INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Precise Tool & Manufacturing, Inc. Profit Sharing & 401(k) Savings Plan

We were engaged to audit the financial statements of the Precise Tool & Manufacturing, Inc. Profit Sharing & 401(k) Savings Plan as of December 31, 2009 and 2008 and for the years then ended, and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 in the accompanying notes to financial statements, which was certified by Frontier Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2009 and 2008 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we were unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the Precise Tool & Manufacturing, Inc. Profit Sharing & 401(k) Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code ("IRC") established on May 1, 1978, and amended and restated effective December 31, 2009. It covers substantially all employees of Precise Tool & Manufacturing, Inc., Advantech Industries, Inc., Kubota of Rochester, Inc., Specialty Tools, Inc. and Westside Rent-All, Inc. (the Company) who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

Each employee shall be entitled to make his or her own contributions (elective deferrals) to the Plan and receive employer matching contributions upon attainment of age 21 and the completion of one year of service. In addition, each eligible employee shall be entitled to receive discretionary profit sharing contributions after completing one thousand hours of service and are employed on the last day of the year. Eligible employees may become participants commencing on January 1st or July 1st following the attainment of all eligibility requirements.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company (not to exceed 50% of compensation). The maximum contribution each participant may make each year is subject to federal limits.

The Company may make matching contributions on behalf of each participant which will be determined each year by the employer. During 2009 and 2008, matching contributions totaled $40,494 and $42,451, respectively.

The Company may also decide each plan year to make a discretionary profit sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. Discretionary profit sharing contributions may vary annually and are determined by the Board of Directors of the Company. During 2009 and 2008, the Company made no discretionary employer contributions.

The Company may also contribute an amount which it designates as a qualified discretionary contribution (qualified non-elective contribution). This contribution may be included in the actual deferral percentage test or the actual contribution percentage test. During 2009 and 2008, the Company made no qualified discretionary contributions.

1. **Description of Plan** (Continued)

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, Company contributions and Plan earnings. Allocations are based on participant compensation or account balances.

Vesting

Participants are immediately 100% vested in their elective deferrals plus actual earnings thereon. Vesting in matching contributions and discretionary profit sharing contributions is based on years of continuous service.

A vested percentage is determined in accordance with the following vesting schedule:

Years of Service For Vesting	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Additionally, accounts become fully vested upon attainment of age 65, death or total disability.

Payments of benefits

Upon retirement, death or disability the entire account balance, if less than $1,000, will be distributed in the form of a lump-sum. If the account balance is greater than $1,000 but less than $5,000 and it is not distributed, the employer will automatically roll the account over into an individual retirement account. Balances greater than $5,000 can remain in the Plan until the participant reaches age 70½. The required beginning date for the required minimum distribution purposes is April 1 of the calendar year following the later of the year the participant reaches age 70½ or retires.

Forfeitures

Forfeitures arising under the Plan may be used to reduce matching contributions, discretionary profit sharing contributions and administrative expenses. Forfeitures activity during 2009 and 2008 consisted of the following:

1. **Description of Plan** (Continued)

Forfeitures (Continued)

	2009	2008
Forfeitures available for use, beginning of year	$ 13,140	$ 14,066
Forfeitures generated	2,937	1,483
Forfeitures used to reduce administrative expenses	(3,350)	-
Gain (loss) on forfeitures	596	(2,409)
Forfeitures available for use, end of year	$ 13,323	$ 13,140

Administrative expenses

The plan sponsor has elected to pay the administrative fees of the Plan. During 2009 and 2008, the plan sponsor incurred recordkeeping and audit fees of $10,900 and $-0-, respectively. All other expenses are paid out of the Plan assets.

2. **Summary of Significant Accounting Policies**

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for pension benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. **Summary of Significant Accounting Policies** (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quotes prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Cash equivalents: Includes money market accounts, certificates of deposit, and all highly liquid debt instruments purchased with an original maturity date of three months or less.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at the end of the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of benefits

Benefits are recorded when paid.

2. **Summary of Significant Accounting Policies** (Continued)

Subsequent events

The Plan Administrator evaluated events occurring between the end of the most recent fiscal year and May 5, 2010, the date the financial statements were available to be issued.

3. **Information Certified by the Trustee**

As of and for the years ended December 31, 2009 and 2008, the plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Frontier Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for benefits.

4. **Investments**

The following presents the fair value of investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets.

	2009		2008	
	# of Shares	Fair Market Value	# of Shares	Fair Market Value

* Less than 5%

During 2009 and 2008, the Plan's investments in registered investment companies appreciated (depreciated) in value by $913,266 and $(1,519,752), respectively.

5. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008, respectively:

	.....Assets at Fair Value as of December 31, 2009.....			
	Level 1	Level 2	Level 3	Total
Cash equivalents	$ 884,047	$ -	$ -	$ 884,047
Mutual funds	4,392,933	-	-	4,392,933
Total assets at fair value	$5,276,980	$ -	$ -	$5,276,980

	.....Assets at Fair Value as of December 31, 2008.....			
	Level 1	Level 2	Level 3	Total
Cash equivalents	$ 839,626	$ -	$ -	$ 839,626
Mutual funds	3,104,447	-	-	3,104,447
Total assets at fair value	$3,944,073	$ -	$ -	$3,944,073

6. Related Party Transactions

The Plan invests in cash equivalents managed by an affiliate of the trustee, Frontier Trust Company and Acensus, an agent for Frontier Trust Company. The Frontier Trust Company acted as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Internal Revenue Service has determined and informed the Company, by letter dated January 29, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving this determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Precise Tool & Manufacturing, Inc. Profit Sharing & 401(k) Savings Plan

