1. Description of the Plan

Plan Merger

On June 30, 2009, the Goodrich Corporation Savings Plan for Rohr Employees (the "Plan") was merged into the Goodrich Corporation Employees' Savings Plan, a related plan. As a result of the plan merger, the net assets available for benefits of $64,386,168 was transferred as of June 30, 2009.

The following description of the Plan is provided for general information purposes only and presents plan provisions just prior to the plan merger. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan, first made effective January 1, 1966, and restated, as of December 1, 2001. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The purposes of the Plan are to provide eligible employees with the opportunity to accumulate personal savings on a pre-tax and after-tax basis with the assistance of Rohr, Inc. (the "Company"), which was acquired by Goodrich Corporation ("Goodrich"), formerly The B.F. Goodrich Company, and to permit participants to direct investment of their savings among a broad spectrum of investment funds, including a Goodrich stock fund, which shall be held for their benefit in the Plan.

Participation in the Plan

The Plan generally covers employees covered by a collective bargaining agreement expressly providing for their participation. Such employees are eligible to participate as of their date of hire.

Contributions

Participants may make contributions up to 25% of their qualified gross pay, as defined in the Plan document. Maximum pre-tax participant contributions (which are limited by Internal Revenue Service regulations) were $16,500 for 2009. Goodrich will match each participating employee's contributions in an amount equal to 75% of the first 4% of pre-tax participant earnings. Participants age 50 or older can contribute pre-tax "catch-up" contributions to the Plan, subject to limitations.

Vesting Provisions

Participants vest 20% in Goodrich's contributions and earnings thereon for each year in which they work at least 1,000 hours and are fully vested after five years.

Participant Accounts

Each participant's account is credited with the participant's contributions and Goodrich's contributions. The accounts are further adjusted for allocations of the Plan's investment income or losses and administrative expenses.

Benefit Payments

Under the Plan, a participating employee or his or her legal successors will be entitled to a cash distribution of the vested value of the investments held in his or her account upon retirement, death, entry into the armed forces, permanent and total disability, layoff or termination for other reasons. Participants separating from service who meet certain requirements have the option of deferring distribution of the vested value of his or her account until age 70 ½. Participants may elect to have Goodrich Stock Fund distributions paid in shares, with residual amounts (fractional shares) paid in cash. Distributions are paid in cash unless stock is requested.

A participant may make an in-service withdrawal, not more than once each Plan year, of an amount equal to all or a portion of the value of the vested portion of investments held in the participant's account attributable to the participant's after-tax and rollover contributions and Goodrich's contributions subject to certain conditions set forth in the Plan document.

A participant may make an in-service withdrawal of his or her pre-tax contributions upon incurring a financial hardship, subject to certain conditions as set forth in the Plan document.

Forfeiture of Interest

Upon a participant's separation from service, the portion of investments attributable to contributions made by Goodrich which have not vested shall remain in such accounts. Such nonvested amounts shall be forfeited on the date which is the earlier of the participant receiving a full distribution of the vested portion of the account balance or 60 consecutive months after separation from service. If the participant is rehired before such forfeiture, the nonvested portion shall remain in the participant's account.

All amounts forfeited under the Plan will remain in the Plan and be used to reduce future contributions to the Plan by Goodrich. If the Plan is terminated, any forfeited amounts not yet applied against Goodrich contributions will accrue ratably to the remaining participants in the Plan at the date of termination.

Participant Loans

Participant loans consist of general purpose and principal residence loans. General purpose loans have terms ranging from 1 to 5 years and provide fixed interest rates based upon the federal short-term rate, which ranged from 0.81% to 8.25% during the period January 1, 2009 through June 30, 2009. Principal residence loans have terms ranging from 1 to 15 years and provide fixed interest rates based upon the federal long-term rate, which ranged from 3.54% to 6.27% during the period January 1, 2009 through June 30, 2009. Under either type of loan, participants may borrow up to 50% of the value of their vested account balance up to a maximum of $50,000. The minimum a participant may borrow is $500. In general, participant loans are repaid in equal bi-weekly installments through payroll deductions and are secured by the participant's interest in the Plan.

