INDEPENDENT AUDITOR'S REPORT

April 2, 2010

To the Administrative Committee of
Great Western Industries 401(k) Plan
Dallas, Texas

We were engaged to audit the financial statements of Great Western Industries 401(k) Plan as of June 30, 2009 and December 31, 2008, and for the six months ended June 30, 2009, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by AXA Equitable Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the Trustee as of June 30, 2009 and December 31, 2008, and for the six months ended June 30, 2009, that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GREAT WESTERN INDUSTRIES 401(K) PLAN
June 30, 2009

Note A – Description of Plan

The following description of Great Western Industries 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution profit sharing and 401(k) plan covering substantially all employees of Great Western Industries, Inc. (Company), the Plan's sponsor. Eligible employees became participants in the Plan on the first day of the quarter following completion of three months of service and attainment of age 18. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 30, 2009, all participants in the Plan were allowed to participate in the Multi Packaging Solutions Retirement Plan (successor plan) and all assets of the Plan were merged into the successor plan.

Contributions

Participants could elect to make contributions to the Plan through payroll deductions from each participant's compensation, as defined, subject to statutory limitations. The Plan also allowed participants to transfer funds from other employer qualified plans into the Plan.

The Company could elect to make discretionary matching and profit sharing contributions. Profit sharing contributions were allocated to eligible employees who are employed on the last day of the plan year. There were no matching or discretionary profit sharing contributions made into the Plan for the six months ended June 30, 2009.

Plan Operations

The Company had appointed AXA Equitable Life Insurance Company to act as Custodian, Chase Manhattan Bank, N.A. to act as Trustee, and an employee of the Company to act as plan administrator. The Custodian was responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The plan administrator interpreted and communicated the provisions of the Plan and ensured that all government and participant reporting requirements were fulfilled.

Note A – Description of Plan (Continued)

Participant Accounts

Individual accounts were maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts were based on compensation or account balances, as specified by the Plan document. The benefit to which a participant was entitled is the benefit that can be provided from the participant's vested account.

The Plan allowed a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

Vesting

Participants were immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution accounts is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

A participant also became fully vested at the time of the participant's death, if the participant becomes disabled while employed or upon attainment of normal retirement age.

Loans to Participants

Loans to participants were not allowed by the Plan.

Payment of Benefits

On termination of service a participant could elect to receive a lump sum payment equal to the vested interest in his or her account, an annuity, or installment payments. In-service withdrawals were also permitted in cases of financial hardship or upon attainment of age 59 ½.

Note A – Description of Plan (Continued)

Costs and Expenses

Certain trustee fees, transaction fees, and other administrative expenses were paid by the Plan and were based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan were borne by the Company.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested employer contributions were first used to pay administrative expenses. Since Plan inception, the sponsor had not made employer contributions; therefore, there was not a balance in the forfeiture account at the time of the plan merger.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported in the Plan's financial statements at fair value. See Note C for further information about fair value measurements.

Note B – Summary of Accounting Policies (Continued)

Income Recognition

Income from interest and dividends is recorded as it is earned. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefits

Benefits are recorded when paid.

Note C – Fair Value Measurements

Effective January 1, 2008, the Plan adopted the provisions of Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements* (SFAS 157), with respect to its investments. SFAS 157 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The adoption of SFAS 157 did not have a material impact on the Plan's financial statements.

In addition to defining fair value, SFAS 157 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note C – Fair Value Measurements (Continued)

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at June 30, 2009 and December 31, 2008.

Pooled separate accounts: Valued based on the closing price on the last day of the Plan year for underlying securities, reported on the active market on which underlying securities are traded.

Insurance company unallocated contract: Valued at cash surrender value of the contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan did not hold any assets as of June 30, 2009.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Pooled separate accounts	$ -	$ 429,093		$ 429,093
Insurance company unallocated contract			$ 31,272	31,272
Total	$ -	$ 429,093	$ 31,272	$ 460,365

Note C – Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investments for the six months ended June 30, 2009:

	Unallocated Contract
Balance, beginning of year	$ 31,272
Purchases, sales, issuances, and settlements	(31,272)
Balance, end of year	$ -

Note D – Investments

The following table presents the fair market values of investments at June 30, 2009 and December 31, 2008. Investments that represent 5% or more of the Plan's assets are separately identified.

	2009	2008
Investments at Fair Value:		
AXA Aggressive Allocation Fund	**$ -**	$ 32,327
AXA Conservative Plus Allocation Fund		38,241
AXA Moderate Plus Allocation Fund		103,570
Large Cap Value Plus Fund		56,498
Money Market Fund		45,598
Oppenheimer Developing Markets Fund		53,039
Franklin Small Mid Cap Growth Fund		42,064
Guaranteed Interest Option		31,272
Other pooled separate accounts		57,756
	$ -	$ 460,365

During the six months ended June 30, 2009, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $31,802.

June 30, 2009

Note E – Information Certified by Custodian

All investment information disclosed in the accompanying financial statements, including investments held at June 30, 2009 and December 31, 2008, and net appreciation in fair value of investments and interest and dividends for the six months ended June 30, 2009, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian.

Note F – Party-In-Interest Transactions

Certain Plan investments were shares of pooled separate accounts and an unallocated contract managed by AXA Equitable Life Insurance Company. AXA Equitable Life Insurance Company is the Custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were $175 for the six months ended June 30, 2009. Such fees were based on reasonable and customary rates.

Note G – Plan Termination

Effective June 30, 2009, the assets of the Plan were merged into the Multi Packaging Solutions Retirement Plan, and therefore, the plan was effectively terminated.

Note H – Tax Status

The prototype plan used by the Plan obtained its latest opinion letter dated February 5, 2002, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested or received an individual determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
