REPORT OF INDEPENDENT ACCOUNTANTS

We have audited the statement of net assets available for plan benefits of **MADELAINE CHOCOLATE NOVELTIES, INC. UNION PENSION PLAN** as of December 31, 2009 and 2008, the related statement of changes in net assets available for plan benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2009 and December 31, 2008 and the related statements of changes in accumulated plan benefits for the years then ended. These financial statements are the responsibility of the Plan Administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2009, and changes in its financial status for the year then ended and information regarding net assets available for plan benefits and changes therein as of and for the years ended December 31, 2009 and 2008 in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of investments accompanying the financial statements is presented for purposes of complying with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is not a required part of the basic financial statements. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Very truly yours,

MADELAINE CHOCOLATE NOVELTIES, INC. UNION PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

AS AT DECEMBER 31, 2009

1. Description of Plan:

The following brief description of MADELAINE CHOCOLATE NOVELTIES, INC. UNION PENSION PLAN is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan is a defined benefit plan covering the union employees of MADELAINE CHOCOLATE NOVELTIES, INC. The Plan is noncontributory on the part of the employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees participate in the Plan on the entry date (January 1) nearest completion of twelve months of continuous employment with the Company and attainment of age 21.

Upon termination of employment for any reason other than retirement, death or disability, participants are entitled to the following vested percentage of their accrued benefit:

Years of Service	Vested Percentage
Less than 5 years	0
5	100

Retirement Benefit

Subject to the top heavy provisions and those governing limitations on benefits, each Participant shall be eligible to retire upon attaining his or her Normal Retirement Age and shall thereafter be entitled to receive a monthly Normal Form of Retirement Income equal to eight dollars and forty cents ($8.40) multiplied by his or her full Years of Service to a maximum of twenty-five (25) years; such benefit to be reduced by any monthly pension payable by the Pension Benefit Guaranty Corporation.

The monthly benefit of each Participant shall not be less than the largest periodic benefit that would have been payable to the Participant upon separation from Service at or prior to Normal Retirement Age under the Plan exclusive of Social Security supplements, premiums on disability or term insurance, and the value of Disability benefits not in excess of the Normal Retirement Benefit. For purposes of comparing periodic benefits in the same form, commencing prior to and at Normal Retirement Age, the greater benefit is determined by converting the benefit payable prior to Normal Retirement Age into the same form of annuity benefit payable at Normal Retirement Age and comparing the amount of such annuity payments.

Benefits shall be payable in the normal form or the Actuarial Equivalent thereof or in one of the optional forms of payment permitted by the Plan.

The nonvested portion of any employee's accrued benefits is used to reduce the Company's contribution for future plan years.

Upon retirement, the employee is entitled to a normal retirement pension consisting of a monthly annuity for life or the employee may elect one of the following methods of benefit payment.

(a) A lump sum payment;

(b) A joint and survivor annuity for the life of the employee and for the life of another person, providing a survivor annuity which is either 50% or 100% of the amount of the employee's annuity;

(c) A period certain and continuous annuity based upon the employee's life expectancy, as of his income commencement date, providing the income to continue to the participant's beneficiary should his death occur during the period certain.

(d) Installments, providing periodic income to the participant's and/or beneficiary of varying amount, over a period of years.

Death Benefits:

Death benefits are paid to the employee's beneficiary in accordance with the form of benefit payment elected by the employee at retirement. Death benefits paid to the eligible spouse of any employee who dies before retirement equal 50% of the actuarial equivalent of the accrued benefit determined as of the date of death.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments:

Marketable Securities are stated at fair value. Securities are valued at the last reported sales price on the last business day of the plan year.

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits payable under all circumstances - retirement, death and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

Actuarial Cost Method - Aggregate

Under the Pension Protection Act (PPA) of 2006, a new funding method is mandatory under Internal Revenue Code Section 430(a). The Company's annual Minimum Required Contribution is the sum of:

(a) Target Normal Cost – the actuarial present value of benefits expected to be earned by Active participants in the current plan year, PLUS

(b) Shortfall Amortization Payment – (i) the excess, if any, of the actuarial present value of benefits already earned by all participants over (ii) the actuarial value of plan assets, amortized over seven (7) plan years.

Rate of Investment Return – Under PPA, segmented interest rates are mandatory as defined under Internal Revenue Code Section 430 (h)(2). For purposes of accumulated plan benefits, the interest rates are defined in the plan as 7.5%.

Retirement Age - It is assumed that normal retirements will occur in the first month coincident with or following attainment of the later of age 65 and 5 years of participation.

Rates of Mortality - Under PPA, new mandatory mortality tables are required, based on the Applicable Mortality tables for the Plan Year. Separate rates apply for Males and Females, for pre-retirement and post-retirement years. Lump sum payments are based on the Applicable Unisex Mortality Table for the Plan Year. For purposes of accumulated plan benefits, the mortality table is defined as 1971 GAM.

3. Funding Policy:

The Company contributes on an annual basis such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan members. In addition, all expenses incurred in the administration of the Plan are paid by the Company.

The yield on investments of the Plan serves to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan. Company contributions to 1999 met the minimum funding requirements of ERISA. Although it has not expressed any intention to do so, the Company has the right, under the Plan, to discontinue its contributions at anytime and to terminate the Plan subject to the provisions set forth in ERISA.

4. Plan Termination:

In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

(a) Benefits attributable to employee contributions, if any, taking into account those paid out before termination.

(b) Annuity benefits under the Plan which former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

(c) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations (discussed below).

(d) All other vested benefits (that is, vested benefits not insured by the PBGC).

(e) All nonvested benefits.

The PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination subject to a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

5. Investments:

The following presents the fair value of the Plan's investments. Investments that represent five percent or more of the total fund assets are separately identified:

6. Tax Status:

The United States Treasury Department advised on July 28, 1996 that the Plan constitutes a qualified plan under Section 1.401-1(b)(3) of the Internal Revenue Code. Accordingly, income of the Plan is exempt from federal taxes under the provisions of Section 501(a). Subsequently, on August 23, 2002, the plan as restated for GUST was submitted to the Internal Revenue Service for a determination letter. The IRS issued a favorable determination letter dated April 30, 2003.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