Plan Termination

As discussed in Note 1, "Description of the Plan", on June 30, 2009, the Plan was merged into the Goodrich Corporation Employees' Savings Plan. Goodrich expects the Goodrich Corporation Employees' Savings Plan to be permanent and to continue indefinitely, but since future conditions affecting Goodrich cannot be anticipated or foreseen, Goodrich reserves the right in its sole discretion to amend, modify or terminate the Goodrich Corporation Employees' Savings Plan at any time. Upon termination, the entire amount of each participant's account (including that portion of the account attributable to Goodrich's contributions which would not otherwise be vested) shall become 100% vested and nonforfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

New Accounting Standard

On January 1, 2008 the Plan adopted a new accounting standard for its investments recognized at fair value. The adoption of this new standard did not have a material impact on the Plan's financial statements. Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair value:

Level 1 – quoted prices in active markets for identical assets and liabilities;

Level 2 – observable inputs other than quoted prices in active markets for identical assets and liabilities; and

Level 3 – unobservable inputs in which there is little or no market data available, which require the reporting entity to develop its own assumptions.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measurement at fair value.

Mutual Funds
Plan investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices in an active market, which represent the net asset values of shares held by the Plan at the end of the period.

Goodrich Stock Fund
The Goodrich Stock Fund is a unitized separate account comprised of common stock of Goodrich and short-term cash investments. The unit value of the fund is derived from the fair value of the common stock based on quoted market prices in an active market and the short-term cash investments.

Participant Loans
Participant loans are valued at their outstanding balance, which approximates fair value.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

3. Fair Value of Financial Investments, Carried at Fair Value

All investment information disclosed in the accompanying financial statements at June 30, 2009, and net appreciation in fair value of investments, interest and dividends for the period ended June 30, 2009, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

The following presents investments that represent 5 percent or more of the Plan's net assets.

	June 30, 2009	December 31, 2008
Fidelity Management & Research Corp Retirement Money Market Portfolio	$ —	$ 18,235,078
Fidelity Management & Research Corp Growth and Income Portfolio	—	6,731,873
Fidelity Management & Research Corp Short-Term Bond Portfolio	—	6,603,362
Fidelity Management & Research Corp Magellan Fund	—	3,756,102
Goodrich Corporation Common Stock Fund	—	3,724,854

During the period January 1, 2009 through June 30, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as determined by quoted market prices by $4,276,615 as follows:

Registered Investment Companies	$ 3,029,796
Goodrich Corporation Common Stock Fund	1,246,819
	$ 4,276,615

See "New Accounting Standard" in Note 2 above for discussion of the methodologies and assumptions used to determine the fair value of the Plan's investments.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2.

	Balance June 30, 2009	Level 1	Level 2	Level 3	Balance December 31, 2008	Level 1	Level 2	Level 3
Investments:					(Dollars in millions)

Investments, at fair value	$ —	$ —	$ —	$ —	$ 62.0	$53.5	$3.7	$ 4.8

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investment assets for the period January 1, 2009 through June 30, 2009:

	Fair Value January 1, 2009	Loan Repayment (Principal and Interest)	Loan Withdrawals	Loan Defaults	Transfers	Fair Value June 30, 2009
			(Dollars in millions)			
Participant Loans	$ 4.8	$ (0.7)	$ 0.6	$ (0.5)	$ (4.2)	$ —

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investment assets for the year ended December 31, 2008:

	Fair Value January 1, 2008 (Dollars in millions)	Loan Repayment (Principal and Interest)	Loan Withdrawals	Loan Defaults	Fair Value December 31, 2008
Participant Loans	$ 4.4	$ (1.8)	$ 2.4	$ (0.2)	$ 4.8

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated August 1, 2002, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Goodrich Corporation Benefit Design and Administration Committee believes the Plan, prior to its merger, was being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, was qualified and the related trust is tax exempt.

5. Transactions with Parties-in-Interest

Goodrich pays certain legal and accounting expenses of the Plan. Other than as described above or pursuant to the Trust Agreement with Fidelity Investments, the Plan has had no agreements or transactions with any parties-in-interest that are prohibited transactions under ERISA section 3(14).

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
