CENTRAL PROCESSING CORP. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 1 - Description of the Plan

The following description of the Central Processing Corp. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Central Processing Corporation (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees who have completed at least 60 days of service and have reached the age of 19 are eligible to participate in the Plan. Upon enrollment in the Plan, a participant may direct employee and employer contributions to any combination of available investment options.

Plan Sponsor

For purposes of reference to this Plan, the Plan sponsor is Central Processing Corporation.

Contributions

Participants are allowed to contribute the lower of 100% of their pretax compensation or the maximum amount of pretax annual contribution as determined by the federal government each year. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company provides a discretionary matching contribution in an amount equal to 25% of the first 5% of participants' eligible compensation. For employees with at least four years of service, the amount of employer contributions is 100% of the first 5% of participants' eligible compensation.

Annual profit sharing contributions to the Plan are discretionary as determined by the Company's board of directors. No profit sharing contributions were made for the years ended December 31, 2009 and 2008.

Participants' Accounts

Each participant's account is credited with the participant's salary reduction and rollover contributions and an allocation of the Company's contributions and Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction and rollover contributions plus earnings thereon. Company matching and profit sharing contributions, if any, and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting Years of Service	Percentage Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2009 and 2008, forfeited nonvested accounts totaled $20,833 and $28,090, respectively. Forfeitures are treated as a reduction in future employer contributions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or periodic equal installments over a fixed period of time if the participant's vested balance is greater than $5,000. If the vested balance is less than $5,000, the participant must receive a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Participant Loans

Participants may borrow from their fund accounts with a minimum loan amount of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. These loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

The Company absorbs audit fees and the Plan absorbs third-party administration fees.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The Plan's investments are held in a trust fund with John Hancock Life Insurance Company. Investment transactions are conducted by John Hancock in accordance with the trust agreement. Investments are stated at fair value as determined by John Hancock based on available quoted market prices of the mutual funds and of the securities in the pooled separate accounts. Investment income is recorded by the Plan as earned or declared. Participant loans are stated at amortized cost which approximates fair value.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Information Prepared and Certified by Trustee - Unaudited

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by John Hancock Life Insurance Company, the trustees of the Plan.

	2009		2008	
Investments				
John Hancock Pooled Separate Accounts

Participant Loans	776,008		585,940	
Total Investments Certified by Trustee	$ 23,296,365		$ 18,089,905	

Investments that represent 5% or more of the Plan's net assets are separately identified with an "*".

NOTE 3 - Information Prepared and Certified by Trustee - Unaudited (cont.)

During the year ended December 31, 2009 and 2008, the plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value and earned investment income as follows:

	2009	2008
Pooled separate and mutual funds	$ 5,095,559	$(7,904,182)
Interest and dividends	55,755	54,953
Other income	2,291	-
Total Income (Loss) Certified by Trustee	$ 5,153,605	$(7,849,229)

The trustee reports investment earnings from pooled separate accounts and mutual funds on a consolidated basis and does not provide a detailed break out of investment earnings on individual investment types.

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 4 - Fair Value Measurements

Effective January 1, 2008, the Plan adopted recently enacted accounting standards which provides a framework for measuring, reporting and disclosing fair value under generally accepted accounting principles. These regulations apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis. There was no effect on net assets available for benefits on January 1, 2008 upon adopting these new rules.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

> Level 1 - Quoted market prices in active markets for identical assets or liabilities. Level 1 includes mutual funds.

> Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data. Level 2 includes common/collective funds.

> Level 3 - Unobservable inputs that are not corroborated by market data. Level 3 includes participant loans.

NOTE 4 - Fair Value Measurements (cont.)

The Plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan sponsor has not historically adjusted the prices obtained from pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

	December 31, 2009			
	Total	Level 1	Level 2	Level 3
Investments	$23,296,365	$ 4,712,751	$17,807,606	$ 776,008

	December 31, 2008			
	Total	Level 1	Level 2	Level 3
Investments	$18,089,905	$ 3,479,565	$14,024,400	$ 585,940

The changes in Level 3 assets and liabilities measured at fair value on a recurring basis are summarized as follows:

	2009	2008
Balances, beginning of year	$ 585,940	$ 524,271
Issuances and settlements, net	190,068	61,669
Balances, end of year	$ 776,008	$ 585,940

NOTE 5 - Amounts Owed to Participants Withdrawing From the Plan

Amounts owed to participants who have withdrawn from the Plan total $320,401 and $974 as of December 31, 2009 and 2008, respectively, and are included in net assets available for benefits.

NOTE 6 - Parties In Interest

Certain Plan investments are managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. There were $51,511 and $82,691 in fees paid by the Plan for the investment management services for the years ended December 31, 2009 and 2008, respectively.

NOTE 7 - Tax Status

The Plan obtained its latest determination letter on September 18, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

NOTE 8 - Subsequent Events

The Plan has evaluated subsequent events through August 27, 2010, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
