Plan Management
DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan
Houston, Texas

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan as of and for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the plan's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the plan's financial statements that is more than inconsequential will not be prevented or detected by the plan's internal control. However, we noted one issue that we consider to be a control deficiency.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency in DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan's internal control to be a material weakness:

Oversight of the financial reporting process

Management is responsible for establishing and maintaining internal controls and for the fair presentation of the financial statements, supplemental schedule, and disclosures in the financial statements, in conformity with U.S. generally accepted accounting principles (GAAP).

The Plan does not have a system of internal controls that would enable management to conclude the financial statements and related disclosures are complete and presented in accordance with GAAP. As such, management requested us to prepare a draft of the financial statements, including the related footnote disclosures. The outsourcing of these services is not unusual in plans of your size and is a result of management's cost benefit decision to rely on our accounting expertise rather than incurring this internal resource cost.

Management's Response

Management would like to point out that this only relates to the preparation of the annual audited financial statements, supplemental schedule, and disclosures. We currently maintain effective review procedures by performing all recommended functions with the exception of the preparation of the annual financial statements, supplemental schedules, and disclosures.

The Plan has a system of internal control that it will continue to maintain. Management will continue to evaluate the cost benefit of preparing a draft of the audited financial statements, supplemental schedule, and disclosures. Currently, we recommend continuing to utilize our external auditors in assisting with the preparation of the annual financial statements, supplemental schedule, and disclosures.

DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan's written response to the material weakness identified in our audit has not been subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion on it.

The following control deficiency was noted during our audit and is required to be communicated in writing to management.

CONTROL DEFICIENCY

Participant Election Change Not Processed

During our audit, we noted that one employee elected to defer a contribution percentage during the year and the percentage was not processed in the payroll system at the time the employee made the election change. The correction was made a month later; however, we recommend that the Plan management consider implementing controls and procedures to ensure that changes made by employees regarding their elected contribution percentage are noted at the time of the change. If not corrected, these errors, including restoring lost investment earnings, would be considered a plan operational violation.

The following item was noted during our audit and is not required to be communicated in writing; however, we are including it in this letter at your request to document our finding and recommendation.

GENERAL RECOMMENDATION

The Employee Retirement Security Act of 1974 (ERISA) was enacted to protect the interests of participants in employee benefit plans and their fiduciaries by requiring the disclosure and reporting to participants and their beneficiaries of financial and other information with respect thereto, and by establishing standards of conduct, responsibility, and obligations for fiduciaries of employee benefit plans. With respect to investments, ERISA requires:

- that a plan have written objectives
- that selection of investment alternatives be made with the care and standards of a prudent expert
- that risk/return appropriateness of investments be weighed and measured
- that economic, industrial, and market considerations dictate asset allocation
- that investment manager selection be made with the same prudent expert standards
- that plan investments be diversified
- that investments be continually monitored as to their position in the current marketplace, value compared to like investments, and value compared to other investments
- and that continual reporting and evaluation be available to plan participants.

During our audit, we noted that the plan has not established a written investment policy with clear investment objectives. We recommend that the requirements of ERISA be adhered to with respect to the establishing of a written investment policy, which directs all present and future decisions related to Plan investments. As Plan Trustee and Plan Administrator, you are a fiduciary to the Plan and are subject to the requirements of ERISA. The investment policy should be reviewed annually and minutes should be retained to document such review.

This communication is intended solely for the information and use of Plan management, and others within the plan, and is not intended to be and should not be used by anyone other than these specified parties.

Plan Management
DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan
Houston, Texas

We have completed a DOL limited-scope audit of the financial statements of DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan for the year ended December 31, 2009 and have issued our report thereon dated September 24, 2010. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole.

Our responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated April 20, 2010, our responsibility, as described by professional standards and except as discussed in the first paragraph, is to express an opinion about whether the financial statements prepared by management with your oversight are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities.

1. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

2. As part of our audit and except that we did not, as part of the scope limitation discussed in the first paragraph, include a consideration of internal control relating to the information cited in Note 3 to those financial statements, we considered the internal control of DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

3. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned scope and timing of the audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter dated April 20, 2010.

Significant audit findings

Qualitative aspects of accounting practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by DeMontrond Automotive Group, Inc. Benefit Plans are described in Note 2 to the financial statements. No new significant accounting policies were adopted; however, the Plan has applied guidance provided by FASB for entities that calculate net asset value per share or its equivalent during 2009.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to the financial statement users.

In the DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan, the most sensitive estimate and disclosure affecting the financial statements was the fair value of investments, which is described in Note 2 to the financial statements.

We evaluated the key factors and assumptions used to develop the fair value of these investments in pooled separate accounts in determining that their fair value is reasonable in relation to the financial statements taken as a whole.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and uncorrected misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

Disagreements with management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management representations

We have requested certain representations from management that are included in the management representation letter dated September 24, 2010.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other audit findings or issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan management of DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Plan Management
DeMontrond Automotive Group, Inc.
401(k) Profit Sharing Plan
Houston, Texas

We were engaged to audit the financial statements and supplemental schedule of DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan (the Plan) as of December 31, 2009 and 2008, and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 3, which was certified by John Hancock Life Insurance Company, custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following summary of the DeMontrond Automotive Group, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan, established effective July 1, 1996 and has been amended and restated throughout the years to comply with tax legislation. The Plan was last restated and amended effective January 1, 2009. The Plan is sponsored by DeMontrond Automotive Group, Inc. (the Company). Participating affiliates of DeMontrond Automotive Group, Inc. include DeMontrond Auto Country, DeMontrond Motor Corp. and DeMontrond, LLC. The Plan covers employees of the Company who have completed six months of service and are age eighteen or older. The Plan excludes nonresident aliens and members of collective bargaining units. It is subject to the provisions of the Employee Retirements Income Security Act of 1974 (ERISA), as amended.

Contributions

A participant may contribute up to 100% of pretax annual compensation to the Plan per Plan provisions. Participants age 50 and older are allowed to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

The Company, at its discretion, will determine whether a matching contribution will be made and the amount of the contribution, if any. The Company authorized a matching contribution of 25% of a participant's deferrals up to a maximum of $1,000 for the year ended December 31, 2008 and up to May 13, 2009. Effective May 13, 2009, the Company changed the matching contribution to 0%.

In addition, the Company may also make a discretionary profit sharing contribution to the Plan. Participants must be employed on the last day of the Plan year and have completed 500 hours of service during the year to receive an allocation of the profit sharing contribution. Allocation of profit sharing contributions are based on the ratio of the participant's eligible compensation to the total eligible compensation paid to all participants.

There were no Company profit sharing contributions for the plan years ended December 31, 2009 and 2008. The Company made a matching contribution of $49,840 and $122,468 for the Plan years ended December 31, 2009 and 2008, respectively. Participants direct the investment of contributions into various investment options offered by the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company matching contribution, the Company profit sharing contribution, earnings or losses, and the participant's share of administrative expenses. Participant accounts are valued daily based on the shares in the participant's account. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and amounts rolled over from other plans plus actual earnings thereon. Vesting in the remainder of their accounts is subject to a graded vesting schedule. A participant is 100 percent vested after six years of credited service, or upon his or her normal retirement date, death or permanent disability.

Forfeitures

Forfeitures of non-vested accounts are first used to pay Plan expenses. Remaining forfeitures of non-vested accounts are used to reduce future Company contributions. Forfeited non-vested accounts as of December 31, 2009 totaled $12,971. As of December 31, 2008, there was not a balance in the forfeiture account. In 2009, the Company used $340 in forfeitures to reduce the matching contribution. The Company made a matching contribution during 2008, but did not use any forfeitures to reduce the matching contribution.

