Independent Auditors' Report

To the Plan Administrator
St. Luke's Cataract and Laser Institute 401(k) Plan
Tampa, Florida

Report on Financial Statements

We were engaged to audit the accompanying financial statements of St. Luke's Cataract and Laser Institute 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements, along with the supplemental schedule.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3, 5, and 6, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted by the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

St. Luke's Cataract and Laser Institute 401(k) Plan

Notes to Financial Statements

As of December 31, 2012 and 2011 and
for the Year Ended December 31, 2012

1. Description of Plan

The following description of the St. Luke's Cataract and Laser Institute 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which became effective January 1, 1999, is a defined contribution plan covering all eligible employees of St. Luke's Cataract & Laser Institute, Inc. (the "Sponsor"); St. Luke's Surgical Center, Inc.; Jireh, Inc.; and Trinity Memorial Gardens Cemetery, Inc. In February 2012, the Plan was restated and amended to remove participating employees of Jireh, Inc. and Trinity Memorial Gardens Cemetery, Inc. due to an ownership change that occurred during 2012. Effective January 1, 2009, the Plan was amended to make employees who have completed 90 days of service and 300 hours, or complete 1,000 hours of service during a 12-month period, eligible to participate. If an employee does not satisfy this requirement within 90 days, such employee will be deemed to satisfy this condition upon completing a year of service, as previously defined. Entry into the Plan is on the first day of each month of the plan year. Employees are automatically enrolled in the Plan upon becoming eligible unless participation is declined. The default deferral rate is 1 percent of eligible wages. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974, as amended.

The Plan assets are held by SunTrust Bank (the "Trustee" or "SunTrust") and the Plan's record keeper is FASCore, LLC ("FASCore"). Effective January 1, 1999, the Sponsor adopted, amended, and restated the prototype plan sponsored by SunTrust. The Plan was last amended and restated on May 1, 2010 to allow Roth contributions.

Contributions

Each year, participants may contribute from 1 to 100 percent of pretax annual compensation, as defined in the Plan, subject to the limitations provided by the Internal Revenue Code ("IRC"), which was $17,000 and $16,500 for those under age 50 for 2012 and 2011, respectively, and $22,500 and $22,000 for those who are age 50 or over in 2012 and 2011, respectively. Participants direct their investment of all contributions credited to their accounts into various mutual funds offered by the Plan and a common collective trust fund. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Effective January 1, 2009, the Plan was amended making the Company's matching contribution fully discretionary. For 2012 and 2011, the Board of Directors of the Company approved the discretionary match equal to 50 percent of the voluntary salary deferral elected by the participant or 5 percent of the gross earnings per pay period, whichever is less.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Sponsor's matching contribution and plan earnings, and charged with withdrawals and an allocation of plan losses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their account, plus actual earnings thereon, is based on years of continuous service. A participant vests 20 percent after each year of service and is 100 percent vested after either five years of credited service, death, or disability.

Notes Receivable from Participants

The Plan allows participants to borrow from the participant's account up to 50 percent of their vested account balance provided the notes receivable does not exceed $50,000 for any of the following purposes: 1) purchasing a principal residence of the applicant; 2) paying tuition and related educational expenses for the next 12 months of post-secondary education for an applicant, his/her spouse, or his/her dependents; 3) paying expenses incurred or necessary to obtain medical care for an applicant, his/her spouse, or his/her dependents; 4) preventing foreclosure on or eviction from the principal residence of the applicant; 5) paying for burial or funeral expenses for the applicant's deceased parent(s), spouse, children, or dependents; or 6) paying expenses for the repair or damage to the applicant's principal residence that qualify for the casualty deduction. Notes receivable must be for a minimum of $1,000 and are collateralized by 50 percent of the participant's account balance in the Plan. The notes receivable bear interest at prime plus 1 percent (ranging from 4.25% to 9.25% at December 31, 2012) and may range from 3 to 5 year repayment terms with up to 15 year repayment terms if the notes receivable is used to purchase a participant's principal residence. A participant may have no more than two notes receivable outstanding. Principal and interest are paid ratably through bi-weekly payroll deductions. Upon termination of employment, the entire outstanding balance of the note, including accrued interest, shall become immediately due and payable on the date of termination.

A participant's loan shall be considered in default at the end of the calendar year following a quarter for which there is outstanding any part of any payment due. The loans in default at are included in benefits paid to participants on the statement of changes in net assets available for benefits at December 31, 2012 and amounted to $3,124.

Payments of Benefits

Upon termination, death, or disability, or a permitted in-service distribution, a participant may elect to receive a distribution of benefits in either a lump sum or a single sum portion of the vested account balance. The Plan also provides for in-service distributions upon a qualified hardship or attainment of normal retirement age of 60. At age 60, distributions may only be made from a 100 percent vested participant account.

Forfeited Accounts

Amounts not vested and forfeited by terminated participants are applied to reduce the Company's contributions for such plan year or to pay administrative expenses of the Plan. Forfeitures totaling $15,374 and $0 were applied to the Sponsor's matching contributions for the years ended December 31, 2012 and 2011, respectively. An allocation out of the forfeiture account in the amount of $5,834 and $4,717 for the years ended December 31, 2012 and 2011, respectively, paid a portion of the administrative expenses. At December 31, 2012 and 2011, there were $206 and $5,174 of balances remaining in forfeited, non-vested accounts, respectively.