We were engaged to audit the financial statements of the Precise Tool & Manufacturing, Inc. Profit Sharing & 401(k) Savings Plan as of December 31, 2009 and 2008 and for the years then ended, and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 in the accompanying notes to financial statements, which was certified by Frontier Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2009 and 2008 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we were unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the Precise Tool & Manufacturing, Inc. Profit Sharing & 401(k) Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code ("IRC") established on May 1, 1978, and amended and restated effective December 31, 2009. It covers substantially all employees of Precise Tool & Manufacturing, Inc., Advantech Industries, Inc., Kubota of Rochester, Inc., Specialty Tools, Inc. and Westside Rent-All, Inc. (the Company) who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

Each employee shall be entitled to make his or her own contributions (elective deferrals) to the Plan and receive employer matching contributions upon attainment of age 21 and the completion of one year of service. In addition, each eligible employee shall be entitled to receive discretionary profit sharing contributions after completing one thousand hours of service and are employed on the last day of the year. Eligible employees may become participants commencing on January 1st or July 1st following the attainment of all eligibility requirements.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company (not to exceed 50% of compensation). The maximum contribution each participant may make each year is subject to federal limits.

The Company may make matching contributions on behalf of each participant which will be determined each year by the employer. During 2009 and 2008, matching contributions totaled $40,494 and $42,451, respectively.

The Company may also decide each plan year to make a discretionary profit sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. Discretionary profit sharing contributions may vary annually and are determined by the Board of Directors of the Company. During 2009 and 2008, the Company made no discretionary employer contributions.

The Company may also contribute an amount which it designates as a qualified discretionary contribution (qualified non-elective contribution). This contribution may be included in the actual deferral percentage test or the actual contribution percentage test. During 2009 and 2008, the Company made no qualified discretionary contributions.

1. **Description of Plan** (Continued)

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, Company contributions and Plan earnings. Allocations are based on participant compensation or account balances.

Vesting

Participants are immediately 100% vested in their elective deferrals plus actual earnings thereon. Vesting in matching contributions and discretionary profit sharing contributions is based on years of continuous service.

A vested percentage is determined in accordance with the following vesting schedule:

Years of Service For Vesting	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Additionally, accounts become fully vested upon attainment of age 65, death or total disability.

Payments of benefits

Upon retirement, death or disability the entire account balance, if less than $1,000, will be distributed in the form of a lump-sum. If the account balance is greater than $1,000 but less than $5,000 and it is not distributed, the employer will automatically roll the account over into an individual retirement account. Balances greater than $5,000 can remain in the Plan until the participant reaches age 70½. The required beginning date for the required minimum distribution purposes is April 1 of the calendar year following the later of the year the participant reaches age 70½ or retires.

Forfeitures

Forfeitures arising under the Plan may be used to reduce matching contributions, discretionary profit sharing contributions and administrative expenses. Forfeitures activity during 2009 and 2008 consisted of the following:

1. **Description of Plan** (Continued)

Forfeitures (Continued)

	2009	2008
Forfeitures available for use, beginning of year	$ 13,140	$ 14,066
Forfeitures generated	2,937	1,483
Forfeitures used to reduce administrative expenses	(3,350)	-
Gain (loss) on forfeitures	596	(2,409)
Forfeitures available for use, end of year	$ 13,323	$ 13,140

Administrative expenses

The plan sponsor has elected to pay the administrative fees of the Plan. During 2009 and 2008, the plan sponsor incurred recordkeeping and audit fees of $10,900 and $-0-, respectively. All other expenses are paid out of the Plan assets.

2. **Summary of Significant Accounting Policies**

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for pension benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. **Summary of Significant Accounting Policies** (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quotes prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Cash equivalents: Includes money market accounts, certificates of deposit, and all highly liquid debt instruments purchased with an original maturity date of three months or less.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at the end of the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of benefits

Benefits are recorded when paid.

2. **Summary of Significant Accounting Policies** (Continued)

Subsequent events

The Plan Administrator evaluated events occurring between the end of the most recent fiscal year and May 5, 2010, the date the financial statements were available to be issued.

3. **Information Certified by the Trustee**

As of and for the years ended December 31, 2009 and 2008, the plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Frontier Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for benefits.

4. **Investments**

The following presents the fair value of investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets.

	2009		2008	
	# of Shares	Fair Market Value	# of Shares	Fair Market Value

GM Thornburg International Value Fund	12,493	310,450	*	*
Hotchkis and Wiley Mid-Cap Value	11,389	204,782	*	*

* Less than 5%

During 2009 and 2008, the Plan's investments in registered investment companies appreciated (depreciated) in value by $913,266 and $(1,519,752), respectively.

5. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008, respectively:

	.....Assets at Fair Value as of December 31, 2009.....			
	Level 1	Level 2	Level 3	Total
Cash equivalents	$ 884,047	$ -	$ -	$ 884,047
Mutual funds	4,392,933	-	-	4,392,933
Total assets at fair value	$5,276,980	$ -	$ -	$5,276,980

	.....Assets at Fair Value as of December 31, 2008.....			
	Level 1	Level 2	Level 3	Total
Cash equivalents	$ 839,626	$ -	$ -	$ 839,626
Mutual funds	3,104,447	-	-	3,104,447
Total assets at fair value	$3,944,073	$ -	$ -	$3,944,073

6. Related Party Transactions

The Plan invests in cash equivalents managed by an affiliate of the trustee, Frontier Trust Company and Acensus, an agent for Frontier Trust Company. The Frontier Trust Company acted as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Internal Revenue Service has determined and informed the Company, by letter dated January 29, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving this determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
