Note 1 – Description of the Plan

The following description of Rockview Dairies, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement and/or any amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time eligible employees of Rockview Dairies, Inc. ("Rockview Dairies" or the "Company"), the Plan Sponsor. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective April 1, 2010, the Plan has been restated to meet the requirements for a Safe Harbor Cash or Deferred Profit Sharing Plan under the Internal Revenue Code sections 401(k)(12) and 401(m)(11).

An employee is eligible to participate in the Plan upon reaching the age of 21 and after completing three months of service.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes discretionary non-elective contributions and safe harbor matching contributions for all participating employees, regardless of hours of service. Participants direct the investment of their contributions and safe harbor matching contributions into various investment options offered by the Plan. The Plan currently offers a diversified menu of pooled separate accounts and guaranteed investment accounts issued by John Hancock Life Insurance Company (U.S.A) as investment options for participant directed investments.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions and allocations of (a) the Company's contributions and (b) Plan earnings (or losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of the Plan (continued)

Vesting

Participants are vested immediately in their contributions and safe harbor employer matching contributions, plus actual earnings thereon. Vesting from profit sharing or other discretionary non-safe harbor contributions are based on years of continuous service, as follows:

Years of Service	Vesting Percentage (%)
2	20%
3	40%
4	60%
5	80%
6	100%

Notwithstanding the foregoing, if a participant is employed by the Company on his normal retirement date (age 65), the date he/she becomes disabled, or the date he/she dies, his/her vested interest in Company contributions on such date accelerates to 100%.

Note receivable from participants

Participants may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, except for the purchase of a primary residence where the terms shall be no greater than 10 years. The loans are secured by the balance in the participant's account and bear interest at prime plus 2% at the date of issuance, which is commensurate with prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Participants may only have one loan outstanding at a time.

Payment of benefits

Upon termination of service, a participant will receive as benefits either a lump sum amount equal to the value of the participant's vested interest in his/her account, or optional forms of benefits in accordance with the Plan. Upon termination of service due to death, permanent disability, retirement or early retirement, as defined in the Plan document, a participant may elect to receive a distribution of his or her vested account balance as either a lump-sum amount or as installments. As of August 5, 2011, the Plan was amended to allow for hardship distributions for qualified expenses, as defined in the amended Plan document. Withdrawals made by terminating participants are based upon the vested balance of their participant directed and trustee directed individual accounts at the time of termination and are recorded in the year of distribution.

Note 1 – Description of the Plan (continued)

Administration

An officer of the Company serves as trustee and directs the investments of plan assets, other than investments in participant directed accounts. The trustee designated a third-party administrator, Qualified Benefits, Inc., to maintain the records of participant accounts invested in trustee directed investments. The third party administrator also assists with maintain the Plan's tax qualified status. The trustee authorized John Hancock USA to serve as custodian and record keeper of participant directed investments. Fiduciary Experts, LLC has been appointed as an independent fiduciary for purposes of certain decisions with respect to the Plan.

Trustee directed investments

The Plan owned 1,194,917 shares or 87% of the shares of American Commissary Corporation ("ACC") as of March 31, 2011; the remaining 183,144 or 13% of the shares of ACC were owned by Rockview Dairies, Inc., the Plan Sponsor and administrator. The Plan purchased stock in ACC from various parties beginning in March 1993 over the course of approximately ten years. During the ten year period, the Plan purchased 82,941 of ACC stock from Rockview Dairies, Inc. for $172,623. The Plan fiduciaries have determined that the Plan's purchase of 82,941 shares of ACC stock directly from Rockview Dairies, a party-in-interest, was a prohibited transaction. These shares were sold to Rockview Dairies, Inc., Plan Sponsor and administrator, on March 28, 2012 for $457,975, of which $41,506 was received subsequent to year end. The Plan owned 1,111,976 shares of ACC as of March 31, 2012. The Plan's investment in ACC, as of March 31, 2012, was valued at $6,140,000. See Note 13 for ACC investment activity subsequent to year end.

In addition to the foregoing, trustee directed investments includes a money market account at Community Bank with a total fair market value of $318,751 as of March 31, 2012.

Forfeiture of benefits

If a participant terminates prior to vesting 100% in employer contributions, the forfeited balance will be used to offset administrative expenses or reduce employer contributions. As of March 31, 2012 and 2011 non-vested forfeitures totaled $15,154 and $3,138, respectively.

Note 2 - Summary of significant accounting policies

Administrative expenses

The expenses related to administration of the Plan are paid by the Plan unless the Plan Sponsor elects to make such payment. For the Plan year ended March 31, 2012, the Plan Sponsor paid for legal expenses of $37,295 and third party administrator fees of $13,575.

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of significant accounting policies (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Risk and uncertainties

The Plan provides for various investment options, these investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in value, it is at least reasonably possible that changes in the various risk factors in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Note 3 – Information certified by the Trustee

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the following information was certified by John Hancock Life Insurance Company (U.S.A.), the Trustee and Custodian of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedules:

a. Investments in guaranteed accounts and pooled separate accounts.
b. Custodian transactions, investment income, and investment transactions in guaranteed accounts and pooled separate accounts for the year ended March 31, 2012.

Note 6 - Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 6 - Fair value measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs:

Guaranteed accounts

Guaranteed accounts invest in a diversified pool of stable investment contracts and other fixed income securities and are valued based on estimated prices for the underlying investments.

