NOTE 1. PLAN DESCRIPTION

The following description of the Tarrant Apparel Group dba Fashion Resource, Inc. and Subsidiaries Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who have been employed by Tarrant Apparel Group dba Fashion Resources, Inc. and Subsidiaries (the "Company", the "Employer" or the "Plan Sponsor") for at least 1 year and that are 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan and subject to certain Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a discretionary match of 100 percent of the participant's deferral up to 5 percent of the participant's compensation. The Company contributed $234,416, net of forfeitures of $18,457, for the year ended December 31, 2009. The Plan also provides for discretionary profit sharing contributions. Participants must be employed on the last day of the Plan year in order to be eligible to receive the profit sharing contribution. No discretionary profit sharing contributions were made for the year ended December 31, 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after 2 years of service and an additional 20 percent each year thereafter until 100 percent vested upon 6 years of service.

Forfeitures

Forfeitures of discretionary Company contributions may be used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2009, forfeitures of $18,457 were used to reduce Company contributions and $6,785 were used to pay Plan expenses. As of December 31, 2009, forfeitures of $5,413 are available to reduce future Company contributions and pay Plan expenses.

NOTE 1. PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installment payments as permitted under the Plan.

Administrative Expenses

Certain administrative expenses incident to the administration of the Plan, including fees of the administrative agent and independent public accountants may be paid by the Plan. Expenses not paid by the Company are paid by the Plan.

Most investment options have management fees which reduce the overall return on assets. The net appreciation of investments is inclusive of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by John Hancock USA (the "Custodian").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Custodian has indicated that the Guaranteed Interest Contracts ("GICs") are not fully benefit-responsive and therefore are recorded at their fair market value. Participant loans are valued at their unpaid principal amount, which approximates fair value.

Investments are valued daily. Interest income is recorded on an accrual basis.

Concentration of Risk

The Plan has exposure to risk to the extent that its investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Participants select how their investments are allocated. Through participant direction, approximately 22% of the Plan's investments are invested in the JH Lifestyle Fund – Balanced Portfolio.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Company accounts for their financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled Separate Accounts – Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV of Pooled Separate Accounts ("PSA") is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market, therefore, the PSA are classified as Level 2 within the valuation hierarchy.

Guaranteed Interest Contract – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer and therefore classified as Level 2 within the valuation hierarchy.

Participant Loans – Participant loans are valued at their unpaid principal amount which approximates fair value and are classified as Level 3 investments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:				
Money market funds	$ -	$ 201,657	$ -	$ 201,657
Blend fund	-	3,432,875	-	3,432,875
Value funds	-	319,649	-	319,649
Growth funds	-	768,001	-	768,001
Fixed income funds	-	325,206	-	325,206
Total PSA	-	5,047,388	-	5,047,388
Guaranteed interest contract	-	149,129	-	149,129
Participant loans	-	-	86,437	86,437
Total assets at fair value	$ -	$ 5,196,517	$ 86,437	$ 5,282,954

The table below sets forth a summary of changes in the fair value of the participant loans for the year ended December 31, 2009:

Balance, beginning of year	$ 99,990
Issuances, repayments and settlements, net	(13,553)
Balance, end of year	$ 86,437

NOTE 3. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 4. PARTICIPANT LOANS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest from 4.25 percent to 9.25 percent. Principal and interest is paid ratably through payroll deductions.

NOTE 5. TAX STATUS

The Company received a determination letter dated August 25, 2004 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, accordingly, the Plan Administrator believes that the Plan is exempt from income taxes.

NOTE 6. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they may choose from. See the attached Schedule of Assets (Held at End of Year) for a detail listing of investments.

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2009.

JH Lifestyle Fund - Balanced Portfolio	$	1,179,197
JH Lifestyle Fund - Growth Portfolio	$	962,284

For the year ended December 31, 2009 net appreciation of investments in registered investment companies (mutual funds) held in pooled separate accounts was $1,146,204.

Plan investment options include Guaranteed Interest Contracts which can be for three years, five years and ten years. The crediting interest rates, as of December 31, 2009, on these contracts ranged from 0.15 percent to 1.40 percent and the effective interest rates ranged from 0.99 percent to 7.01 percent.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by John Hancock USA and was not subjected to any auditing procedures performed by the independent public accountants:

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS
