INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Hall & Evans, L.L.C. Employee Savings Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Hall & Evans, L.L.C. Employee Savings Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by JPMorgan Chase Bank, N.A., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTERS

The supplemental schedule as of December 31, 2012, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of Hall & Evans, L.L.C. Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established January 1, 1984 and amended and restated in January 2012. The Plan is available to all eligible employees of Hall & Evans, L.L.C. (the "Employer"). Employees become eligible the first of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Employer is the administrator of the Plan. Reliance Trust Company serves as trustee (the "Trustee"); JPMorgan Chase Bank, N.A. manages Plan assets (the "Custodian"); and as of December 1, 2012, FASCore, LLC maintains the Plan records (the "Recordkeeper"). Prior to December 1, 2012, Hartford Life Insurance Company maintained the Plan records. The Plan's investments are invested in various investment options at the participant's election. In addition, participants may choose a self-brokered account option through Charles Schwab and direct any investment he or she chooses other than defined exclusions.

Contributions

Participants may make elective before-tax contributions up to 100% of their annual compensation, not to exceed the IRS established limits. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Participants age 50 or older may also elect to defer additional catch-up contributions to the Plan, which are limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans, if certain criteria are met. Employee contributions to the Plan are made through regular payroll deductions.

For the year ended December 31, 2012, the Employer made discretionary qualified non-elective contributions to the Plan equal to 1% of the eligible compensation of participants totaling $145,819. Discretionary percentages contributed by the Employer are determined each year.

For the year ended December 31, 2012, the Employer made a profit-sharing contribution for each participant in an amount equal to 3% of the participant's eligible compensation up to the Social Security wage base, plus 6% of each participant's eligible compensation in excess of the Social Security taxable wage base, if any, totaling $556,569 for the year ended December 31, 2012. Participants must have completed one year of service, defined as 1,000 hours, or be employed at the end of the year to be eligible for the profit-sharing contribution and qualified non-elective contributions.

Note 1 - Description of the Plan (continued)

Participants' Accounts

Each participant's account is credited or charged with the participant's contributions, rollover contributions, Employer's contributions, and an allocation of the Plan's earnings and losses. Allocations are based on participant earnings or losses and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, rollover contributions, and the employees that meet the eligibility requirements are 100% vested in the 1% qualified non-elective contributions and allocated earnings or losses thereon. The Employer profit-sharing contributions (including forfeitures) and the earnings or losses thereon will vest in accordance with the following table:

Years of Service	Vested Interest
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Participant Loans

Participants may borrow from their account up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms range from one to five years, or up to fifteen years for the purchase of a primary residence. The loans are secured by the vested balances in the participants' accounts and bear interest at the prime rate plus 1% at loan origination. Interest rates on loans outstanding as of December 31, 2012 range from 4.25% to 9.25%, with maturity dates through March 2023. Principal and interest is paid ratably through payroll deductions. Participant loans are recorded in the financial statements at an amortized cost plus accrued interest.

Note 1 - Description of the Plan (continued)

Investment and Expenses of the Plan

Various administrative expenses are paid by the Employer and, thus, are not reflected in the Plan's financial statements. Investment expenses incurred on behalf of participants with self-directed accounts are charged to those participants. Participants are responsible for paying the administrative expenses related to loans, hardship distributions, Qualified Domestic Relations Order distributions, and terminated payout distributions. Terminated employees' accounts are charged an administrative fee for their share of expenses.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as reported to the Plan by the Custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan invests in investment contracts through a common/collective trust. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. No adjustment of the investment from fair value to contract value was required in 2012 or 2011 as contract value approximated the fair value as of December 31, 2012 and 2011, respectively.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or purchase date if during the year) and selling price (if sold during the year) or year-end fair value. Investment transactions are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Note 2 - Summary of Significant Accounting Policies (continued)

Payments of Benefits

Upon death, disability, retirement, or termination of service, a participant or beneficiary may receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment or the participant can elect to receive this benefit in equal installments. Immediate lump-sum distributions are made to terminated participants if the participant's vested balance is $5,000 or less. The vested amount of $5,000 or less will be rolled into a qualified individual retirement account in the name of and for the benefit of the participant unless the participant elects to receive or rollover the balance. Participants may make withdrawals from their elective accounts at age 59 1/2 or upon notice of hardship, subject to certain restrictions. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, then the non-vested portion of the participant's account shall be placed in a separate forfeiture account and will be reallocated on the earlier of the fifth consecutive one-year break in service or the end of the Plan year following the payment of the vested account balance. Forfeitures can be used to either pay administrative expenses of the Plan or offset Employer contributions and are to be allocated to participants in the same manner as the Employer's contribution. For the Plan year ended December 31, 2012, the forfeitures applied to reduce the Employer contribution were $4,758. The balance of this account at December 31, 2012 and 2011 was $7,536 and $16,480, respectively.

Risks and Uncertainties

The Plan provides for various investment choices that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, certain self-directed investments and mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse and economic developments. Moreover, securities of many foreign companies may be less liquid and their prices more volatile than those of comparable U.S. companies.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan administrator and Custodian to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement on a recurring basis.

Note 3 - Fair Value Accounting (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2012:

Total	$ 18,782,756	$ 2,038,773	$ 212,617	$ 21,034,146

Level 1 assets in the Plan are mutual funds and common stock. Mutual funds and common stock are valued based on quoted daily net asset values that are directly observable in the marketplace by market participants. The fair value of the mutual funds and common stock is equivalent to the net asset value at close of business on the reporting date (market approach).

Note 3 - Fair Value Accounting (continued)

Level 2 assets in the Plan includes a common/collective trust, governmental agency securities, and corporate bonds. The governmental agency securities can be valued by observing quoted prices for similar investments in active markets. The corporate bonds can be valued based on trades of the corporate bonds within a publicly observable marketplace. The corporate bond market is based on negotiated contracts between a limited number of parties rather than high-volume exchange transactions. The determination of pricing for bonds can be determined through review of transactions involving the specified bond or a like-kind bond. The valuation technique used to measure the fair value of the common/collective trust reflects the net asset value or the amount the Plan sponsor would receive if they were to withdraw or transfer funds within the Plan prior to maturity, adjusted for any withdrawal (cost approach).

The common/collective trust seeks to preserve the value of money invested, perform better than the average money market fund, and earn consistent, reliable returns. The trust is valued at net asset value, has an immediate redemption frequency, and a one-day redemption notice period. There are no unfunded commitments or any other redemption restrictions.

Level 3 assets in the Plan include a note receivable and an investment in a limited liability company ("LLC"). The valuation technique used to measure fair value of the note receivable is based on amortized cost, which approximates fair value. The valuation technique used to measure fair value of the LLC is measured by the fair value of the underlying investment determined by the investment advisor using the financial information applicable to the identified assets (cost approach).

There were no changes to the valuation techniques used during the period.

The following is a reconciliation of the beginning and ending balances for assets measured at fair value using significant unobservable inputs (Level 3) during the period ended December 31, 2012:

	Investment in LLC	Note Receivable	Total
Beginning balance	$ 167,400	$ 45,217	$ 212,617
Total gains or losses (realized/unrealized)	-	-	-
Purchases	-	-	-
Sales, issuances, and settlements	-	(2,301)	(2,301)
Transfers in and/or out of Level 3	-	-	-
Ending balance	$ 167,400	$ 42,916	$ 210,316

The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Note 4 - Summary of Investments

The Custodian has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2012 and 2011 and the income earned or losses incurred on the investments for the year ended December 31, 2012, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the Custodian, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The Plan's investments that exceed 5% of net assets available for benefits are as follows:

	December 31,			
	2012		2011	
JPMorgan Stable Asset Income Fund Select	$ 2,201,190		$ 1,709,510	
PIMCO Total Return D Fund	$ 1,820,600		$ 1,395,318	
JPMorgan SmartRetirement 2025 Select Fund	$ 1,600,313		$ 1,265,421	
Vanguard 500 Index Admiral Fund	$ 1,277,907		$ 1,097,677	
T. Rowe Price Mid Cap Value Fund	$ 699,807	*	$ 1,326,447	

* Indicates investments less than 5% of the net assets available for benefits for the respective date, presented for comparison purposes only.

The Plan offers participants the choice to self-direct their investment elections outside of the specific money market, mutual funds, and common/collective trust offered under the Plan. This alternative allows participants to invest their account balances in any investment desired, within specified limitations.

The Employer's participant self-directed investments consist of the following as of December 31, 2012 and 2011:

	December 31,	
	2012	2011
Mutual funds	$ 7,168,557	$ 5,827,427
Common stock	782,876	530,600
Governmental agency	246,803	256,734
Investment in LLC	167,400	167,400
Corporate bonds	55,813	72,529
Note receivable	42,916	45,217
	$ 8,464,365	$ 6,899,907

Note 4 - Summary of Investments (continued)

The investment income generated on investments for the year ended December 31, 2012 consists of the following:

Self-directed investments	
Net appreciation in the fair value of investments	$ 735,531
Interest and dividend income	3,092
	738,623
Mutual funds	
Net appreciation in the fair value of investments	1,481,526
Interest and dividend income	420,241
	1,901,767
Common/collective trust	
Net appreciation in the fair value of investments	33,598
	33,598
Total investment income	$ 2,673,988

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 6 - Income Tax Status

The Plan did not obtain a Plan-specific determination letter as it operates with the Trustee's determination letter, which was issued on the basic Plan document. The Plan has been amended since the most recent determination letter dated March 31, 2008; however, the Plan administrator believes that the Plan continues to be designed and operating in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are mutual funds and a guaranteed interest contract managed by the Custodian. JPMorgan Chase Bank, N.A. is the asset custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest. These transactions are exempt from prohibited transaction rules. In addition, the Plan provides for participant loans, which are also party-in-interest transactions, which are exempt.

Note 8 - Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance.