Money market accounts

Fair values are estimated to approximate deposit account balances.

Pooled separate accounts

Pooled separate accounts consist of mutual funds which are valued at the net asset value of shares held by the Plan at the end of the year.

Investment in American Commissary Corporation

The estimated fair value for the investment in American Commissary Corporation is principally based on the estimated fair value of American Commissary Corporation real estate holdings, which is based on independent appraisal as of the end of the year.

The following table summarizes the Plan's investments at March 31, 2012 based on the inputs used to value them:

Investments	Level 1	Level 2	Level 3	Total
Guaranteed accounts	$ -	$ -	$ 18,133	$ 18,133
Money market accounts	318,751	-	-	318,751

Total	$ 318,751	$ 3,022,142	$ 6,158,133	$ 9,499,026

Note 6 - Fair value measurements (continued)

The following table summarizes the Plan's investments at March 31, 2011 based on the inputs used to value them:

Investments	Level 1	Level 2	Level 3	Total
Guaranteed accounts	$ -	$ -	$ 72,191	$ 72,191
Money market accounts	600,142	-	-	600,142

Investment in American Commissary Corporation	-	-	6,199,311	6,199,311
Total	$ 600,142	$ 3,641,360	$ 6,271,502	$ 10,513,004

The following table reconciles the beginning and ending fair value of the Plan's Level 3 investments:

	Guaranteed accounts	Investment in American Commissary Corporation	Total
Balance March 31, 2011	$ 72,191	$ 6,199,311	$ 6,271,502
Purchases, net	(54,521)	(430,304)	(484,825)
Unrealized gain (loss)	463	370,993	371,456
Balance March 31, 2012	$ 18,133	$ 6,140,000	$ 6,158,133

Note 7 – Allocation of the Plan assets

Contributions are allocated to the various funds based on elections made by the participants. At the end of each plan year, each fund's assets are adjusted to current market value. The net market value increase or decrease is allocated proportionately to each participant's account based on the value of the participant's investment in that fund, compared to the total of all participant investments in that fund as of the end of the previous plan year adjusted for contributions, distributions and transfers. Participants are assigned one unit of value for each $1 of their asset balance.

Note 8 – Contingencies

The Plan's investment in ACC, as of March 31, 2012, was valued at $6,140,000, this concentration could expose participants to the risk of large losses.

The Department of Labor ("DOL") has completed their investigation with respect to the Plan and certain prohibited transactions related to the March 31, 2009 Plan year. The DOL issued a closing letter dated September 12, 2012 noting that upon corrective actions being taken, the DOL will take no further action with regard to these issues. The letter notes, however, that the DOL commits only itself and cannot in any way restrain any other individual or governmental agency from taking any further action on this or other matters. There are currently no communications, written or oral, with regulatory agencies or other governing entities concerning the operation of the Plan.

Note 9 – Income tax status

Effective April 1, 2010 the Company adopted a prototype Plan that has received an opinion letter on March 31, 2008 from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Internal Revenue Code. The Company believes that the Plan has been operated in accordance with, and qualifies under, the applicable requirements of the Internal Revenue Code and related state statutes, and that the trust, which forms a part of the Plan, will be exempt from Federal and state income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal, state or local tax authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of March 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 10 – Party-in-interest

Plan investments in participant directed investments are managed by John Hancock USA. John Hancock USA is the custodian with the Plan's Trustees, and therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibitions of party-in-interest transactions under ERISA. Fees paid by the Plan to John Hancock USA for investment management services amounted to $25,914 and $27,013 for the years ended March 31, 2012 and 2011, respectively.

The Plan has self-directed loans made to participants. As a result, these investments and all transactions relating to these investments were a party-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

Note 11 – Prohibited transactions

During the periods from April 21, 2006 to March 31, 2012, the Plan Administrator failed to remit to the Plan's Trustee employee contributions totaling $535,131 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the Trustee were due to administrative errors. This is classified as a delinquent participant contribution on Schedule H of Form 5500. As a result of the delinquent contributions, the Plan accrued $5,302 of interest expense as of March 31, 2012. This amount was paid on July 20, 2012.

The Plan made a loan to Eagle Foods, Inc., a customer of Rockview Dairies, Inc., in February 2002. This loan was guaranteed by Rockview Dairies. The Plan Sponsor concluded that the guarantee by Rockview Dairies of the Plan's loan to Eagle was an indirect loan between the Plan and a party-in-interest and therefore a prohibited transaction under 406(1) of ERISA. During the year ended March 31, 2012, $47,185 of late interest was paid.

Note 12 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts, and Plan assets1 would be distributed based upon the participants' account balances at that time.

Note 13 – Subsequent Events

On September 7, 2012, the Plan's investment in 1,111,976 shares of American Commissary Corporation ("ACC") stock were purchased by Rockview Dairies, Inc., the Plan Sponsor and administrator, for a total price of $6,225,000. Upon completion of this transaction, the Plan's investments consisted of certificates of deposit, guaranteed accounts and pooled separate accounts held with registered investment companies.

Management of the Plan evaluated the events and transactions subsequent to its March 31, 2012 financial statement date and, in accordance with FASB ASC 855-10-50, *Subsequent Events,* determined there were no additional significant events necessary for disclosure through January 4, 2013, the date the financial statements were available to be issued.