2. Significant Accounting Policies

The significant accounting policies followed are:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

The financial statements of the Plan are prepared using the accrual basis of accounting.

In accordance with current accounting standards, a defined contributions plan's investment in a common collective trust that holds investment contracts are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. The fair value of the contract approximates contract value at December 31, 2012 and 2011.

Investments of the Plan are stated at fair value. The mutual funds are stated at fair value, as determined by the fair market value of the underlying investments. The common collective trust fund holds a fully benefit-responsive investment contract, which is stated at fair value and then adjusted to contract value. The fair value of the common collective trust fund is calculated using significant observable inputs other than quoted prices in active markets for identical investments such as quoted prices for similar investments, interest rates, prepayment speeds, and credit risk.

Notes receivable from participants represent participant loans and are valued at the unpaid principal balance, plus any accrued but unpaid interest.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net realized and unrealized appreciation is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Employee and employer matching contributions are recorded when salaries are paid.

2. Significant Accounting Policies (continued)

Most of the administrative expenses are paid by the Plan and recognized when incurred. Independent auditor fees are paid by the St. Luke's Cataract & Laser Institute, Inc.

Benefits are recorded when paid versus when incurred (authorized). At December 31, 2012, the Plan had no outstanding obligations for benefits authorized.

In May 2011, the FASB issued guidance to achieve common fair value measurement and disclosure requirements under generally accepted accounting principles and International Financial Reporting Standards. Some amendments clarify the application of existing fair value measurement requirements and others change a particular principle for measuring fair value and for disclosing fair value measurement information. In addition, additional fair value disclosures are required. The guidance is effective for fiscal years beginning after December 15, 2011. The Plan has adopted the guidance on its statements of net assets available for benefits and no significant impact was noted.

Certain minor reclassifications have been made to the 2011 financial statements to conform to the classifications used in 2012.

3. Information Prepared and Certified by the Trustee

The Trustee holds the Plan's investment assets and executes transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under ERISA. Accordingly, as permitted under such election, and instructed by the plan administrator, there were no auditing procedures performed with respect to the information disclosed in Notes 3, 5, and 6 and the supplementary information, which is certified by the Trustee of the Plan as complete and accurate, except for comparing such information certified by the Trustee with information included in the Plan's financial statements and supplemental schedule. Such investments and related information consist of the following:

	2012	2011
Investments (at fair value):		
Mutual funds	$ 6,873,318	$ 6,948,133
Money market	1,053,103	831,544
Common collective trust fund	532,598	405,925
Net appreciation in fair value of investments	746,374	
Interest and dividends	119,918	

4. Tax Status

The Plan, adopted on May 1, 2010, obtained its latest opinion letter in August 2010, in which the Internal Revenue Service stated that the SunTrust prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not been amended since receiving the determination letter. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax position taken by the Plan and has concluded that, as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

5. Investments

The following table presents investments that represent five percent or more of the Plan's net assets:

	2012	2011
Dreyfus Midcap Value Fund	$ 742,890	$ 969,737
T. Rowe Price Growth Stock Fund R	465,233	478,054
T. Rowe Price Retirement 2020 Fund-R	560,826	411,610
Federated Prime Obligations Fund SS	914,285	1,467,789
SunTrust Bank FDIC Insured Account	1,053,103	831,544
BlackRock Equity Dividend A	431,067	411,823
SunTrust Retirement 500 Index FD Class BSU-50B*	532,598	405,925
Janus Triton S*	463,358	397,794

* Investment represented five percent or more of the Plan's net assets as of December 31, 2012, but not at December 31, 2011.

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	$ 684,344
Common collective trust fund	62,030
Net appreciation in fair value of investments	$ 746,374

6. Fair Value Measurements

Accounting Standards Codification Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

- Level 2 - Valuations based on observable inputs, including quoted prices (other than Level 1) in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, such as interest rates, yield curves, volatilities and default rates, and inputs that are derived principally from or corroborated by observable market data.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2012 and 2011:

Mutual funds: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Money market: Valued at the net asset values per share as quoted by such companies or funds as of the valuation date.

Common collective trust funds: Valued using significant observable inputs other than quoted prices in active markets for identical investments.

6. Fair Value Measurements (continued)

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Fair Value Measurements at December 31, 2012 Using:

	As of December 31, 2012	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Total investments	$ 8,185,602	$ 7,779,677	$ 405,925	$ -

7. Related Party Transactions

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses for the Plan are paid directly by the Sponsor.

Certain plan investments include shares of mutual funds and a common collective trust fund managed by the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan participants for the investment management services were included as a reduction of the return earned on each investment.

8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits to Form 5500 per the financial statements as of December 31, 2012:

Net assets available for benefits per the financial statements	$ 8,474,316
Deemed distributions	3,124
Net assets available for benefits per Form 5500	$ 8,477,440

9. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, the participants will become fully vested in their accounts.

10. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent Events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 20, 2013, the date on which the financial statements were available to be issued.
