SANDY SANSING AUTOMOTIVE 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

(1) Description of Plan:

The following description of the Sandy Sansing Automotive 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a salary-reduction plan covering all employees of a controlled group (Company) consisting of Sandy Sansing Chevrolet, Inc. (the Plan sponsor), Southern Chevrolet, Inc., Sandy Sansing Nissan, Inc., Sandy Sansing Cars, Inc. (Mazda), Sandy Sansing Imports, Inc. and Sandy Sansing Chrysler, Inc. who have one year of qualified service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year participants may contribute, up to the dollar limit set by law, a percentage of their pre-tax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Prior to April 1, 2009, the Company made matching contributions of 20% of the first 4% of salary that is deferred. Subsequent to April 1, 2009, the Company has ceased making matching contributions. Future amounts may be contributed at the option of the Company's board of directors.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options. Upon enrollment in the Plan, a participant may direct employee and employer matching contributions in any of the investment options available. These options include various debt and equity mutual funds with a range of objectives and strategies as well as a money market fund.

Participant Loans. Participant loans are not permitted in accordance with the Plan agreement.

(1) Description of Plan (Continued):

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over a period of not more than the participant's and beneficiary's assumed life expectancy. Hardship distributions to participants are permitted up to 100% of the participant's account balance attributable to the participant's contributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeited Accounts. In 2009 and 2008, employer contributions were reduced by $2,765 and $4,874 respectively, from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies:

Date of Management's Review. Subsequent events were evaluated through October 7, 2010, which is the date the financial statements were available for review.

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States may require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at contract value which approximates fair value. The Plan purchases units in pooled separate accounts which, in turn, purchase shares of the various mutual funds. The value of the separate account unit of participation is determined by dividing the total value of the separate account by the total number of units of participation held by the plans invested in the separate account. The value of the separate account includes the dividends earned and any realized or unrealized gains or losses associated with the underlying investments.

Payment of Benefits. Benefits of the Plan are recorded when paid.

(3) Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Accordingly, all plan investments are mutual funds, valued at quoted net asset values at December 31, 2009.

(4) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(5) Tax Status:

Effective January 1, 2002, the company adopted the Saltmarsh, Cleaveland & Gund Profit Sharing 401(k) Plan as the most recent substitution and amendment of the original plan. The Internal Revenue Service has determined and informed Saltmarsh, Cleaveland & Gund by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
