NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Shield Healthcare Centers, Inc. Employee 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Background: Effective January 1, 1991, Shield Healthcare Centers, Inc. (the "Company") established a 401(k) savings plan and related trust, qualifying under Section 401(a) of the Internal Revenue Code, for the benefit of employees of the Company. The Plan was amended and restated, effective May 1, 2008.

General: The Plan is a defined contribution plan covering all employees of the Company and its subsidiaries who have provided at least three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Trustee Agreement: Charles Schwab Trust Company, the trustee, administers the Plan's assets, together with the income therefrom, in accordance with an agreement.

Administration: The Plan is administered by an administrative committee appointed by the Board of Directors of the Company.

Administrative Expenses: The Company bears all administrative costs, including legal and audit, except contract administrator, investment advisor and trustee fees, which are paid by the Plan.

Contributions: Each participant may elect to contribute to the Plan in a fixed whole percentage, from 2% to 25% of annual compensation, to be credited to the participant's deferral account. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Company contributes an amount equal to 50% of participant contributions up to the first 4% of the participant's compensation, plus 25% of participant contributions between 4% and 8% of participant compensation to the matching contributions account of each participant. Additional amounts may be contributed to the Plan at the option of the Company's Board of Directors. No discretionary contribution was approved for 2009. Participants' salary deferral contributions are subject to certain statutory limitations.

Participant Accounts: Each participant's account is credited with individual account earnings or losses, the participant's voluntary contributions, the Company's matching contributions, and an allocation of the Company's discretionary contributions, if any. The Company's allocation of discretionary contributions is based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. The Company's matching and discretionary contributions and related investment earnings vest as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2	25%
3	50%
4	75%
5 or more	100%

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in the following forms: lump-sum, installment payments, or applied to the purchase of an annuity contract.

Participant Loans: Participants may borrow a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are made on a uniform and non-discriminatory basis, are secured by the participant's account, bear a reasonable rate of interest, and have a defined repayment schedule.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments, other than participant loans, are stated at fair value as determined by the trustee. The purchase and sale of investments are recorded by the trustee on the trade date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassifications: Certain amounts in the 2008 financial statements have been reclassified to conform with the current presentation.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 – INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated August 30, 2001 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE 5 – INVESTMENTS – UNAUDITED INFORMATION

Charles Schwab Trust Company, as trustee of the Plan, holds investment assets and executes investment transactions therein, and substantially all information pertaining to the Plan's investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits.

	2009	2008
Schwab Retirement Advantage Money Fund	$ 1,665,362	$ 1,637,904
PIMCO Total Return Fund Class D	1,175,530	-
Columbia Value & Restructuring Z	538,113	314,583
Aston/Montag & Caldwell Growth N	473,892	359,787
TCW Total Return Bond I	75,692	896,347

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

(Continued)

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Participant loans: Participant loans are reported at their outstanding balances, as the fair value of the loans is not practicable to estimate due to restrictions placed on the transferability of the loans.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at December 31, 2009 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds mutual fund investments managed by Charles Schwab, an affiliate of Charles Schwab Trust Company. Charles Schwab Trust Company is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees to Charles Schwab Trust Company qualify as party-in-interest transactions. Amounts paid by the Plan to parties-in-interest for investment management and administrative services also qualify as party-in-interest transactions. Participant loans held by the Plan are considered party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 3, 2010, which is the date the financial statements were available to be issued.

On February 22, 2010, the Plan administrator adopted a restated defined contribution prototype plan, which complies with the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001. The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.
