NOTE 1 - Description of Plan

The following description of the Anderson Columbia Company, Inc. 401(k) Salary Reduction Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Change of Trustees

During the year ended December 31, 2011, the Plan sponsor elected to remove Mass Mutual Life Insurance Company as Trustee and designated Orchard Trust Company as the replacement.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed six months of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined, in the Plan subject to statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches 100% of the first 1% of participant deferrals and 50% of additional deferrals up to 6% of pay. The Company's matching contribution, for the year ended December 31, 2011 totaled $433,710. Additional amounts may be contributed at the option of the Company's board of directors.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching funds and an allocation of any additional Company contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Continued

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Prior to 2010, the Plan provided that any discretionary employer contributions vest using a 6-year graduated scale, as follows:

Years of Credited Service	Vesting Percentages
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Beginning with the 2010 plan year, matching Company contributions fully vest after two years of service. A participant becomes fully vested in his employer account if he dies, becomes disabled or reaches retirement age.

Withdrawals

Employee deferrals, account earnings and rollovers may be withdrawn for hardship, but the Company's matching contributions and any discretionary contributions may not be withdrawn. Active employees must be 59-1/2 years of age to withdraw matching contributions for financial hardship. Employees must be 55 years of age to withdraw discretionary contributions.

NOTE 1 - Continued

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Loans

When Anderson Columbia Company, Inc. acquired substantially all the assets of Summit Contracting, LLC, part of the purchase agreement included the assumption of responsibility for former Summit employees' 401(k) plan. In 2010, these employee accounts were rolled over into the Plan. Eight employees had existing loan balances which were grandfathered into the Plan. Only two of these loans have unpaid balances at December 31, 2011. Interest rates on these loans are 3.25% and 4.50%. These loans are being retired by scheduled payroll deductions. Since there is no provision under the Plan for participant loans, no other loans will be permitted.

Forfeitures

Forfeitures are used first to pay future Plan expenses. Forfeitures not used to pay Plan expenses are used to reduce employer contributions.

Plan Amendments

The Plan conforms to Eligible Automatic Contributions Arrangement (EACA) and Qualified Automatic Contribution Arrangement (QACA) safe harbor under these provisions. Under these provisions, employees are subject to automatic salary deferral percentages based on years of participation for all eligible employees added after 2009. Employees may elect to defer either more or less than the automatic percentage up to the legal maximum. Employees already participating at December 31, 2009 continue the deferral arrangement they have authorized.

Effective January 1, 2011, the Plan was amended to allow several types of participating investment accounts to be rolled over from a predecessor employer plan to self-direct investments in accordance with ERISA Section 404 (c).

Administrative Costs

The Company absorbs certain administrative costs, including legal and accounting fees.

Subsequent Events

Subsequent events have been evaluated through September 24, 2012, the date the financial statements were available to be issued. No material events occurred during this period.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Interest and dividend income are recorded based on quarterly postings from investment company statements.

Payment of Benefits

Benefits are recorded when paid.

Risk and Uncertainties

The Plan's participants invest in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

The Plan has a limited number of participant loans. Loans are valued at their unpaid principal balance plus any accrued but unpaid interest. All loans are collateralized by vested participant balances and are being retired by scheduled payroll withholding. If collection of any receivables were deemed in default, the Plan would reclassify the balance as a distribution in accordance with plan documents.

NOTE 5 - Fair Value Measurement

FASB ASC 820 provides a hierarchy for fair value measurement techniques. Assets in Level 1 are valued at quoted prices for identical assets in active markets. Level 2 assets are other securities not actively traded, but observable market inputs are readily available, and Level 1 securities with contractual restrictions. Level 3 refers to assets which are not actively traded and for which no significant observable market inputs are available. Using these standards, mutual funds have been designated Level 1, reporting net asset value as of the measurement date. As of December 31, 2011, guaranteed interest funds were deemed Level 2 assets, because they are guaranteed annuities with observed market comparisons. Previously guaranteed income funds were designated Level 3 and were presented at realizable contract value.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Fair Value of Assets at December 31, 2011

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – Related Party Transactions

Certain plan investments as of December 31, 2010 and during the year ended December 2011 were shares of mutual funds and collective trusts managed and/or issued by the relevant Trustee or affiliates of the Trustee. In addition, as of December 31, 2011 and during the year then ended, certain plan investments were in guaranteed income annuity funds issued by an affiliate of the successor Trustee. NOTE 8 - Tax Status

The Plan obtained its latest determination letter on April 23, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Distributions are taxable to the participant when withdrawn.

In the opinion of the plan's management, as of December 31, 2011 the plan has taken no uncertain tax positions that would require recognition of a liability or disclosure in the financial statements. There are no tax examinations in progress. Plan management believes the plan is not subject to income tax examinations beyond the most recent three years.