Benefit Payments

Benefits are payable to a participant or to a designated beneficiary at the time of his or her retirement (age 65), permanent disability, death or termination of employment. Amounts due will be distributed in the form of a lump sum distribution, installments or annuity in an amount equal to the vested value of his or her accounts (effective January 1, 2009, installments and annuities are no longer an optional form of distribution). Account balances of less than $1,000 are automatically distributed to terminated participants. Account balances of greater than $1,000, but less than $5,000 are rolled over to Individual Retirement Accounts for terminated participants who have not requested a distribution or rollover to another qualified plan. The plan allows for hardship withdrawals subject to certain limitations and in-service distributions at age 59½.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their account balance, whichever is less. Loan terms are up to five years, except for loans to fund the purchase of a principal residence, for which the loan may be repaid over a reasonable period that may exceed five years. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. At December 31, 2009, interest rates on outstanding loans ranged from 4.25% to 9.25%.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on an accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2009 and 2008.

During 2009, Financial Accounting Standards Board (FASB) released guidance that requires disclosures to include the nature of any restrictions on the ability to redeem certain investments at the measurement date, any unfunded commitments, and the investment strategies of the investees effective for fiscal years ending after December 15, 2009. See Note 4 for more information.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the pooled separate accounts are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end. Investment in participant loans are valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains/losses on investments bought and sold as well as held during the year.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through September 24, 2010, the date the financial statements were available to be issued.

NOTE 3 INVESTMENT INFORMATION CERTIFIED BY THE CUSTODIAN

John Hancock Life Insurance Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information (except for participant loans) reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008, the schedule of assets (held at end of year) as of December 31, 2009, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008.

NOTE 4 FAIR VALUE OF INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Total Investments at Fair Value	$ -	$ 3,525,198	$ 393,720	$ 3,918,918

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31:

	2009
	Participant Loans
Balance, Beginning of Year	$ 393,720
Purchases, issuances and settlement	(2,187)
Balance, End of Year	$ 391,533

	2008
	Participant Loans
Balance, Beginning of Year	$ 308,277
Purchases, issuances and settlement	85,443
Balance, End of Year	$ 393,720

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2009:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts				
Asset Allocation - Lifecycle	$ 277,082	$ -	Daily	None
Asset Allocation - Lifestyle	3,509,521	-	Daily	None
Aggressive Growth	101,766	-	Daily	None
Growth	200,906	-	Daily	None
Growth and Income	64,029	-	Daily	None
Income	58,956	-	Daily	None
Conservative	369,998	-	Daily	None

The Lifecycle funds are designed to take investors through retirement. Under normal market conditions, the fund primarily invests its assets in underlying funds using an asset allocation strategy designed for investors expected to retire around the respective year. These funds are managed to provide potential growth and income opportunity even in the years after retirement. They are suited to participants who are comfortable remaining invested in their age appropriate portfolio through their retirement years.

The Lifestyle funds invest in conservative, income, growth and income, growth and aggressive growth funds to seek the respective objective.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The Aggressive Growth funds seek maximum long-term capital appreciation by focusing stock selection on companies that are believed to offer above-average potential for growth in revenue and earnings.

The Growth funds seek growth of capital and long-term total return by investing primarily in common stocks of companies in the U.S. and foreign countries.

The Growth and Income funds primarily seek income and capital appreciation, and secondarily capital growth by investing primarily in equity securities.

The Income funds seek maximum total return and current income by investing in corporate and government bonds.

The Conservative funds seek to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

NOTE 5 INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets available for benefits at December 31:

	2009	2008
Investments (at Fair Value)		
JH Lifestyle Aggressive Fund	$ 343,465	$ 274,018
JH Lifestyle Growth Fund	1,507,285	1,103,776

John Hancock Stable Value Fund	369,998	421,838
Participant Loans	391,533	393,720

NOTE 6 INVESTMENT CONTRACT WITH INSURANCE COMPANY

Effective August 17, 2006, the Plan entered into a group annuity contract with John Hancock Life Insurance Company. The contract is used for a funding vehicle for the investment in pooled separate accounts.

