Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment assets held by Union Central Life Insurance Company (Union Central) which was certified by Union Central, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of ear as at December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of Plan

General

The Plan was established effective January 1, 2006, as a defined contribution 401(k) plan that provides retirement benefits for all eligible employees of Hunt Enterprises Inc. and certain affiliated entities which are under common control ("Hunt") who have attained twenty-one years of age and have completed one year of service (1,000 hours as defined) prior to the entry dates of January 1, or July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the maximum allowable under the Internal Revenue Code. Annual employer profit sharing contributions to the Plan are discretionary and determined by Hunt. Hunt has elected to make a safe harbor matching contribution to automatically satisfy certain nondiscrimination tests required by the Internal Revenue Service. This contribution was made for each participant who made an elective deferral at any time during the Plan year. Hunt contributed a safe harbor match for each participant equal to the first 3% of the deferred percentage elected by them and 50% of the next 2% of the deferred percentage elected by them, applied to their respective compensation, limited to the actual participant deferrals. Hunt's safe harbor matching contributions are allocated to each participant based on the amount of their salary reduction contribution to the Plan. Hunt authorized and accrued a safe harbor matching contribution of $169,590 and $164,119 for the years ended December 31, 2012 and 2011, respectively.

Operating Expenses

Certain expenses of maintaining the Plan have been paid by the Company. Loan administration fees as well as certain other recordkeeping expenses are charged directly to the participant's account and are included in administrative expenses on the statement of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Hunts' contribution and earnings thereon. The statement of net assets available for benefits at December 31, 2012 includes approximately $186,000 of accounts of vested participants who have terminated service or are no longer actively contributing to the Plan.

NOTE A - Description of Plan (Continued)

Vesting

Participants are immediately 100% vested in their voluntary contributions, Hunt's contributions, and the earnings thereon.

Investment Options

All contributions to the Plan are participant directed. The Plan currently provides for investments in a guaranteed investment contract and in certain mutual funds, which are offered by Union Central Life Insurance Company, American Century Investments Inc., Calvert Investment Management, Inc., MFS Investment Management, Neuberger & Berman Management Inc., Marsico Capital Management, Inc., Oppenheimer Global Securities Fund, Franklin Templeton, Inc., T. Rowe Price Group, Inc., Royce & Associates, LLC, Alger American Funds, Corporate Cash Reserves, Royce Value Trust Inc., Calvert Capital Funds and Baron Funds. These investments offered through the Plan are held by and certified as to completeness and accuracy by Union Central, the custodian of the Plan.

Participant Loans

Participants may borrow from their account a minimum of $1,000 up to an amount equal to one-half the vested value of their account balance to a maximum of $50,000. Loan terms generally range from 1-5 years; however, if the loan is for the purchase of a principal residence a longer repayment term may be permitted. The loans are secured by the balance of the participant's account and bear interest at a rate of prime plus one percent, fixed at the commencement of the loan. Participant loans are carried at their unpaid principal balance plus any accrued but unpaid interest. Participant loans receivable as of December 31, 2012 bear interest at rates from 4.25%-7% with maturity dates through 2017.

Withdrawals

Withdrawals of all vested amounts may be made after a participant attains 59 ½ years of age.

Payments of Benefits

On termination of service due to death, disability or retirement, if the participant's account is greater than an amount specified by the U.S. Department of Labor (DOL) (currently $5,000), the participant may elect to receive payment of his vested account balance in either a lump sum or an annuity contract payable over a specified number of years. For vested account balances less than the amount specified by the DOL but above $1,000, the plan administrator is required to roll those amounts into an IRA designated by the plan administrator if not elected to be distributed directly to the participant or rolled into an eligible retirement plan of their choice.

NOTE B - Summary of Significant Accounting Policies

Termination of Plan

In the event of the termination of the Plan, after payment of administrative expenses, if any, the Plan's assets shall be used for the exclusive benefit of members and their beneficiaries and for no other purpose.

Valuation of Investments

The investments in Union Central Life Insurance Company's pooled separate accounts are valued at the market value of the Plan's participants' share of the several underlying investment options available to them. Shares of mutual funds are valued by the custodians of the Plan at the net asset value of shares held by the Plan at year end based on quoted market values. Such value is subject to increase or decrease due to changes in investment income and market value. The investment in the Union Central deposit account is stated at market value that is immaterially different from the contract value. Fair value for this account is determined as the present value of future guaranteed account values and participant benefit withdrawals (see Note G). The increase or decrease in the total value of these investments during the fiscal year is included in the statement of changes in net assets available for benefits.

