 50% of the next 4% of the participant's contributions.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on each participant's years of continuous service with the Company. A participant vests at the rate of 20% per plan year, beginning with completion of their second year of service. A participant is 100% vested after six years of credited service.

Fidelity Bond. The Plan sponsor obtained a fidelity bond in the amount of $500,000 that became effective on June 24, 1997.

Payment of Benefits. On termination of service due to death, disability or retirement, participants receive either a lump-sum amount or an installment or annuity payment. If the amount in the participant's account is $5,000 or less, the amount will be paid in one lump sum. For the plan year ended December 31, 2011, benefits paid to participants amounted to $623,365.

NOTE A -- DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses. Administrative expenses are paid by the Plan from Plan assets and are deducted from participant accounts. Great-West Life & Annuity Insurance Company deducts a variable asset charge based on a percentage of assets. One three hundred sixty-fifth of the per annum charge is deducted daily. The per annum charge varies with each fund and ranges from 0.60 % to 1.65% of invested assets. This charge is not separately stated in the Statement of Changes of Net Assets Available for Benefits, but is included as part of the net change in fair value of investments and interest income.

Forfeiture. Termination of employment for reasons other than retirement, disability or death results in forfeiture of the non-vested portion of the participant's Plan account balance. Forfeited funds, including earnings thereon may be used at the Company's discretion to reduce the Company's matching contributions to the Plan. Forfeitures for the Plan for the year ended December 31, 2011 were $6,977. As of December 31, 2011, the Plan held funds in the amount of $1,414 which may be used by the Company for future contributions.

Participant Loans. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1% and, generally, are re-paid over a five-year period or up to 15 years if the money is used to purchase a primary residence. Principal and interest is paid ratably through monthly payroll deductions.

Investment Options. Upon enrollment in the Plan, participants may direct their contributions to be invested in a number of investment options offered by Great-West Life & Annuity Insurance Company. The investment options offered to participants through Great-West Life & Annuity Insurance Company are categorized as follows:

Profile Series of Funds. This category of funds invests in a mix of mutual funds. The five categories range from aggressive to conservative. Neither the principal nor the investment earnings are guaranteed under these funds. (Pooled Separate Account);

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (Note D). Pooled separate account investments are valued at the sum of the quoted market prices of the underlying securities held in each account. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The difference between cost and market value from one period to the next is recognized as a component of net appreciation/depreciation in fair value of investments in the accompanying Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 5, 2012, which is the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY THE TRUSTEE

All investment information, including notes receivable from participants, disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2011 and 2010 and net change in fair value of investments and interest income for the year ended December 31, 2011, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *"Fair Value Measurements and Disclosures,"* provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE E – SUBSEQUENT EVENTS

There were 42 employee participants that have been terminated as of December 31, 2011. These terminated participants have balances in the plan that total $782,190 which may be disbursed in 2012 to these terminated participants. Since their accounts are pooled separate accounts, there will be no effect to the other participants in the plan when the terminated employees' accounts are disbursed.

NOTE F –TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 30, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company changed trustees effective January 1, 1998, and adopted the new trustee's proto-type plan document. This proto-type plan document has received a favorable determination letter from the Internal Revenue Service. The Plan administrator and the Company's management believe that the Plan agreement, as adopted, is designed and is operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt through December 31, 2011. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% invested in their accounts.