NOTE 7 PLAN TAX STATUS

The Plan adopted a prototype plan through Alliance Benefit Group of Houston, Inc. The latest opinion letter for the prototype plan is dated March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the sponsor of the prototype received the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

NOTE 8 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500, as of December 31:

	2009	2008
Net Assets Available for Benefits per the Financial Statements	$ 4,978,894	$ 3,886,641
Plus: Excess Contributions Payable, Current Year	12,971	32,277
Net Assets Available for Benefits per Form 5500	$ 4,991,865	$ 3,918,918

The following is a reconciliation of the net increase per the financial statements to the Form 5500 for the year ended December 31:

	2009
Net Increase per Financial Statements	$ 1,092,253
Plus: Excess Contributions Payable, Current Year	12,971
Less: Excess Contributions Payable, Prior Year	(32,277)
Net Increase in Net Assets Available for Benefits Per the Form 5500	$ 1,072,947

The financial statements are prepared on the accrual basis of accounting and the Form 5500 is prepared on the cash basis of accounting.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

The investments are managed by John Hancock Life Insurance Company, the custodian of the Plan. Therefore, the investment transactions with John Hancock Life Insurance Company qualify as party-in-interest transactions. Fees in the amount of $47,518 and $50,723 were paid to John Hancock Life Insurance Company for the plan years ended December 31, 2009 and 2008, respectively.

NOTE 11 PLAN TERMINATION

Although if has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions set forth in ERISA. In the event of termination, participants will become 100 percent vested in their accounts.

SUMMARY ANNUAL REPORT

For Bright Excavation, Inc. 401(k) Plan

This is a summary of the annual report for Bright Excavation, Inc. 401(k) Plan, EIN 75-2575253, Plan No. 001, for period January 01, 2009 through December 31, 2009. The annual report has been filed with the Employee Benefits Security Administration, U.S. Department of Labor, as required under the Employee Retirement Income Security Act of 1974 (ERISA).

Basic Financial Statement

Benefits under the plan are provided by a trust fund. Plan expenses were $10,254. These expenses included $170 in administrative expenses, and $10,084 in benefits paid to participants and beneficiaries. A total of 27 persons were participants in or beneficiaries of the plan at the end of the plan year, although not all of these persons had yet earned the right to receive benefits.

The value of plan assets, after subtracting liabilities of the plan, was $236,102 as of December 31, 2009, compared to $134,387 as of January 01, 2009. During the plan year the plan experienced an increase in its net assets of $101,715. This increase includes unrealized appreciation and depreciation in the value of plan assets; that is, the difference between the value of the plan's assets at the end of the year and the value of the assets at the beginning of the year or the cost of assets acquired during the year. The plan had total income of $111,969, including employer contributions of $24,281, employee contributions of $36,675, and earnings from investments of $51,013.

Your Rights To Additional Information

You have the right to receive a copy of the full annual report, or any part thereof, on request. The items listed below are included in that report:

- financial information;

To obtain a copy of the full annual report, or any part thereof, write or call the office of Bright Excavation, Inc. at 18514 FM 740, Forney, TX 75126-5003, or by telephone at (972) 564-5225.

You also have the right to receive from the plan administrator, on request and at no charge, a statement of the assets and liabilities of the plan and accompanying notes, or a statement of income and expenses of the plan and accompanying notes, or both. If you request a copy of the full annual report from the plan administrator, these two statements and accompanying notes will be included as part of that report. The charge to cover copying costs given above does not include a charge for the copying of these portions of the report because these portions are furnished without charge.

You also have the legally protected right to examine the annual report at the main office of the plan (Bright Excavation, Inc., 18514 FM 740, Forney, TX 75126-5003) and at the U.S. Department of Labor in Washington, D.C., or to obtain a copy from the U.S. Department of Labor upon payment of copying costs. Requests to the Department should be addressed to: Public Disclosure Room, Room N1513, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Small Plan Audit Waiver

The plan has met the requirements to waive the annual examination and report of an independent qualified public accountant.