Tax Status

The Internal Revenue Service, ("IRS") has determined and informed the Plan sponsor that the Plan meets the requirements of Section 401(a) of the Internal Revenue Service Code qualifying for tax-exempt status. Therefore, a specific determination letter for the Plan has not been applied for or obtained. Although the Plan has been amended since receiving the determination letter, the Plan sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Use of Estimates and Subsequent Events

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. The Plan has considered subsequent events occurring through September 5, 2013, the date the financial statements were available for issuance, in evaluating its estimates and in the preparation of its financial statements.

NOTE B - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE C - Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits as of the end of the plan year, as certified by the custodian of the Plan:

	December 31,	
	2012	2011
Morgan Stanley IF US Real estate fund	**$ 368,139**	$ 276,153

NOTE D - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

The Financial Accounting Standards Board standard on "Fair Value Measurements" establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 is unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 is observable information for similar items in active or inactive markets and Level 3 is unobservable inputs to be used in situations where markets don't exist or are illiquid.

(Continued)

NOTE D - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note G). Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date).

The following table represents the quantitative information about significant unobservable inputs used in Level 3 fair value measurements.

Predominant Valuation Method	Significant Unobservable Input	Range of Values	Impact of Increase in Input on Fair Value
Discounted cash flows	New Deposit rate	1.90%	Increase
	Benefit withdrawal rate	9.00%	Decrease

NOTE D - Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2012.

	Guaranteed Investment Contract	
Year Ended December 31, 2012	*Level 2*	*Level 3*
Balance, beginning of year	$ 40,309	
Total gains or losses (realized/unrealized)		
recognized in changes in net assets		$ 1,565
not recognized in changes in net assets		206
Purchases		3,641
Sales		
Transfers in and/or out of Level 3	(40,309)	40,309
Balance, end of year	$ --	$ 45,721
The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date		$ 206

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The transfer from Level 2 to Level 3 resulted from a review of the several elements of the guaranteed investment contract and had no effect on the determination of the fair market value.

NOTE E - Certification by the Custodian

Union Central Life Insurance Company (Custodian) has certified as to the completeness and accuracy of the investments of the Plan as of December 31, 2012 and 2011 and for the years then ended. The certifications cover the related investment income, including interest, and the appreciation or depreciation in the quoted market value of investments.

NOTE F - Party-In-Interest Transactions

Certain Plan investments are managed by Union Central, the Plan's investment custodian. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for investment management services are netted against net appreciation in fair value of investments and as reported by Union Central, totaled $3,196 for the year ended December 31, 2012.

NOTE G - Investment in Fully Benefit-Responsive Guaranteed Investment Contract

The Union Central deposit account is a fully benefit-responsive investment contract dedicated exclusively to the active management of the assets of the Plan. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The investment is included in the financial statements at fair value that is immaterially different from the contract value. Fair value for the Union Central deposit account is determined as the present value of future guaranteed account values and participant benefit withdrawals, assuming an annual benefit withdrawal rate of 9%. Benefit withdrawals are assumed to occur on the contract anniversary date. Present values are derived by discounting future guaranteed account values and benefit withdrawals by the appropriate market interest rates. Market interest rates are deemed to be the same rates to be credited to new issues of the same contract with like guarantees issued as of the date of the fair value determination. The contract value of funds held in the Union Central deposit account generally represents principal plus accrued interest.

Certain events may limit the ability of the plan sponsor and/or plan participants to transact at contract value with Union Central. Examples of these events would include (but would not be limited to) premature termination of this contract and termination of the retirement plan. In these examples, the contract value could be reduced by any applicable surrender charges upon distribution of contract's funds. Under no event may Union Central terminate this contract and settle at an amount different from contract value.

The Union Central deposit account earns a declared interest rate for new deposits in each calendar quarter. Subsequent to the initial guaranteed period, a renewal guarantee is applied for deposits made in the calendar quarter in all prior years. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account for new deposits each quarter. Subsequent renewal rates are based on the investment performance of the general account at the time of renewal. Credited rates are guaranteed for the duration of the guaranteed period, and do not vary with the subsequent performance of assets of the general account which back these guarantees. The new deposit rate as of January 1, 2013 has a guaranteed rate of 1.9%.

(Continued)

NOTE G - Investment In Fully Benefit-Responsive Guaranteed Investment Contract (Continued)

The average yield in the Plan is the percentage earnings credited in the deposit account for the period January 01, 2012 to December 31, 2012, based on the end of year fair value of deposit account assets. These earnings represent the entire investment return of the deposit account within this contract. The average yield for the Plan for the period January 01, 2012 to December 31, 2012 is 3.42%. The average yield for 2011 is 2.63%. The average yield is interest earned divided by the ending fair value of the contract.

The weighted average interest crediting rate is the weighted average of all new and renewal rates of the contract for each calendar quarter. These rates are guaranteed for the entire duration of the guaranteed period and do not vary with the subsequent performance of assets of the Union Central general account which back these guarantees. The weighted average interest crediting rate, as of December 31, 2012, is 3.87% and for December 31, 2011 is 3.66%.
