Note 1. DESCRIPTION OF PLAN

The following description of the L & G Concrete Construction (Employer) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement and Plan amendments for a more complete description of the Plan's provisions.

General. **The Plan is a defined contribution plan covering all full-time employees of the Employer and L & G Equipment and L & G Transport who have one year of service and are eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).**

Contributions. **For the Plan year 2011, under a salary reduction agreement, participants may contribute up to $16,500 of pretax annual compensation, as defined in the Plan. Participants who attain age 50 by the end of the plan year may make additional "catch-up" contributions of up to $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Employer will match 100% of employee contributions up to 3% of the participant's compensation plus 50% of the employee contributions between 3% and 5% of the participant's compensation. Any fee or expense paid, directly or indirectly, by the Company is not considered a contribution to the Plan.**

Participant Accounts. **Each participant's account is credited with the participant's contributions and allocations of (1) the Company's contribution and, (2) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's fully vested account.**

Vesting. **The balance in each Participant's Elective Account shall be fully vested at all times and, except as otherwise provided herein, shall not be subject to forfeiture for any reason.**

Investment Options. **A participant has the right to direct the Trustee with respect to the investment or re-investment of the assets comprising the participant's individual account.**

Participant loans. **Participant loans are permitted. Participants are allowed to borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at reasonable rates. The principal and interest is paid ratably over 5 years or longer for the purchase of a primary residence through regularly scheduled payroll deductions.**

Payment of Benefits. **On termination of service due to death, disability or retirement, a participant may withdraw an amount equal to the value of the participant's account.**

Benefits are recorded when paid.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Hartford Life Insurance Company issues to plan sponsors group annuity contracts that include variable investment offerings, through pooled separate accounts. These unregistered pooled separate accounts are divided into investments divisions called sub-accounts. Each sub-account invests in shares of an underlying mutual fund. Sub-account values are measured in terms of accumulation units. The accumulation units of a sub-account are assigned a unit value on a daily basis, at the end of each day the New York Stock Exchange (NYSE) is open for trading, as of the close of the NYSE on that day (this is called a Valuation Day). To determine the current accumulation unit value for a sub-account, the prior valuation day's accumulation unit value is multiplied by the net investment factor. The net investment factor is used to measure the investment performance of a sub-account from one valuation day to the next. The net investment factor for each sub-account equals the net asset value (NAV) per share of the underlying fund held in the sub-account at the end of the current valuation day, divided by the NAV per share of the underlying fund held in the sub-account at the end of each prior valuation day, minus any daily mortality and expense risk and administration charges, if applicable. The shares of the underlying fund are valued at net asset value on a daily basis. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

	2011
American Funds Cap Inc Bldr	$ 37,528
American Funds Capwld G&I	56,367
Hartford Growth Opportunities	39,295
Lifepath 2030	97,333
Oppenheimer International Bond	72,744
Thornburg International Value	48,681

Note 4. NET UNREALIZED GAIN OR LOSS ON INVESTMENTS

The net unrealized gain (loss) on investments was ($38,061) in 2011 and $52,823 in 2010. The gain (loss) for each year was generated by pooled separate accounts.

Note 5. NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 6. RELATED PARTY TRANSACTIONS

All plan investments are managed by affiliates of Hartford Life Insurance Company. Hartford is the custodian of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid or accrued by the Plan for investment management services amounted to $3,710 and $3,175 for the years ended December 31, 2010 and 2011, respectively. The CPA firm of Salinas, Allen & Schmitt, LLP conducted the audit of the Plan's financial statements for the years 2010 and 2011. The Plan accrued audit fees of $10,500 for 2010 and $10,500 for 2011. These transactions also qualify as party-in-interest transactions. Other parties-in-interest include the plan sponsor, L&G Concrete Construction Co., and the plan third party administrator, Loren D. Stark.

Note 7. FAIR VALUE MEASUREMENTS

FASB Statement No. 157, *Fair Value Measurements* provides a framework for measuring fair value under U.S. generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Pursuant to the provisions of Statement No. 157, fair values determined by Level 1 inputs utilize quoted prices in active markets for identical assets of liabilities. Fair values determined by Level 2 inputs are based on quoted prices for similar assets and liabilities in active markets, and fair value can be determined through the use of models or other valuation methodologies. Level 3 inputs are unobservable inputs for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value, including assumptions regarding risk.

Following is a description of the valuation methodologies used for assets measured at fair value.

Investments in pooled separate accounts are presented at estimated fair value, which is determined based on the unit value of the fund. Unit value is determined by an independent trustee, which sponsors the fund, by dividing the fund's net assets by its units outstanding at the valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies for assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value :

	Level 1	Level 2	Level 3	Total
As of December 31, 2011:				
Pooled separate accounts	$ 0	$ 575,326	$ 0	$ 575,326
As of December 31, 2010:				
Pooled separate accounts	$ 0	$ 535,594	$ 0	$ 535,594

Note 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 10. INCOME TAX STATUS

The Internal Revenue Service has determined by a letter dated March 31, 2008 that the Prototype Plan described as a Volume Submitter Profit Sharing Plan with CODA submitted by Loren D. Stark Company, Inc. is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The IRS letter indicates that the letter is not a ruling as to whether an employer's plan qualifies under Code section 401 (a). However, an employer that adopts this plan may rely on this letter with respect to the qualification of its plan under Code section 401 (a). The letter also states that the terms of the plan must be followed in operation to remain qualified. The plan administrator believes they have followed the terms of their Plan and it remains a qualified plan.

Note 11. SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through October 9, 2012 the date the financial statements were available to be issued. No subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2011.
